(a) Overview of the Medicaid Program	The Medicaid program is authorized in Title XIX of the Social Security Act (the Act).
(b) Medicaid eligibility	Vermont provides Medicaid to those who meet the requirements of one of three -eligibility groups:
	<ul> <li>Mandatory categorically needy;</li> </ul>
	Optional categorically needy; and
	Medically needy.
	To be eligible for federal funds, states are required to provide Medicaid coverage for certain groups of individuals. These groups—the mandatory categorically needy—derive from the historic ties to programs that provided federally-assisted income-maintenance payments (e.g., SSI and Aid to Families with Dependent Children). States are also required to provide Medicaid to related groups not receiving cash payments.
	States also have the option of providing Medicaid coverage for other "categorically related" groups. These optional groups share characteristics of the mandatory groups (that is, they fall within defined categories), but the eligibility criteria are somewhat more liberally defined.
	The medically-needy option allows states to extend Medicaid eligibility to additional groups of people. These individuals would be eligible for Medicaid under one of the mandatory or optional groups, except that they do not meet the income or resource standards for those groups. Individuals may qualify immediately or may "spend down" by incurring medical expenses greater than the amount by which their income or resources exceed their state's medically-needy standards. 1
	Vermont also operates health-care programs permitted by a research demonstration waiver authorized under § 1115 of the Social Security Act.
(c) Vermont's Medicaid Program <sup>2</sup>	The Vermont Medicaid program covers all mandatory categories of enrollees. It also offers all mandatory services—general hospital inpatient; outpatient hospital and rural health clinics; other laboratory and x-ray; nursing facility, Early Periodic Screening, Diagnosis and Treatment (EPSDT), and family planning services and supplies; physician's services and medical and surgical services of a dentist; home health services; and nurse-midwife and nurse practitioner services. Vermont includes certain, but not all, optional categories of enrollees. Vermont has also elected to cover certain, but not all, optional services for which federal financial participation is available.
	The scope of coverage for children under the EPSDT provisions of Title XIX is different and more extensive than coverage for adults. The EPSDT provisions of Medicaid law specify that services that are optional for

<sup>&</sup>lt;sup>1</sup> In Vermont, the Medically Needy Income Level is known as the "Protected Income Level," or "PIL."

<sup>&</sup>lt;sup>2</sup> Former Medicaid Rule 4100.

adults are mandatory covered services for all Medicaid-eligible children under age 21 when such services are determined necessary as a result of an EPSDT screen. Specifically, Vermont is required to provide

such other necessary health care, diagnostic services, treatment, and other measures described in subsection (a) of [1396d] to correct or ameliorate defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the State [Medicaid] plan. <sup>43</sup>

A further definition of the scope of EPSDT services is found in 42 USC § 1396d(a)(13) which requires states to provide

other diagnostic, screening, preventive, and rehabilitative services, including any medical or remedial services (provided in a facility, home, or other setting) recommended by a physician or other licensed professional of the healing arts within the scope of their practice under State Law, for the maximum reduction of physical or mental disability and restoration of an individual to the best functional level.

Vermont is authorized to establish reasonable standards, consistent with the objectives of the Medicaid statute, for determining the extent of coverage in the optional categories based on such criteria as medical necessity or utilization control. In establishing such standards for coverage, Vermont ensures that the amount, duration, and scope of coverage are reasonably sufficient to achieve the purpose of the service. Vermont may not limit services based upon diagnosis, type of illness, or condition.

## (b) Vermont CHIP

Vermont utilizes the CHIP program to provide health coverage to uninsured children with household incomes between 237225% and 312300% of the federal poverty level (FPL). The CHIP program is part of the coverage array known as "Dr. Dynasaur." All of the provisions in this rule that apply to the "child" Medicaid coverage group (§ 7.03(a)(3)) apply with equal effect to an individual who is enrolled in CHIP.

(a) In general

Vermont has elected to establish and operate its own Exchange. Vermont Act No. 48 of 2011, "An act relating to a universal and unified health system," established the Vermont health benefit exchange (Vermont Health Connect, VHC). The purpose of VHC is to facilitate the purchase of affordable, qualified health benefit plans by individuals, and small employers in the merged individual and small group markets; and later in the large group market in Vermont in order to reduce the number of uninsured and underinsured; to reduce disruption when individuals lose employer-based insurance; to reduce administrative costs in the insurance market; to contain costs; to promote health, prevention, and healthy lifestyles by individuals; and to improve quality of health care.

Purchasing employer-sponsored coverage through VHC will also qualify certain small employers to receive a federal small business tax credit.

QHPs must provide at least essential health-benefit packages. Such packages must provide a comprehensive set of services, cover at least 60 percent of the actuarial value of the covered benefits, and limit annual cost-sharing to the current law Health Savings Account (HSA) limits.

The Patient Protection and Affordable Care Act of 2010 (ACA) defines four benefit categories of plans plus a separate catastrophic plan. The four comprehensive plans each provide essential health benefits and maintain HSA out-of-pocket limits. Coverage percentages of the benefit costs of the plans (with a de minimus variation of plus or minus 2 percent) are as follows:

Bronze plan: 60 percent.

Silver plan: 70 percent.

Gold plan: 80 percent.

• Platinum plan: 90 percent.

Catastrophic plans are available to individuals up to age 30 or to individuals who are exempt from the federal penalty for not having coverage. These plans provide catastrophic coverage only, with the coverage level set at the HSA current-law levels. Prevention benefits and coverage for three primary-care visits are exempt from the deductible.

(b) Financial assistance through VHCPremium

The ACA also extended new federal health benefits to qualified people who purchase insurance through the Exchange. Eligible individuals who

## Assistance and Cost Sharing Reductions

purchase insurance through VHCthe Exchange may receive federal advance-premium tax credits (APTC) and Vermont premium reductions. Some also qualify for federal and Vermont cost-sharing reductions (CSR).

Refundable and advanceable <u>federal</u> premium tax credits are available to eligible individuals and families with incomes <u>between 100 and up to</u> <u>between 133 and up to</u> 400 percent of the FPL to purchase insurance through <u>VHC-the-Exchange</u>.

The sState will supplement the federal premium tax credits with premium reductions for individuals and families with income at or below 300% of the fFederal pPoverty ILevel.

The federal premium tax credits are tied to the second-lowest-cost silver plan in the area and are setthe amount of credit is based on a sliding scale according to the eligible individual's percentage of household income called "applicable percentage." The applicable percentage is computed by first determining the percentage that the tax filer's taxpayer's household income bears to the Federal poverty line for the tax filer'staxpayer's family size. The resulting Federal poverty line percentage is then compared to the income categories described in the table below (or successor tables). An applicable percentage within an income category increases on a sliding scale in a linear manner and is rounded to the nearest one-hundredth of one percent. For Vermonters with household income up to and including 300% of the FPL and who are eligible for federal premium tax credits, the federal applicable percentage is reduced by 1.5%, such that the premium contributions are limited to the following percentages of income for specified income levels:

250-300 percent FPL: 8.05 - 9.5 percent.

300-400 percent FPL: 9.5 percent.

The premium assistance amount for a coverage month is the lesser of:

- The premiums for the month for one or more QHPsqualified health plans in which the tax filertaxpayer or a member of the tax filer's taxpayer's family enrolls; or
- The amount remaining after taking the second lowest cost silver plan in the eligible individual's area and subtracting the product of the "State Applicable Percentage" (See Table, above) and the eligible individual's monthly household income;

The premium contributions for those receiving subsidies are increased annually to reflect the excess of the premium growth over the rate of income growth for 2014-2018. Beginning in 2019, there will be further adjustment of the premium contributions to reflect the excess of premium growth over consumer price index (CPI) if aggregate premiums and cost-sharing subsidies exceed 0.54 percent of Gross domestic product (GDP).

State premium subsidies will be paid directly to the insurer on a monthly basis.

In addition to premium subsidies, eligible individuals receive federal and state CSRs. The State will supplement the federal CSR for some individuals and families. These subsidies reduce the cost-sharing amounts and annual cost-sharing limits and have the effect of increasing the actuarial value of the basic benefit plan. to the following actuarial values percentages of the full value of the plan for the specified income level:

Grandfathered health plan coverage 43	Coverage provided by a group health plan, or a group or individual health insurance issuer, in which an individual was enrolled on March 23, 2010 (for as long as it maintains that status under federal criteria).
Group health plan <sup>44</sup>	An employee welfare benefit plan to the extent that the plan provides medical care (including items and services paid for as medical care) to employees (including both current and former employees) or their dependents (as defined under the terms of the plan) directly or through insurance, reimbursement, or otherwise.
Health-benefits program <sup>45</sup>	A program or system that is one of the following:

Medicaid and QHP enrollment.

<sup>&</sup>lt;sup>41</sup> 45 CFR § 155.20.

<sup>&</sup>lt;sup>42</sup> 26 CFR § 1.36B-1(h); 42 CFR § 435.4; 45 CFR § 155.410. The Treasury regulations uses the term "FPL" to describe this indicator: "FPL. The FPL means the most recently published poverty guidelines (updated periodically in the Federal Register by the Secretary of Health and Human Services under the authority of 42 USC § 9902(2)) as of the first day of the regular enrollment period for coverage by a QHP offered through an Exchange for a calendar year. Thus, the FPL for computing the premium tax credit for a benefit year is the FPL in effect on the first day of the initial or annual open enrollment period preceding that benefit year. See 45 CFR 155.410." 26 CFR § 1.36B-1(h). For the sake of consistency, AHS has adopted HHS's term for this concept, and uses it throughout this rule.

(d) Right to timely provision of benefits	Eligible individuals have the right to the timely provision of benefits, as defined in § 61.00.		
(e) Right to information	Individuals who inquire have the right to receive information about health benefits, coverage-type requirements, and their rights and responsibilities as enrollees of health-benefits programs or as enrollees in QHPs.		
(f) Right to apply	Any person, individually or er-through an authorized representative or legal representative, has the right, and will be afforded the opportunity without delay, to apply for benefits.		
(g) Right to be assisted by others	<ul> <li>(1) The individual has the right to be represented by a legal representative.</li> <li>(2) The individual has the right to be accompanied and represented by an authorized representative during the eligibility or appeal processes.</li> <li>(3) Upon request by the individual, copies of all eligibility notices and all documents related to the eligibility or appeal process will be provided to the individual's authorized or legal representative.</li> <li>(4) An authorized representative may file an application for health benefits or an appeal on behalf of a deceased person.</li> <li>(5)(4)</li> </ul>		
(h) Right to inspect the case file	An individual has the right to inspect information in their case file and contest the accuracy of the information.		
(i) Right to appeal	An individual has the right to appeal, as provided in § 68.00.		
(j) Right to interpreter services	Individuals will be informed of the availability of interpreter services.  Unless the individual chooses to provide their own interpreter services,  AHS will provide either telephonic or other interpreter services whenever:  (1) The individual who is seeking assistance has limited English proficiency or sensory impairment (for example, a seeing or hearing disability) and requests interpreter services; or  (2) AHS determines that such services are necessary.

(a) Responsibility to cooperate	An individual must cooperate in providing information necessary to establish and maintain their eligibility, and must comply with all rules and regulations, including recovery and obtaining or maintaining available health insurance.	
(b) Responsibility to report changes <sup>78</sup>	(1) An individual must report changes that may affect eligibility. Such changes include, but are not limited to, income, the availability of health insurance, and third-party liability.	
	(2) A Medicaid enrollee must report such changes within 10 days of learning of the change.	
	(3) Except as specified in paragraphs (b)(4) and (5) of this subsection, a QHP enrollee must report such changes within 30 days of such change.	
	(4) A QHP enrollee who did not request an eligibility determination for APTC or CSR, and is not receiving APTC or CSR, need not report changes that affect eligibility for government-sponsored health-benefits programs.	
	(5) An individual, or an application filer on behalf of the individual, will be allowed to report changes via the channels available for the submission of an application, as described in § 52.02.

		(a) AHS's Quality Control (QC) Unit periodically conducts independent reviews of eligibility factors in a sampling of cases. These reviews help to ensure that program rules are clear and consistently applied and that individuals understand program requirements and give correct information in support of their applications for benefits.	
		(b) A random sample of active Medicaid enrollees is chosen each month for a full field review of their eligibility. Each eligibility factor must be verified with the enrollee and with collateral sources.	
		(c) A similar sample of negative actions (e.g., denials, closures, benefit decreases) is also chosen each month. These reviews do not usually require a contact with the individual, although the reviewer may sometimes need to check facts with the individual.	
		(d) When a case is selected for review, the individual must cooperate with the QC representative. Cooperation includes, but is not limited to, participation in a personal interview and the furnishing of requested information. If the individual does not cooperate, eligibility for the individual's household may be closed and the individual members may be disenrolled.	
		(e) When there is a discrepancy between the eligibility facts, as discovered during a QC review, and those contained within the case record, AHS will schedule an eligibility review and take action to correct errors or review the effect of the changes.

(b) Legal consequences	An individual who commits fraud may be prosecuted under Vermont law. If convicted, the individual may be fined or imprisoned or both. Action may also be taken to recover the value of benefits paid in error due to fraud.	
(c) AHS's responsibilities	When AHS suspects that fraud may have been committed, it will investigate the case. If appropriate, the case will be referred to the State's Attorney or Attorney General for a decision on whether or not to prosecute.	
(d) Suspected fraud	The following criteria will be used to evaluate cases of suspected fraud to determine whether they should be referred to a law enforcement agency:	
	(1) Does the act committed appear to be a deliberately fraudulent one?	
	(2) Was the omission or incorrect representation an error or result of the individual's misunderstanding of eligibility requirements or the responsibility to provide information?	
	(3) Did the act result from AHS omission, neglect, or error in securing or recording information?	
	(4) Did the individual receive prior warning from a state employee that the same or similar conduct was improper?	
(e) Examples	The following are examples of instances in which fraud might be suspected and referral considered:	
	(i) The individual accepts and continues paid employment	

<sup>&</sup>lt;sup>81</sup> 33 VSA 141(a)<u>.</u>

<sup>&</sup>lt;sup>82</sup> 33 VSA 141(b)<u>.</u>

	without reporting such employment after having been clearly	
	informed of the necessity of such notification.	
	(ii) The individual fails to acknowledge or report income from	
	pensions, Social Security, or relatives when it is reasonably	
	clear that there was a willful attempt to conceal such income.	
	(iii) The individual disposes of property (either real or personal) and attempts to conceal such disposal.	
	(iv) The individual misrepresents a material fact, such as residency status or dependent relationship or status, in order to receive benefits to which they would not otherwise be eligible.	
	(2) These examples are intended as a guideline; each case will be evaluated individually.	
(f) Methods of investigation	Any investigation of a case of suspected fraud is pursued with the same regard for confidentiality and protection of the legal and other rights of the individual as with a determination of eligibility.	
(g) Review and documentation of investigation	Procedures will be established for review and documentation of a fraud investigation.	
(h) Referral to Law Enforcement Agencies	The final decision regarding referral to a law enforcement agency shall be the responsibility of the <a href="mailto:appropriate">appropriate department's DCF-Cc</a> ommissioner.

	(iii) A child qualifies for this group regardless of whether they continue to live with their mother.
	(iv) This provision applies in instances where the labor and delivery services were furnished prior to the date of application and covered by Medicaid based on retroactive eligibility.
	(v) Exception: A child born to a woman who has not met her spenddown on the day of delivery is ineligible for coverage under this group.
	(vi) There are no Medicaid income or resource standards that apply.
(3) Medicaid identification number	(i) The Medicaid identification number of the child's mother serves as the child's identification number, and all claims for covered services provided to the child may be submitted and paid under such number, unless and until AHS issues the child a separate identification number in accordance with (3)(ii) of this paragraph.
	(ii) AHS will issue a separate Medicaid identification number for the child prior to the effective date of any termination of the mother's eligibility or prior to the date of the child's first birthday, whichever is sooner, unless the child is determined to be ineligible (such as, because the child is not a state resident), except that AHS will issue a separate Medicaid identification number for the child promptly after it is notified of a child under 1 year of age residing in the state and born to a mother whose coverage is limited to services necessary for the treatment of an emergency medical condition, consistent with § 17.02(c).÷

	(II) Obtain health insurance coverage only after a waiting period of uninsurance.
	(ii) An individual woman whose eligibility is based on this group is entitled to full Medicaid coverage; coverage is not limited to coverage for treatment of breast and cervical cancer.
	(iii) Medicaid eligibility for an individual in this group begins following the screening and diagnosis and continues as long as a treating health professional verifies the individual woman is in need of cancer treatment services.
	(iv) There is no waiting period of prior uninsurance before an individual woman who has been screened can become eligible for Medicaid under this group.
(3) Treatment need	An individual is considered to need treatment for breast or cervical cancer if, in the opinion of the individual's treating health professional (i.e., the individual who conducts the screen or any other health professional with whom the individual consults), the screen (and diagnostic evaluation following the clinical screening) determines that:
	(i) Definitive treatment for breast or cervical cancer is needed, including a precancerous condition or early stage cancer, and which may include diagnostic services as necessary to determine the extent and proper course of treatment; and
	(ii) More than routine diagnostic services or monitoring services for a precancerous breast or cervical condition are needed.
(4) Income standard	In order to qualify for screening under (f)(2)(i)(C) above, an individual woman must be determined by BCCEDP to have limited income. (a) In general	Except as otherwise provided in this subsection, an applicable tax filer is a tax filer who expects to have household income, as defined in § 28.05(cb) of at least 100 percent but not more than 400 percent of the FPL for the tax filer's family size for the benefit year.
(b) Married tax filers must file joint return <sup>56</sup>	A tax filer who is married (within the meaning of 26 CFRUSC § 1.7703-1) at the close of the benefit year is an applicable tax filer only if the tax filer and the tax filer's spouse file a joint return for the benefit year.
(c) Tax dependent	An individual is not an applicable tax filer if another tax filer may claim a deduction under 26 USC § 151 for the individual for a benefit year beginning in the calendar year in which the individual's benefit year begins.
(d) Individual not lawfully present or incarcerated 57	An individual who is not lawfully present in the United States or is incarcerated (other than incarceration pending disposition of charges) is not eligible to enroll in a QHP. However, the individual may be an applicable tax filer if a family member is eligible to enroll in a QHP.
(e) Individual lawfully present	An individual is also an applicable tax filer if:  (1) The tax filer would be an applicable tax filer but for income;
	(2) The tax filer expects to have household income of less than 100 percent of the FPL for the tax filer's family size for the benefit year

<sup>54</sup> 26 CFR § 1.36B-2(a)(2) provides that, to <u>be</u> considered an applicable tax filer, the individual must not be eligible for minimum essential coverage "other than coverage described in section 5000A(f)(1)(C)" of the Tax Code. That provision relates to "coverage under a health plan offered in the individual market within a State." 26 USC § § 5000A(f)(1)(C). As individuals can only purchase coverage in Vermont through <u>VHCthe Exchange</u>, 33 V.S.A. § 1811(b), <u>AHS we</u>-interprets this to mean that, to qualify as an applicable tax filer, the individual must not be eligible for minimum essential coverage "other than coverage offered through VHCen the Exchange."

(a) Qualified non-citizens subject to 5-year bar<sup>13</sup>

Non-citizens who enter the United States on or after August 22, 1996, as qualified non-citizens are not eligible to receive Medicaid for five years from the date they enter the country. If they are not qualified non-citizens when they enter, the five-year bar begins the date they become a qualified non-citizen. The following qualified non-citizens are subject to the five-year bar:

- (1) Lawful permanent residents (LPRs);
- (2) Non-citizens granted parole for at least one year;
- (3) Non-citizens granted conditional entry (however, as a practical matter the five-year bar will never apply to such noncitizens, since, by definition, they entered the U.S. and obtained qualified non-citizen status prior to August 22, 1996); and
- (4) Battered non-citizens.

(b) Qualified non-citizens not subject to 5-year bar 14

The following qualified non-citizens are not subject to the five-year bar:

- (1) Refugees;
- (2) Asylees;
- (3) Cuban and Haitian Entrants;15
- (4) Victims of a severe form of trafficking;
- (5) Non-citizens whose deportation is being withheld;
- (6) Qualified non-citizens who are:
  - (i) Honorably discharged veterans;
  - (ii) On active duty in the U.S. military; or
  - (iii) The spouse (including a surviving spouse who has not remarried) or unmarried dependent child of an honorably discharged veteran or individual on active duty in the U.S. Military:

The spouse (including a surviving spouse who has not remarried) or unmarried dependent child of an honorably discharged veteran or individual on active duty in the U.S. Military;

- \_\_Non-citizens admitted to the country as Amerasian immigrants;
- (8) Legal permanent residents who first entered the United States under another exempt category (i.e., as a refugee, asylee, Cuban or Haitian entrant, trafficking victim, or non-citizen whose deportation was being withheld) and who later converted to the LPR status.
- (9) Haitians granted Humanitarian Parole status; and
- (10) Citizens and nationals of Iraq and Afghanistan with Special Immigrant status. 16

(c) Non-citizens not subject to 5-year bar<sup>17</sup>

The five-year bar does not apply to:

- (1) Non-citizens who are applying for treatment of an emergency medical condition only;
- (2) Non-citizens who entered the United States and became qualified non-citizens prior to August 22, 1996; and
- (3) Non-citizens who entered prior to August 22, 1996, and remained "continuously present" in the United States until becoming a qualified non-citizen on or after that date. Any single absence of more than 30 consecutive days or a combined total absence of 90 days before obtaining qualified non-citizen status is considered to interrupt "continuous presence."
  - (i) Non-citizens who do not meet "continuous presence" are subject to the five-year bar beginning from the date they become a qualified non-citizen.
  - ii) Non-citizens do not have to remain continuously present in the United States after obtaining qualified non-citizen

 Non-citizens who do not meet "continuous presence" are subject to the five-year bar beginning from the date they become a qualified non-citizen.

Non-citizens do not have to remain continuously present in the United States after obtaining qualified non-citizen status.

- (4) Members of a Federally-recognized Indian tribe;
- (5) American Indians born in Canada to whom § 289 of the INA applies; and
- (6) Children up to 21 years of age and women during pregnancy and the 60-day postpartum period, who are lawfully residing in the United States and otherwise eligible. This exemption applies only to children in the group defined at § 7.03(a)(3) and pregnant women in the group defined at § 7.03(a)(2). AHS will verify that the child or pregnant woman is lawfully residing in the United States at the time of the individual's initial eligibility determination and at the time of eligibility redeterminations. A child or pregnant woman will be considered to be lawfully residing in the United States if they are:

- (a) Any state agency, including an entity recognized under state law as being under contract with the state for such purposes, that arranges for an individual to be placed in an institution located in another state is recognized as acting on behalf of the state in making a placement. The state arranging or actually making the placement is considered as the individual's state of residence.
- (b) Any action beyond providing information to the individual and the individual's family would constitute arranging or making a state placement. However, the following actions do not constitute state placement:
  - (1) Providing basic information to individuals about another state's Medicaid program and information about the availability of health care services and facilities in another state.
  - (2) Assisting an individual in locating an institution in another state, provided the individual is capable of indicating intent and independently decides to move.
  - (3) When a competent individual leaves the facility in which the individual is placed by a state, that individual's state of residence for Medicaid purposes is the state where the individual is physically located.
  - Where a placement is initiated by a state because the state lacks a sufficient number of appropriate facilities to provide services to its residents, the state making the placement is the individual's state of residence.

(6) Examples 46	The following examples illustrate the provisions of this paragraph (b):
(6) Examples <sup>46</sup>	
•(i) Example 1. Delay in coverage effectiveness	On April 10, 2015, Tax filer D applies for coverage under a government-sponsored health-care program. D's application is approved on July 12, 2015, but her coverage is not effective until September 1, 2015. Under paragraph (b)(1), D is eligible for government-sponsored MEC on September 1, 2015.
(ii) Example 2. Time of eligibility	Tax filer E turns 65 on June 3, 2015, and becomes eligible for Medicare. Under § 5000A(f)(1)(A)(i), Medicare is MEC. However, E must enroll in Medicare to receive benefits. E enrolls in Medicare in September, which is the last month of E's initial enrollment period. Thus, E may receive Medicare benefits on December 1, 2015. Because E completed the requirements necessary to receive Medicare benefits by the last day of the third full calendar month after the event that establishes E's eligibility (E turning 65), under paragraph (b)(1) and (b)(2) of this subsection, E is eligible for government-sponsored MEC on December 1, 2015, the first day of the first full month that E may receive benefits under the program.
(iii) Example 3. Time of eligibility, individual fails to complete necessary requirements	The facts are the same as in Example 2, except that E fails to enroll in the Medicare coverage during E's initial enrollment period. E is treated as eligible for government-sponsored MEC under paragraph (b)(2) of this subsection as of October 1, 2015, the first day of the fourth month following the event that establishes E's eligibility (E turning 65).
(iv) Example 4. Retroactive effect of eligibility	In November 2014, Tax filer F enrolls in a QHP for 2015 and receives APTCs. F loses her part-time employment and on April 10, 2015, applies for coverage under the Medicaid program. F's application is approved on May 15, 2015, and her Medicaid coverage is effective as of April 1, 2015. Under paragraph (b)(4), F is eligible for government-sponsored MEC on June 1, 2015, the first day of the first calendar month after approval.
(v) Example 5. Determination of Medicaid ineligibility	In November 2014, Tax filer G applies to enroll in health coverage for 2015. AHS determines that G is not eligible for Medicaid and estimates that G's household income will be 140 percent of the FPL for G's family size for purposes of determining APTCs. G enrolls in a QHP and begins receiving APTCs. G experiences a reduction in household income during the year and his household income for 2015 is 130 percent of the FPL (within the Medicaid income threshold). However, under paragraph (b)(5), G is treated as not eligible for Medicaid for 2015.

Employees may enroll during an open season from August 1 to September 15. B does not enroll in X's plan for the plan year October 1, 2014, to September 30, 2015. In November 2014, B enrolls in a QHP for calendar year 2015.			
	(B) B could have enrolled in X's plan during the August 1 to September 15 enrollment period. (ii) This paragraph does not apply to a determination made as part of the redetermination process described in § 75.00 unless the individual receiving a redetermination notification affirmatively responds and provides current information on affordability. Only full calendar months are included in the computation under this paragraph.	
(c) Required contribution percentage 60	The required contribution percentage is 9.5 percent. The percentage may be adjusted in published federal guidance for benefit years beginning after December 31, 2014, to reflect rates of premium growth relative to growth in income and, for benefit years beginning after December 31, 2018, to reflect rates of premium growth relative to growth in the consumer price index. C is an employee of Employer X, which offers its employees a health insurance plan that requires C to contribute \$3,450 for self-only coverage for 2014 (7.3 percent of C's household income). Because C's required contribution for self-only coverage (\$3,450) does not exceed 9.5 percent of household income, under paragraph (a)(2) of this subsection, X's plan is affordable for C and J, and C and J are eligible for minimum essential coverage for all months in 2014. It also verifies that D's required contribution for self-only coverage under X's health insurance plan will be \$3,700 (10 percent of household income). Consequently, AHS determines that X's plan is unaffordable. D enrolls in a QHP and not in X's plan. In December 2014, X pays D a \$2,500 bonus. 	(ii) Based on D's actual 2014 household income, D's required contribution does not exceed 9.5 percent of household income and X's health plan is affordable for D. However, when D enrolled in a QHP for 2014, AHS determined that X's plan was not affordable for D for 2014. Consequently, under paragraph (a)(3), X's plan is not affordable for D and D is not eligible for MEC under X's plan for 2014.	
(4) Example 4.  Determination of unaffordability for plan year	The facts are the same as in Example 3, except that X's employee health insurance plan year is September 1 to August 31. AHS determines in August 2014 that X's plan is unaffordable for D based on D's projected household income for 2014. D enrolls in a QHP as of September 1, 2014. (5) Example 5. No affordability information affirmatively provided for annual redetermination.	The facts are the same as in Example 3, except AHS redetermines D's eligibility for APTCs for 2015. D does not affirmatively provide AHS with current information regarding affordability and AHS determines that D's coverage is not affordable for 2015 and approves APTCs based on information from the previous enrollment period. In 2015, D's required contribution for coverage under X's plan is 9.4 percent of D's household income.  (ii) Because D does not respond to AHS's notification and AHS makes an affordability determination based on information from an earlier year, the employee safe harbor in paragraph (a)(3) does not apply. D's required contribution for 2015 does not exceed 9.5 percent of D's household income. Thus, X's plan is affordable for D for 2015 and D is eligible for MEC for all months in 2015. (6) Example 6.  Determination of unaffordability for part of plan year (part-year period)	•(i) Tax filer E is an employee of Employer X beginning in May 2015. X's employee health insurance plan year is September 1 to August 31. E's required contribution for self-only coverage for May through August is \$150 per month (\$1,800 for the full plan year). AHS projects E's household income for purposes of eligibility for APTCs as \$18,000. E's actual household income for the 2015 benefit year is \$20,000.  (ii) Under paragraph (b) of this subsection, whether coverage under X's plan is affordable for E is determined for the remainder of X's plan year (May through August). E's required contribution for a full plan year (\$1,800) exceeds 9.5 percent of E's household income (1,800/18,000 = 10 percent). Although E's actual household income for 2015 is \$20,000 (and E's required contribution of \$1,800 does not exceed 9.5 percent of E's household income), under paragraph (a)(3), X's plan is unaffordable for E for the part of the plan year May through August 2015. Consequently, E is not eligible for MEC under X's plan for the period May through August 2015.	Formattad Outline purphered a lovel 4.
(7) Example 7.    Affordability    determined for part of    a benefit year (part-    year period)	<ul> <li>(i) Tax filer F is an employee of Employer X. X's employee health insurance plan year is September 1 to August 31. F's required contribution for self-only coverage for the period September 2014 through August 2015 is \$150 per month or \$1,800 for the plan year. F does not enroll in X's plan during X's open season but enrolls in a QHP for September through December 2014. F does not request APTCs and does not ask AHS to determine whether X's coverage is affordable for F. F's household income in 2014 is \$18,000.</li> <li>(ii) Because F is a calendar year tax filer and Employer X's plan is not a calendar year plan, F must determine the affordability of X's coverage for the part-year period in 2014 (September-December) under paragraph (b) of this subsection. F determines the affordability of X's plan for the September through December 2014 period by comparing the annual premiums (\$1,800) to F's 2014 household income. F's required contribution of \$1,800 is 10 percent of F's 2014 household income. Because F's required contribution exceeds 9.5 percent of F's 2014 household income, X's plan is not affordable for F for the part-year period September through December 2014 and F is not eligible for MEC under X's plan for that period.</li> <li>(iii) F enrolls in coverage for 2015 and does not ask AHS to approve APTCs or determine whether X's coverage is affordable. (a) Definition: patient share<sup>1</sup>

Once AHS determines that an individual is eligible for MedicaidMABD for long-term care services, it computes how much of their income must be paid to the long-term care provider each month for the cost of their care (this is called the "patient share"). A patient share is computed for an individual in an institution or who qualifies for long-term care services in their home or community-based setting as part of a special income group (§ 8.05) or as medically needy (§ 8.06). An individual's patient share is determined at initial eligibility, eligibility redeterminations, and when changes in circumstances occur.

- (b) Computation of patient share
- (1) An individual's patient share is determined by computing a maximum patient share and deducting allowable expenses. § 24.03 describes how the maximum patient share is determined. § 24.04 describes allowable deductions from the patient share. The actual patient share payable by the individual is the lesser of:
  - The balance of the individual's income remaining after computing the patient share; and
  - (ii) The cost of care remaining after third-party payment.
- (2) In cases in which allowable deductions exceed the individual's income, the patient-share payment is reduced by the deductions, sometimes resulting in no patient-share obligation, for as many months needed to exhaust the deductions against the individual's available income. The month when the remaining deductions no longer exceed the individual's income, the balance is the patient share payment for that month. When monthly income and allowable deductions are stable, the patient-share amount remains constant. When income or allowable deductions fluctuate, the patient-share payment is likely to vary.
- (c) Patient share payment

An individual owes their patient share by the last day of the month in which they receive the income. Payment is made either to the facility in which the individual resided or to the highest-paid provider of long-term care services. Patient-share amounts and payments to long-term care providers may be adjusted when a patient transitions from one setting to another, as specified in § 24.05.

24.02 Long-term care residence period (01/01/2014, 13-4607/15/2014, 14-04P03/31/2014, 14-02E10/01/13, 13-12FP13-36)

<sup>1 42</sup> CFR §§ 435.725, 435.726 and 435.735

(a) In general	A patient share obligation is assessed in the month of admission to long-term care as long as the individual is expected to need long-term care services for a least 30 consecutive days. If long-term care services are expected to be neede for fewer than 30 consecutive days, no patient share is assessed. Instead, the individual's services are covered through <a href="MedicaidMABD">MedicaidMABD</a> other than <a href="MedicaidMABD">MedicaidMABD</a> other than <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services if the individual meets those eligibili rules.
(b) Duration of the long-term care residence period	
(1) Beginning of long- term care residence	
(i) In a general hospita setting	A long-term care residence period in a general hospital setting begins with the first day that the utilization review committee finds acute hospital care is no longer medically necessary and skilled nursing care is medically necessary.
(ii) In other long-term care settings	A long-term care residence period in a long-term care setting, other than a general hospital, begins with the first day that the utilization review committee finds medical need for long-term care or the date of admission, whichever is later.
(2) Ending of long-term care residence period	A long-term care residence period ends with the earliest of:  (i) The individual's date of death;  (ii) The date of the individual's discharge from a long-term care living arrangement (as defined in § 30.01); or  (iii) The last day medical need for long-term care is established by the utilization review committee.
(3) Leave of absence or transfer	A long-term care residence period is not ended by a leave of absence from the current setting (see DVHA Rule 7604.1). A long-term care residence period als continues despite transfer from either:  (i) One long-term care setting to another long-term care setting;  (ii) A general hospital setting (where skilled nursing care has been continuously authorized while awaiting transfer) to another long-term care setting; or  (iii) A long-term care setting to a general hospital setting followed by return to the long-term care setting without an intervening residence period in a community living arrangement (as defined in § 30.01).
(4) Percentage of month in long-term care	The percentage of the month an individual is in long-term care is determined using the appropriate table below.

To determine the maximum patient share, the individual's gross income less allowable deductions as specified in § 24.04 is considered. This is the most that

	an individual enrolled in MedicaidMABD for long-term care services is obliged to pay toward the cost of their long-term care. If an individual was in long-term care for less than a full month, the maximum patient share is multiplied by the applicable percentage in the table set forth in § 24.02.
	ble deductions from patient-share ( <u>01/01/2014, 13-4607/15/2014, 14-</u> 11/2014, 14-02E10/01/13 13-12FP <u>13-36</u> )
(a) Income deductions	When determining the actual patient share payable by an individual, the following are deducted from the individual's gross income:
	<ol> <li>SSI/AABD, AABD only and Reach Up benefit payments still being received when the person first enters long-term care;</li> </ol>
	(2) SSI/AABD payments intended to be used to maintain the community residence of an individual temporarily (not to exceed 3 months) in an institution;
	(3) Austrian Reparation Payments;
	(4) German Reparation Payments;
	(5) Japanese and Aleutian Restitution Payments;
	(6) Payments from the Agent Orange Settlement Fund;
	(7) Radiation Exposure Compensation; and
	(8) VA payments for aid and attendance paid to a veteran residing in a nursing facility or to the veteran's surviving spouse residing in a nursing facility.
(b) Other deductions	The following items are then deducted from the individual's patient share in the following order:
	<ol> <li>A personal-needs allowance (PNA) or community-maintenance allowance (CMA) (see paragraph (c) of this subsection);</li> </ol>
	(2) Home-upkeep expenses, if applicable (see paragraph (d) of this subsection);
	(3) Allocations to a community spouse or maintenance needs of family members living in the community, if applicable (see paragraph (e) of this subsection); and
	(4) Reasonable medical expenses incurred, if applicable (see §§ 30.05 and 30.06). For the purposes of this paragraph (b)(4), "reasonable medical expenses" do not include long-term care received during penalty periods for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services.
	(5) NOTE: Unpaid patient-share obligations may not be used to reduce a current patient share obligation.
(c) Personal-needs allowance and community-	A reasonable amount for clothing and other personal needs of an individual is deducted from their monthly income, as follows:

maintena	nce allowance	(1)	For an individual enrolled in MedicaidMABD for long-term care services in an institutional setting, a standard personal needs deduction (PNA) is applied.
		(2)	For an individual enrolled in <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services in their home or community-based setting, a standard community maintenance deduction (CMA) is applied. (NOTE: Unlike the individual in the institutional setting whose room and board is covered by Medicaid, an individual receiving long-term care services in their home or community-based setting has a higher deduction to provide a reasonable amount for food, shelter, and clothing to meet their personal needs.)
(d) Home-up	keep deduction	(1)	Expenses from the monthly income of an individual enrolled in MedicaidMABD for long-term care services in an institution or receiving enhanced residential care (ERC) services in a residential care home are deducted to help maintain their owned or rented home in the community. This deduction is allowed for six months. It is available for each separate admission to long-term care, as long as the criteria listed below are met. The home-upkeep standard deduction is three-fourths of the SSI/AABD payment level for a single individual living in the community.
		(2)	The home-upkeep deduction is granted when the individual has income equal to or greater than the standard home-upkeep deduction and greater than their PNA. An individual who has less income than the standard home-upkeep deduction may deduct an amount for home upkeep equal to the difference between the individual's income and the PNA.
		(i)	The home-upkeep deduction may be applied at any point during the individual's institutionalization or receipt of ERC services, as the case may be, as long as both of the following criteria for the deduction are met:
		(A	) No one resides in the individual's home and receives an allocation as a community spouse or other eligible family member; and
		(B	) The individual submits a doctor's statement before the six-month deduction period, stating that the individual is expected to be discharged from the institution or ERC setting within six months and to return home immediately after discharge.
		(ii)	If the situation changes during the period the individual is receiving the home-upkeep deduction, the individual's eligibility for the deduction is redetermined. The deduction is denied or ended when:
		(A	) The individual's home is sold or rented;
		(B	) The rented quarters of the individual are given up; or
		(C	) The individual's health requires the long-term care admission period to last longer than six months.
(e) Allocation	ns to family		

(1) In g	eneral	An individual is allowed to allocate their income to certain family members as described in this paragraph.
( )	ocation to mmunity spouse	(A) If an individual receiving MedicaidMABD for long-term care service (the institutionalized spouse) has a spouse living in the community (the community spouse), an allocation may be deducted from the institutionalized spouse's income for the needs of the community spouse. The term "community spouse" applies to the spouse of the institutionalized spouse even if the community spouse is also receiving MedicaidMABD for long-term care services in their home or community-based setting. When one spouse is receiving MedicaidMABD for long-term care services in an institutional sett and the other is receiving MedicaidMABD for long-term care service in their home or community-based setting, the spouse receiving home or community-based services may receive an allocation. When both spouses are receiving home or community-based services, either may allocate to the other.
		(B) "Assisted living" is considered a community setting and not an institutional setting provided that assisted living does not include hour care, has privacy, a lockable door, and is a homelike setting the spouse of an institutionalized spouse is living in an assisted living setting, they are considered a community spouse for purpo of the community spouse income allocation.
		(C) An institutionalized spouse may allocate less than the full amoun the allocation to their community spouse or may allocate nothing The allocation is reduced by the gross income, if any, of the community spouse. A community spouse, as well as an institutionalized spouse, has a right to request a fair hearing on the amount of the allocation.
		(D) The standard community spouse income allocation equals 150 percent of the FPL for two. The actual community spouse income allocation equals the standard allocation plus any amount by whi actual shelter expenses of the community spouse exceed the standard allocation, up to a maximum amount. The maximum community spouse income allocation equals a maximum provide the federal government each year by November 1st.
		(E) The presumptions set forth below are applied to the ownership interests in income when determining a community spouse's community spouse income allocation unless the institutionalized spouse establishes by a preponderance of the evidence that the ownership interests are other than as presumed.
		(I) Income paid in the name of one spouse is presumed availab only to the named spouse.
		(II) Income paid in the name of both spouses is presumed availad in equal shares to each spouse.
		(III) Income paid in the name of either spouse and any other pers is presumed available to that spouse in proportion to their

	ownership interest.
	(IV) Income paid in the name of both spouses and any other person is presumed available to each spouse in an amount of one-half of the joint interest.
(ii) Allocation to other family members	A deduction from the individual's income is allowed for the following family members unless the countable resources of any such family member exceed \$12,000:
	(A) Any child of either the individual or the individual's spouse under age 18; and
	(B) Any dependent child, parent, or sibling of either the individual or the individual's spouse, as specified in (C) or (D) below. For the purposes of this paragraph, a family member is considered dependent if they meet each of the following three criteria:
	<ul> <li>(I) They have been or will be a member of the household of the individual or their spouse for at least one year;</li> </ul>
	<ul><li>(II) More than one half of their total support is provided by the individual or the individual's spouse; and</li></ul>
	(III) They have gross annual income below \$2,500 or are a child of the individual (or spouse) under age 19 or under age 24 and a full-time student during any five months of the tax year.
	(C) Family members living with the community spouse. When family members live with the community spouse of the individual receiving <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services and living in an institution, the deduction equals the maintenance income standard reduced by the gross income of each family member and divided by three. The resulting amount is the maximum allocation that may be made to each family member.
	(D) Family members not living with the community spouse. When family members do not live with the community spouse of the individual receiving MedicaidMABD for long-term care services and living in an institution, the deduction equals the applicable PIL for the number of family members living in the same household, reduced by the gross income, if any, of the family members in the household.
	(E) NOTE: The family members described above may be required to apply for SSI, AABD or Reach Up, as long as this would not disadvantage them financially.

(a) In general	An individual receiving long-term care sometimes moves from one setting to another, such as from one nursing facility to another or from a nursing facility to a hospital and back to the same or another nursing facility. The patient share must be paid toward the cost of the individual's care from income received by the individual during each month of a continuous period of receiving <a href="Medicaid">Medicaid</a> MABD for long-term care services. As a general rule, the provider giving long-term care

	services to the individual on the last day of the preceding month sends the individual a bill for the individual's share of the cost for that month. Payment is made to an institution if the individual was receiving MedicaidMABD for long-term care services in the institution on the last day of the preceding month. Payment is made to the highest-paid provider of long-term care services if the individual was receiving MedicaidMABD for long-term care services in their home or community-based setting on the last day of the preceding month. If payment of a patient share results in a credit to the provider, then the provider sends the excess to AHSDVHA. Exceptions to this rule are specified in the paragraphs below.
(b) Hospital admission from nursing facility	An individual receiving <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services who is hospitalized remains enrolled in <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services, and their patient share amount is not redetermined. Payment of the patient share is allocated to the providers as follows:
(1) Acute care	The patient share is paid directly to AHSDVHA when the individual is hospitalized and receiving acute hospital care on the last day of the month preceding the month in which income is received. Failure to pay the patient share may result in closure of the individual's MedicaidMABD for long-term care services eligibility.
(2) Long-term care	The patient share is paid to the hospital when the individual is hospitalized and receiving MedicaidMABD for long-term care services in the hospital on the last day of the month preceding the month in which income is received.
(c) Transfer from waiver services to nursing facility	
(1) Respite services	The patient share amount is not adjusted when an individual receiving <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services in their home or community-based setting enters an institution for respite services. The patient share is paid to the highest-paid provider of the long-term care services, even if the individual is in an institution on the last day of the month.
(2) Other services	AHS adjusts the patient share amount when an individual receiving MedicaidMABD for long-term care services in their home or community-based setting_enters an institution for services other than respite services and has been in the institution for a full calendar month. The patient share is paid to the institution since the individual was receiving MedicaidMABD for long-term care services in an institution on the last day of the month.
(d) Discharge from nursing facility to waiver services	The patient share amount is adjusted when an individual is in an institution for more than one full calendar month and discharged to their home or community-based setting. After the patient-share amount is redetermined using the community maintenance allowance (see § 24.04(c)), the first month's patient share is paid to the institution because the individual resided in the institution on the last day of the previous month. Thereafter, the patient share it is paid to the highest paid provider.
(e) Discharge from long-term care	All income an individual receiving MedicaidMABD for long-term care services receives during the month they are discharged from long-term care and any month after discharge when the individual leaves a long-term care living arrangement (see § 30.01) is excluded. A long-term care provider must refund any patient-share payment made by an individual when the individual pays their patient share from income received in the month of their discharge.

(f) Termination of eligibility for long-term care	An individual receiving <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services becomes fully responsible for the total cost of any care they receive when they remain institutionalized after a medical-review team decision that they no longer need skilled nursing or intermediate care, or they become ineligible for other reasons. The individual's responsibility begins after the effective date of the review team's decision. An individual usually must pay in advance for such care as a privately-paying patient. They incur no patient share obligation for the calendar month that the review team's decision takes effect. A long-term care provider must credit payment toward the cost of private care furnished after the effective date of the review team's decision to end <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services when an individual receiving <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services has already paid their patient share to the provider during the calendar month the review team's decision takes effect.
(g) Patient share in the month of death	Income received during the calendar month of the death of an individual receiving MedicaidMABD for long-term care services is counted and applied to the cost of the care the individual received during the prior month. For example, if the individual dies on June 26 <sup>th</sup> , the patient-share payment from income they received during June is due for care provided in May. If the individual dies on July 1 <sup>st</sup> , the patient-share payment from income they received during July is due for care provided in June.

(a)	AHS determines whether transfers of income or resources made by an individual requesting MedicaidMABD for long-term care services, or by any member of their financial responsibility group (as defined in § 29.03), are allowable transfers under the rules set forth in this section. This section applies to individuals who are in institutions or who qualify for services in their home or community-based setting as part of the special income group (see § 8.05) or as medically needy (see § 8.06). This section also applies to the spouses of individuals in institutions or who qualify for long-term care services in their home or community-based setting as part of the special income group or as medically needy. If AHS determines that a transfer is not allowable, the individual requesting MedicaidMABD for long-term care services will not be eligible for such coverage until a penalty period has expired. The start date of the penalty period is based on when the individual would, but for the disallowed transfer, be otherwise eligible for MedicaidMABD for long-term care services, as explained in more detail in this section. The duration of the penalty period is based on the value of the disallowed transfer.
(b)	AHS makes determinations concerning transfers occurring before the individual requests <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services as part of its determination of the individual's initial eligibility. Once AHS has determined that a transfer is disallowed and has established a penalty period that transfer is not reconsidered unless AHS obtains new information about the transfer. If, after the initial determination, AHS discovers that the individual made an additional transfer (or transfers), AHS also determines whether the additional transfer (or transfers) is allowable, whether the date of the additional transfer (or transfers) is before or after the initial determination, and establishes a penalty period (or periods) as required. If the individual requesting <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services

	has a community spouse, after the month in which the individual is determined eligible for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services, no resources of the community spouse shall be determined available to the individual (the institutionalized spouse). Accordingly, no transfers by the community spouse after the initial month of the institutionalized spouse's eligibility are considered for purposes of the institutionalized spouse's ongoing eligibility.
(c)	§ 25.03 specifies the criteria for allowable transfers, to which no penalty period applies, effective for all initial determinations of eligibility for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services and all redeterminations. No other transfers are allowable.
25.02 Definition 12FP13	ons ( <u>01/01/2014, 13-4607/15/2014, 14-04P</u> 03/31/2014, 14-02E <mark>10/01/13 13- -36</mark> )
(a) Transfer of income or resources	For the purposes of this section, a transfer of income or resources is any action taken by an individual requesting <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services or by a member of the individual's financial responsibility group (as defined in § 29.03) or by any other person with lawful access to the income or resources that disposes of the individual's or member's income or resources. The date of the transfer is the date the action was taken. It also applies to certain income and resources to which the individual or member is entitled but does not have access because of an action taken by:  (1) The individual or member of the financial responsibility group entitled to the income or resources;  (2) A person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or member entitled to the income or resources; or  (3) A person, including a court or administrative body, acting at the direction or upon the request of the individual or member entitled to the income or resources.
(b) Fair market value	Unless otherwise specified, <u>fair market value is</u> an amount equal to the price of an item on the open market in the individual's locality at the time of a transfer, or contract for sale, if earlier.
	ole transfers ( <u>01/01/2014, 13-4607/15/2014, 14-04P</u> 03/31/2014, 14- 01/13 13-12FP <u>13-36</u> )
(a) Transfers for fair-market value – in general	No penalty period is applied to income or resources transferred for fair market value.
	AHS determines whether an individual, or a member of the individual's financial responsibility group, as the case may be, received fair market value for a transfer of income or resources by determining the difference, if any, between the fair market value of the income or resource reduced by any applicable deductions at the time of the transfer and the amount received for the income or resource. Any of the following deductions may be used to reduce fair market value:  (1) The amount of any legally enforceable liens or debts against the
	transferred income or resource at the time of transfer that reduced the transferor's equity in the income or resource;

	(2) The reasonable and necessary costs of making the sale or transfer;
	(3) The value of income or resources received by the transferor in exchange for the transferred income or resources;
	(4) The value of income or resources returned to the transferor; and
	(5) The following verified payments or in-kind support given to or on behalf of the transferor as compensation for receipt of the income or resources by the person who received the income or resources:
	(i) Personal services;
	(ii) Payments for medical care;
	(iii) Funeral expenses of the individual's deceased spouse;
	(iv) Taxes, mortgage payments, property insurance, or normal repairs, maintenance and upkeep on the transferred property; or
	(v) Support and maintenance (e.g., food, clothing, incidentals, fuel and utilities) provided in the transferor's own home or in the home of the person who received the income or resources from the transferor.
(b) Receipt of fair market value after the date of the transfer	If the value of a transferred resource is scheduled for receipt after the date of transfer, it is considered a transfer for fair market value only if the transferor can expect to receive the full fair-market value of the resource within their expected lifetime. Expected lifetime is determined as follows:
(1) When institutionalized individual is transferor	Expected lifetime of the institutionalized individual is measured at the time of the transfer as determined in accordance with actuarial publications of the Office of the Chief Actuary of the SSA (http://socialsecurity.gov/OACT/STATS/table4c6.html) and set forth in Vermont's Medicaid Procedures Manual.
(2) When spouse of institutionalized individual is transferor	Expected lifetime of the spouse of the institutionalized individual is measured at the time of the transfer as determined in accordance with actuarial publications of the Office of the Chief Actuary of the SSA) (http://socialsecurity.gov/OACT/STATS/table4c6.html) and set forth in Vermont's Medicaid Procedures Manual.
(3)	Pursuant to the authority granted in Vermont Act 71 § 303(7)(2005), AHS may develop alternate actuarial tables that will be consistent with federal law and adopted by rule.
(c) Transfers for less than fair- market value – in general	A penalty period is not imposed for a transfer made by an individual or by a member of the individual's financial responsibility group (as defined in § 29.03) for less than fair market value that meets one or more of the following criteria:
(1) Time of transfer – beyond look-back period	The date of the transfer was more than 60 calendar months prior to the first month in which the individual both requests MedicaidMABD for long-term care services and meets all other requirements for eligibility.

(3) Property transferr of a person not in financial responsi group  (4) Transfer of resou for a purpose other	the bility member's) name from a joint account in a financial institution, and the individual (or member) has demonstrated, to AHS's satisfaction, that the funds in the account accumulated from the income and resources of another owner who is not the individual (or the member).  The transferor has documented to AHS's satisfaction convincing evidence that the resources were transferred exclusively for a purpose other than for the individual to become or remain eligible for MedicaidMABD for long-term care

	(iii) A diagnosis of a previously undetected disabling condition leading to the individual's <u>Medicaid MABD</u> for long-term care services eligibility was made after the date of the transfer.
(5) Transfers of spec property for the benefit of certain family members	The transfer meets the criteria specified below for transfers involving trusts (see paragraph (d)), transfers of homes (see paragraph (e)), and transfers for the benefit of certain family members (see paragraph (g)).
(6) Intent to transfer fair market value	The transferor has demonstrated to AHS's satisfaction that they intended to dispose of the income or resources either at fair market value, or for other valuable consideration.
(7) Transfer of excluding income or resource	()
income of resource	(ii) Penalties are imposed for the transfer for less than fair market value of any asset considered by the SSA's SSI program to be countable or excluded. For example, transfer of a home or of the proceeds of a loan are both subject to penalty.
(d) Allowable transfers involving trusts	A penalty period is not imposed for transfers involving trusts that meet one or more of the following criteria:
	(1) The income or resources were transferred to an irrevocable trust that does not under any circumstances allow disbursements to or for the benefit of the individual-, and the date of the transfer was more than 60 calendar months prior to the first month in which the individual requests <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services.
	(2) The action that constituted the transfer was the establishment of a trus solely for the benefit of a person under age 65 who is blind or permanently and totally disabled.

	(3) The action that constituted the transfer was the establishment of a pooled trust, specified at subsection 29.08(e)(1)(G), unless the individual was age 65 or older when they established the trust. If so, the transfer is not exempted from the imposition of a transfer penalty period.
	(4) The action that constituted the transfer was the establishment of a revocable trust. However, AHS considers any payment from the revocable trust to anyone other than the individual or a member of their financial responsibility group a transfer for less than fair-market value subject to penalty unless the payment is for their benefit.
(e) Allowable transfers of homes to family members	A penalty period is not imposed for the transfer of a home that meets the definition at 29.08(a)(1) provided that title was transferred by the member of the financial responsibility group who is requesting <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services to one or more of the following persons:
	(1) The member's spouse;
	(2) The member's child who was under age 21 on the date of the transfer;
	(3) The member's son or daughter who is blind or permanently and totally disabled, regardless of age;
	(4) The brother or sister of the member requesting MedicaidMABD for long-term care services, when:
	(i) The brother or sister had an equity interest in the home on the date of the transfer; and
	(ii) Was residing in the home continuously for at least one year immediately prior to the date the member began to receive <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services, including long-term care services in the individual's home or community-based setting; or
	(5) The son or daughter of the member requesting MedicaidMABD for long-term care services, provided that the son or daughter:
	(i) Was residing in the home continuously for at least two years immediately prior to the date the member (parent) began receiving <u>MedicaidMABD</u> for long-term care services, including services in the individual's home or community-based setting; and
	<ul> <li>(ii) Provided care to the member during part or all of this period that allowed the member to postpone receipt of <u>MedicaidMABD</u> for long- term care services.</li> </ul>
(f) Allowable transfers involving life-estate	A penalty period is not imposed for the purchase of a life-estate interest in another person's home when:
interests in another individual's home	(1) It is the purchaser's residence; and
	(2) The purchaser resides in the home for a period of at least one year after the purchase.

(g) Other allowable transfers to family members	A penalty period is not imposed for transfers to certain family member that meet any of the following criteria:		
	(1) The transfer was for the sole benefit of the individual requesting <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services.		
	(2) The income or resource was transferred by an institutionalized spouse to their community spouse before the initial determination of the institutionalized spouse's eligibility for MedicaidMABD for long-term care services. This also applies to a transfer made to a third party for the sole benefit of the community spouse.		
	(3) The income or resource was transferred to the individual's son or daughter who is blind or permanently and totally disabled or to a trust for the sole benefit of such son or daughter regardless of their age.		
(h) Transfers involving annuities			
(1) In general	(i) Purchases. Any annuity purchased by the individual or, if married, their community spouse on or after February 8, 2006, must name Vermont Medicaid as the first remainder beneficiary of the annuity up to the amount of MedicaidMABD payments, including payments for MedicaidMABD for long-term-care services, made by the state on behalf of the individual. In cases where a minor or disabled child or a community spouse is named as a remainder beneficiary ahead of the state, Vermont Medicaid must be named as the secondary remainder beneficiary. If Vermont Medicaid is not named as a remainder beneficiary in the correct position, the purchase of the annuity is considered a transfer for less than fair market value. When Vermont Medicaid is a remainder beneficiary of an annuity, the issuers of the annuityies is are required to notify Vermont Medicaid of any changes in the disbursement of income or principal from the annuity as well as any changes to the state's position as remainder beneficiary.		
	(ii) Annuity-related transactions other than purchases. In addition to the purchase of an annuity, certain transactions with respect to an annuity that occur on or after February 8, 2006, make an annuity, including one purchased before that date, subject to the provisions of this paragraph. Such transactions include any action taken by the individual or, if married, their community spouse that changes the course of payments to be made by the annuity or the treatment of the income or principal of the annuity. Routine changes and automatic events that do not require any action or decision are not considered transactions that would subject the annuity to this treatment.		
(2) Additional requirements	(i) In addition to the requirement under paragraph (h)(1) that Vermont Medicaid be named as a remainder beneficiary in the correct position in order for the purchase of an annuity by the individual or, if married, their community spouse to not be considered a transfer for less than fair market value, if the purchase of the annuity is by the individual requesting Medicaid MABD for long-term care services, the purchase

	must also meet one or more of the four alternatives described below in order for it to not be subject to a transfer penalty. To determine that an annuity is established under any of the various provisions of the Code that are referenced in (iii) and (iv) below, AHS relies on verification from the financial institution, employer or employer association that issued the annuity. The burden of proof is on the individual to produce this documentation. Absent such documentation, AHS considers the purchase of the annuity a transfer for less than fair-market value and, as such, subject to a penalty.			
(ii)	The four alternatives are as follows:			
(A)	The annuity meets the provisions of §§ 29.08(d)(1) or 29.09(d)(1).			
(B)	The annuity is:			
	(I) Irrevocable and nonassignable;			
	<ul><li>(II) Provides for payments to the individual in equal intervals and equal amounts with no deferral and no balloon payments made;</li></ul>			
	(III) Is actuarially sound because it does not exceed the life expectancy of the individual, as determined using the actuarial publications of the Office of the Chief Actuary of the SSA		5:110 1 01	
	(http://socialsecurity.gov/OACT/STATS/table4c6.html) and set forth in Vermont's Medicaid Procedures Manual; and		Field Code Changed	
	(IV) Returns to the individual at least the amount used to establish the contract and any additional payments plus earnings, as specified in the contract.			
(iii)	The annuity is considered either:			
(A)	An individual retirement annuity (according to § 408(b) of the Code), or			
(B)	A deemed Individual Retirement Account (IRA) under a qualified employer plan (according to § 408(q) of the Code).			
(iv)	The annuity is purchased with proceeds from one of the following:	 	Formatted: Font: Not	Italic
(A)	A traditional IRA (§ 408(a) of the Code);			
(B)	Certain accounts or trusts which are treated as traditional IRAs (§ 408(c) of the Code);			
(C)	A simplified retirement account (§ 408 (p) of the Code);			
(D)	A simplified employee pension (§ 408 (k) of the Code); or

(i) Allowable transfers involving promissory notes and other income-producing resources	<ul> <li>(1) Promissory notes or similar income-producing resources (contracts) are assessed a transfer penalty based on their fair market value unless they:</li> <li>(i) Have a repayment term that is actuarially-sound as determined in accordance with actuarial publications of the Office of the Chief Actuary of the SSA (http://socialsecurity.gov/OACT/STATS/table4c6.html) and set forth in Vermont's Medicaid Procedures Manual;</li> <li>(ii) Provide for payments to be made in equal amounts during the term of the loan, with no deferral and no balloon payments made; and</li> <li>(iii) Prohibit the cancellation of the balance upon the death of the lender.</li> <li>(2) Fair market value equals the amount of money used to establish the contract and any additional payments used to fund it, plus any earnings and minus any payments already received as of the date of the application for MedicaidMABD for long-term care services.</li> </ul>
(j) Transfers involving jointly- owned income or resources	···
(1) Joint-ownership established on or after January 1, 1994	For any joint-ownership established on or after January 1, 1994, the portion of the jointly-owned asset subject to the imposition of a penalty period is evaluated based on the specific circumstances of the situation. The individual is presumed to own a jointly-owned resource using the rules in § 29.09. In the case of a jointly-owned account in a financial institution, for example, since the account is presumed to be owned entirely by the individual (see § 29.09(c)(5)(ii)), a transfer penalty is imposed against the individual for any amount withdrawn from the account by another joint owner on the account. The individual may rebut the presumption of ownership by establishing to AHS's satisfaction that the amount withdrawn was, in fact, the sole property of and contributed to the account by the other joint owner (or owners), and thus did not belong to the individual.
(2) Joint-ownership established before January 1, 1994	For a joint ownership established before January 1, 1994, the date of the transfer is the date the other person (or persons) became a joint owner. The value of the transfer equals the amount that the resource available to the individual or, if married, the individual's spouse was reduced in value when the other person (opersons) became a joint owner.

(a) Definition: Otherwise eligible	(1) For purposes of determining the start date of the penalty period because of disallowed transfers, an individual is considered "otherwise eligible" for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services as of the earliest date they pass all eligibility criteria in the sequence listed below. They must also meet each of these criteria in any month for which they request retroactive eligibility:

	(i) Clinical criteria (see definition of long-term care in § 3.00).
	(ii) Citizenship and identity criteria (§ 17.00).
	(iii) Category (§§ 8.05 and 8.06).
	(iv) Residency (§ 21.00)
	(v) Living arrangements (§ 20.00).
	(vi) Resources (§ 29.07).
	(vii) Income (§ 29.11) (for anyone with gross income above the IIS, see explanation below).
	(2) When an individual's income exceeds the IIS, the individual must spend down to the applicable PIL in the month of application or the next month. An individual with a penalty is subject to the penalty period start date beginning on the date the spenddown is met. If the spenddown is not met in the month of application or the next month, the individual is denied <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services. AHS then determines whether the person is eligible for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services). If so, it assesses a 6-month spend down.
	(3) Examples:
	(i) The individual applies in June and requests retroactive coverage as of April. The individual meets all eligibility criteria but their gross countable income exceeds the IIS and they have transfers that will result in a 38 day penalty period. The spenddown period is April – September. The individual meets their spenddown on April 23 <sup>rd</sup> . April 23 <sup>rd</sup> is the date the individual is considered to be "otherwise eligible." Their penalty period would be April 23 <sup>rd</sup> – May 30 <sup>th</sup> .
	(ii) Same case as in (i), but no retroactive coverage is requested. The spenddown period is June-November. The spenddown is met June 23 <sup>rd</sup> . June 23 <sup>rd</sup> is the date the individual is considered to be "otherwise eligible." The penalty period is June 23 <sup>rd</sup> – July 30 <sup>th</sup> .
(b) Penalty period – in general	If a transfer is disallowed, a penalty period of restricted Medicaid coverage to an otherwise eligible individual is imposed. During this period, no payments are made for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services. Payments are made for all other covered Medicaid services provided to the individual during the period of restricted coverage.
(c) Penalty date	
(1) Transfers made in a single month	The penalty date is the beginning date of each penalty period imposed for a disallowed transfer. The penalty date starts on the first day in which the individual would have been otherwise eligible for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services (see paragraph (a) of this subsection for explanation of "otherwise eligible").

(2)	Transfers occurring in different months	Penalty periods run consecutively rather than concurrently, in the order in which the transfers occurred. If, after establishing a penalty period for disallowed transfers, it is determined that additional disallowed transfers were made in a subsequent month but before the end of the first penalty period, the first day following the end of the first penalty period will be designated as the penalty date for the subsequent penalty period.
(d) Per	nalty period	
(1)	Calculation of penalty	The number of days in a penalty period are equal to the total value of all disallowed transfers made during a given calendar month divided by the average daily cost to a privately-paying patient of nursing facility services in the state as of the date of application or the date of discovery, if additional disallowed transfers are discovered after the initial determination of eligibility for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services.
(2)	Transfers in different calendar months	Penalty periods for transfers in different calendar months are consecutive and established in the order in which the disallowed transfers occurred.
(3)	Continuous nature of penalty period	A penalty period runs continuously from the first date of the penalty period, even if the individual stops receiving long-term care services.
spo <u>Me</u>	nalty when both uses request dicaidMABD for long- n care	
(1)	In general	The following rules are applied to the assignment of penalty periods when both members of a couple are requesting or receiving Medicaid MABD for long-term care services.
(2)	Spouses eligible at same time	For spouses determined otherwise eligible for MedicaidMABD for long-term care services at the same time, the value of the disallowed transfer is divided by two to determine the number of days of restricted coverage for each member of the couple.
(3)	Penalty period for one spouse is running at the time the other requests <u>MedicaidMABD</u> for long-term care	If the penalty period established for one member of the couple has not yet expired when the other member of the couple requests and is determined otherwise eligible for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services, the number of days remaining in the penalty period is divided by two to determine the number of days of restricted coverage for each member of the couple.
(4)	Death of a spouse during penalty period	When the member of the couple for whom a penalty period has been established dies, the days remaining in that member's penalty period are not reassigned to their spouse if the spouse requests and is determined otherwise eligible for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services.
(5)	Penalty periods for transfer by second spouse to request MedicaidMABD for long-term care	When a penalty period is established for a disallowed transfer by the second member of the couple to request and be determined otherwise eligible for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services, that penalty period is assigned to the spouse who made the transfer provided that it was made after the determination of disallowed transfers for the first spouse.

25.05 Undue Hardship ( <u>01/01/2014, 13-4607/15/2014, 14-04P03/31/2014, 14-02E</u> 10/01/13 13-12FP13-36)		
(a) In general	AHS does not establish a penalty period resulting from a disallowed transfer when it determines that restricted coverage will result in an undue hardship. Undue hardship is considered only in cases where AHS has first determined that a transfer has been made for less than fair market value and that no transfer exception applies (see § 25.03).	
(b) Definition: Undue hardship	(1) For purposes of this subsection, undue hardship means deperiving the individual of:      (i) Medical care, such that the individual's health or life would be	
	endangered; or	
	(ii) Food, clothing, shelter, or other necessities of life.	
	(2) Undue hardship does not exist when the application of a transfer penalty merely causes an individual or the individual's family member(s) inconvenience or restricts their lifestyle. Undue hardship does not exist when the individual transferred the assets to their community spouse and the community spouse has countable or excluded resources in excess of the community spouse resource allocation (CSRA) standard (§ 29.10(e)).	
(c) Undue hardship reasons	In determining the existence of undue hardship, all circumstances involving the transfer and the situation of the individual are considered. Undue hardship is established when one or more of the following circumstances, or any other comparable reasons, exist:	
	(1) Whether imposition of the transfer penalty would result in the individual's immediate family qualifying for SSI; Reach Up; AABD; General Assistance; 3SquaresVTs; or another public assistance program requiring a comparable showing of financial need.	
	(2) Whether funds can be made available for the individual's long-term care only if assets such as a family farm or other family business are sold, and the assets are the primary source of income for the individual's spouse, parents, children or siblings.	
	(3) Whether an agent under a power of attorney (POA) or a guardian of the individual transferred the asset, and the POA or guardian was not acting in the best interest of the individual when the transfer was mad as determined by AHS or a court, or the transfer forms the basis for a report to AHS for investigation of abuse, neglect or exploitation.	
	(4) Whether the individual was deprived of an asset by exploitation, fraud or misrepresentation. Such claims must be documented by official police reports or civil or criminal action against the alleged perpetrator or substantiated by AHS or by a sworn statement to AHS attesting to the fact that the claim was reported to the police or to the AHS department responsible for substantiating such claims.	
	(5) Whether the individual cannot recover the assets due to loss, destruction, theft, or other similar circumstances.	

(d)	Authority of provider to file request for individual	For the purposes of this subsection, a long-term care provider may, with the consent of the individual or the personal representative of the individual, file a request for undue hardship on behalf of the individual.	
(e) Presumption of care and rebuttal of presumption	(1) Presumption. When the transfer is to a person, AHS presumes the recipient of the transferred asset could make arrangements for the individual's care and the care of dependent family members up to the value of the transfer unless the evidence submitted indicates that the is no reasonable way that the person can make any of these arrangements. The facts and verification required to determine if the recipient of the transferred asset can make other arrangements to pa or provide the care of the individual, or to provide for the needs of financially-dependent family members, may include the following, if applicable:		
		(i) A copy of the tax return for the preceding calendar year;	
		(ii) All earnings pay stubs for the past 12 months;	
		<ul> <li>(iii) All bank books, stocks, bonds, certificates, life insurance policies (e bank books must include those before and after receipt of the transferred resource); and</li> </ul>	
		(iv) All documents associated with the proceeds of the transferred asse which will show the value of any purchase of new assets from the sale proceeds of the transferred asset.	
		(v) When the transfer is made to a relative who is a minor, a family member with financial responsibility for the minor must be asked to provide the required facts and verification.	
		(2) Rebuttal. If the individual rebuts the presumption and shows there is reasonable way that the recipient of the transferred asset can make arrangements for the individual's care and the care of dependent family members up to the value of the transfer, AHS will consider whether the individual has exhausted all reasonable efforts to meet their needs from other available sources. This includes whether the individual has exhausted all reasonable efforts to obtain return of the asset transferred, and demonstrated that efforts to obtain return of th asset or adequate compensation would probably not succeed. AHS take into consideration all excluded and countable assets above the protected resource standard and income above the monthly maintenance needs allowance. Burial funds (§ 29.08(c)) and the individual's principal place of residence (§ 29.08(a)(1)) will continue to be excluded.	
(f)	Process for reviewing undue hardship requests		
(	(1) Notice of imposition of penalty period	(i) The individual will be informed of the right to request an undue hardship exception through written notice of a penalty period of ineligibility for <u>MedicaidMABD</u> for long-term care services because of an impermissible asset transfer.	

		(ii) The notice will:
		(A) Specify the factual and legal basis for the imposition of the penal and
		(B) Explain how the individual may request an undue hardship exception.
(2)	Timing of exception request	An individual may request an undue hardship exception within 20 days of receiving notification of the transfer penalty.
(3)	Application requirements	To request an undue hardship exception, the individual must submit documentation supporting their claim of undue hardship.
(4)	Standard of proof	Undue hardship is established when the individual demonstrates by a preponderance of the evidence that denial of MedicaidMABD for long-term services will cause actual and not merely possible undue hardship.
(5)	Nature of available relief	If the individual establishes undue hardship, AHS may waive all or a portion the penalty period.
(6)	Notice of decision on request	A notice of decision on the undue hardship exception request will be issued within 10 business days of receipt of all information determined by AHS as needed to evaluate the request. The notice will be in writing and will inform the individual of the right to request a fair hearing to appeal the decision.
(7)	Notice of decision on MedicaidMABD for long-term care eligibility	If no request for an undue hardship exception is received within 20 days after notification of the transfer penalty, or if the request is denied, an eligibility determination will be issued specifying the applicable penalty period. If the individual is enrolled in <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services, the notice will include the date of the <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services termination and the right to request a fair hearing and continuing benefits.
(8)	Exception: Request made within request for fair hearing	When an individual makes a request for an undue hardship exception for first time at the same time they are requesting a fair hearing, the individual must raise all claims and submit all evidence permitting consideration of the undue hardship exception at least 10 business days in advance of the fair hearing. The undue hardship request must then be referred to Al for consideration. AHS will then inform the fair hearings entity of its decision the request within 10 business days of receiving it.
(9)	Exception: Request made during penalty period on the basis of changed circumstances	A request for an undue hardship exception may be filed at any time during a penalty period if new circumstances leading to undue hardship arise during the duration of the penalty period. If granted, the request will be prospective from date of the request.
(10)	Limitation on obligation to pay for long-term care services during penalty period	The state has no obligation to pay for an individual's long-term care during the individual's penalty period unless an undue hardship exception has been grad or the individual prevails at a fair hearing.
	Extension of time	The time periods specified in this paragraph (f) may be extended if AHS

	period	determines that extenuating circumstances require additional time.

(a) Definition: Tax dependent	For purposes of MAGI-based Medicaid, the term "tax dependent" has the same meaning as the term "dependent" under § 152 of the Code, and also includes an individual for whom another individual claims a deduction for a personal exemption under § 151 of the Code for the benefit year. <sup>4</sup>
(b) Basic rule <sup>5</sup> Except as specified in paragraphs (h), (i), and (j) of this subsection financial eligibility for MAGI-based Medicaid is determined base household income, as defined in paragraph (c) of this subsection	
(c) Household income <sup>6</sup>	
(1) General rule	Except as provided in paragraphs (c)(2) through (c)(4) of this subsection, household income for MAGI-based Medicaid is the sum of the MAGI-based income, as defined in paragraph (d) of this subsection, of every person included in the individual's household, as defined in paragraph (e) of this subsection.
(2) Income of children and tax dependents	(i) The MAGI-based income of a person who is included in the household of their natural, adopted, or stepparent, and is not expected to be required to file a federal tax return <sup>7</sup> for

(ii) The MAGI-based income of a tax dependent described in paragraph (e)(3)(i) of this subsection (individual other than a spouse or child who expects to be claimed as a tax dependent by another tax filer) who is not expected to be required to file a federal tax return <sup>8</sup> for the benefit year in which eligibility for Medicaid is being determined, is not included in the household income of the tax filer whether or not such tax dependent files a federal tax return.  In the case of an individual described in paragraph (e)(3)(i) of this
(0)	support not included	subsection (individual other than a spouse or child who expects to be claimed as a tax dependent by another tax filer), household income does not include cash support provided by the person claiming such individual as a tax dependent.
(4)	Five-percent disregard	Effective January 1, 2014, In determining the eligibility of an individual for Medicaid under the eligibility group with the highest income standard under which the individual may be determined eligible using MAGI-based methodologies, an amount equivalent to 5 percentage points of the FPL for the applicable family size is deducted from household income.
(5)	Sponsored noncitizens	(i) In determining the financial eligibility of a noncitizen who is admitted to the United States on or after August 22, 1996, based on a sponsorship under § 204 of the INA, the income of the sponsor and the sponsor's spouse, if living with the sponsor, must be counted as available to the noncitizen when all four of the conditions set forth in (A) through (D) below are met. The responsibility of a sponsor continues until the noncitizen is naturalized or credited with 40 qualifying quarters of coverage by the SSA (as described in (ii) below). Children and pregnant women who are exempt from the five-year bar pursuant to § 17.03(c)(6) are not subject to these provisions. The four conditions are as follows:
		(A) The sponsor has signed an affidavit of support on a form developed by the United States Attorney General as required by PRWORA to conform to the requirements of § 213A(b) of INA;
		(B) The noncitizen is lawfully admitted for permanent residence, and a five-year period of ineligibility for Medicaid following entry to the United States has ended;
		<ul><li>(C) The noncitizen is not battered; and</li><li>(D) The noncitizen is not indigent, defined as unable to obtain food and shelter without assistance, because his or her</li></ul>

sponsor is not providing adequate support.

- (ii) Qualifying quarters of coverage.
  - (A) A noncitizen is credited with the following qualifying quarters of coverage (as defined under Title II of the Act);
    - All of the qualifying quarters of coverage worked by the noncitizen;
    - (II) All of the qualifying quarters of coverage worked by a parent of such noncitizen while the noncitizen was under age 18; and
    - (III) All of the qualifying quarters of coverage worked by a spouse of such noncitizen during their marriage as long as the noncitizen remains married to such spouse or such spouse is deceased.
  - (B) No qualifying quarter of coverage for any period beginning after December 31, 1996 may be credited to a noncitizen under (II) or (III) above if the parent or spouse, as the case may be, of such noncitizen received any federal meanstested public benefit during the period for which the qualifying quarter of coverage is credited. Federal meanstested benefits for this purpose do not include:
    - (I) Emergency medical assistance;
    - (II) Short-term, non-cash, in-kind emergency disaster relief;
    - (III) Assistance under the National School Lunch Act or the Child Nutrition Act of 1966:
    - (IV) Public health assistance for immunizations or testing and treatment of symptoms of communicable diseases not paid by Medicaid;
    - (V) Payments for foster care and adoption assistance under parts B and E of Title IV of the Act, under certain conditions;
    - (VI) Programs, services or assistance specified by the Attorney General;
    - (VII) Programs of student assistance under Titles IV, V, IX and X of the Higher Education Act of 1965, and Titles III, VII and VIII of the PHS Act;
    - (VIII) Means-tested programs under the Elementary and Secondary Education Act of 1965;
    - (IX) Benefits under the Head Start Act; or

	(X) Benefits under the Job Training Partnership Act.
(d) MAGI-based income <sup>9</sup>	For the purposes of this subsection, MAGI-based income means income calculated using the same financial methodologies used to determine MAGI, with the following exceptions:
	(1) An amount received as a lump sum is counted as income only in the month received.
	(2) Scholarships, awards, or fellowship grants used for education purposes and not for living expenses are excluded from income.
	(3) American Indian/Alaska Native exceptions. The following are excluded from income:
	(i) Distributions from Alaska Native Corporations and Settlement Trusts;
	<ul> <li>(ii) Distributions from any property held in trust, subject to federal restrictions, located within the most recent boundaries of a prior federal reservation, or otherwise under the supervision of the Secretary of the Interior;</li> </ul>
	<ul> <li>(iii) Distributions and payments from rents, leases, rights of way, royalties, usage rights, or natural resource extraction and harvest from:</li> </ul>
	<ul> <li>(A) Rights of ownership or possession in any lands described in paragraph (d)(3)(ii) of this subsection; or</li> </ul>
	<ul> <li>(B) Federally protected rights regarding off-reservation hunting, fishing, gathering, or usage of natural resources;</li> </ul>
	(iv) Distributions resulting from real property ownership interests related to natural resources and improvements:
	(A) Located on or near a reservation or within the most recent boundaries of a prior federal reservation; or
	<ul> <li>(B) Resulting from the exercise of federally-protected rights relating to such real property ownership interests;</li> </ul>
	<ul> <li>(v) Payments resulting from ownership interests in or usage rights to items that have unique religious, spiritual, traditional, or cultural significance or rights that support subsistence or a traditional lifestyle according to applicable tribal law or custom;</li> </ul>
	(vi) Student financial assistance provided under the Bureau of Indian Affairs education programs.

filer	sic rule for tax is not claimed as a dependent	In the case of an individual who expects to file a federal tax return for the benefit year in which an initial determination or renewal of eligibility is being made, and who does not expect to be claimed as a tax dependent by another tax filer, the household consists of the tax filer and, subject to paragraph (e)(6) of this subsection, all persons whom such individual expects to claim as a tax dependent.	
indi	sic rule for viduals claimed as x dependent	In the case of an individual who expects to be claimed as a tax dependent by another tax filer for the benefit year in which an initial determination or renewal of eligibility is being made, the household is the household of the tax filer claiming such individual as a tax dependent, except that the household must be determined in accordance with paragraph (e)(4) of this subsection in the case of:	
		(i) Individuals ether than a spouse or child who expect to be claimed as a tax dependent by another tax filer who is not the individual's spouse or parent;	
		<ul> <li>(ii) Individuals under the age specified under paragraph         (e)(4)(iv) of this subsection who expect to be claimed by         one parent as a tax dependent and are living with both         parents but whose parents do not expect to file a joint         federal tax return; and</li> </ul>	
		(iii) Individuals under the age specified under paragraph (e)(4)(iv) of this subsection who expect to be claimed as a tax dependent by a non-custodial parent. For purposes of this paragraph:	
		<ul> <li>(A) The custodial parent is the parent so named in a court order or binding separation, divorce, or custody agreement establishing physical custody; or</li> </ul>	
		(B) If there is no such order or agreement, or in the event of a shared custody agreement, the custodial parent is the parent with whom the child spends most nights.	
who retu	es for individuals o neither file a tax irn nor are claimed a tax dependent	In the case of an individual who does not expect to file a federal tax return and does not expect to be claimed as a tax dependent for the benefit year in which an initial determination or renewal of eligibility is being made, or who is described in paragraph (e)(3)(i), (e)(3)(ii), or (e)(3)(iii) of this subsection, the household consists of the individual	

	and, if living with the individual:			
	(i) The individual's spouse;			
	(ii) The individual's children under the age specified in (iv) of this paragraph (e)(4); and			
	(iii) In the case of an individual under the age specified in (iv) of this paragraph (e)(4), the individual's parents and siblings under the age specified in (iv) of this paragraph (e)(4).			
	(iv) The age specified in this paragraph (e)(4) is age 19 or, in the case of a full-time student, age 21.			
(5) Married eCouples	In the case of a married-couple living together, each spouse is included in the household of the other spouse, regardless of whether they expect to file a joint federal tax return 10 or whether one spouse expects to be claimed as a tax dependent by the other spouse.			
(6) Households of individuals whom tax filer cannot establish as a dependent	For purposes of paragraph (e)(2) of this subsection, if, consistent with the procedures adopted by the state in accordance with § 56.00, a tax filer cannot reasonably establish that another person is a tax dependent of the tax filer for the benefit year in which Medicaid is sought, the inclusion of such person in the household of the tax filer is determined in accordance with paragraph (e)(4) of this subsection.			
(f) No resource test or income disregards <sup>11</sup>	In the case of an individual whose financial eligibility for Medicaid is determined in accordance with this subsection, AHS will not:			
	(1) Apply any resources test; or			
	(2) Apply any income or expense disregards under §§ 1902(r)(2) or 1931(b)(2)(C), or otherwise under Title XIX of the Act, except as provided in paragraph (c)(4) of this subsection.			
(g) Budget period <sup>12</sup>				
(1) Applicants and new enrollees	Financial eligibility for Medicaid for applicants, and other individuals not receiving Medicaid benefits at the point at which eligibility for Medicaid is being determined, must be based on current monthly household income and family size.			
(2) Current beneficiaries	For an individual who has been determined financially eligible for Medicaid using the MAGI-based methods set forth in this section, AHS will base financial eligibility on projected annual household income and family size for the remainder of the current calendar year.

<sup>&</sup>lt;sup>11</sup> 42 CFR § 435.603(g).

<sup>&</sup>lt;sup>12</sup> 42 CFR § 435.603(h).

(3) Reasonably-predictable income fluctuations	In determining current monthly or projected annual household income and family size under paragraphs (g)(1) or (g)(2) of this subsection, the state may adopt a reasonable method to include a prorated portion of reasonably predictable future income, to account for a reasonably predictable increase or decrease in future income, or both, as evidenced by a signed contract for employment, a clear history of predictable fluctuations in income, or other clear indicia of such future changes in income. Such future increase or decrease in income or family size must be verified in the same manner as other income and eligibility factors, in accordance with the income and eligibility verification requirements at §§ 53.00 through 56.00, including by self-attestation if reasonably compatible with other electronic data obtained in accordance with such sections.			
(h) Alternative methodology to avoid eligibility gap 13	If an individual who is a U.S. citizen is determined to be financially ineligible for Medicaid using the MAGI-based Medicaid methodologies set forth in this subsection, but their household income is determined to be less than 100 percent of the -FPL using the MAGI methodologies for determining eligibility for APTC and CSR, as set forth in § 28.05, the individual's eligibility for Medicaid will be determined using the MAGI methodologies set forth in § 28.05.			
(i) Eligibility groups for which MAGI-based methods do not apply 14	The financial methodologies described in this subsection are not applied in determining the Medicaid eligibility of individuals described in this paragraph. Except for the individuals described in (1) of this paragraph (i), the financial methods described in § 29.00 will be used to determine Medicaid eligibility for such individuals.			
	(1) Individuals whose eligibility for Medicaid does not require a determination of income, including, but not limited to, individuals receiving SSI eligible for Medicaid under § 8.05(a) and individuals deemed to be receiving SSI and eligible for Medicaid under § § 8.05(c), (fh) and (hf).			
	(2) Individuals who are age 65 or older when age is a condition of eligibility.			
	(3) Individuals whose eligibility is being determined on the basis of being blind or disabled, or on the basis of being treated as being blind or disabled, but only for the purpose of determining eligibility on such basis.			
	(4) Individuals who request Medicaid coverage for long-term care services for the purpose of being evaluated for an eligibility group for which meeting a level-of-care need is a condition of eligibility or under which long-term care services not covered for individuals determined eligible using MAGI- based financial methods are covered. (a) Definition: Tax dependent	For purposes of APTC and CSR, the term "tax dependent" has the same meaning as the term "dependent" under § 152 of the Code.			
(b) Basic rule	Financial eligibility for APTC and CSR is determined based on household income as defined in paragraph (c) of this subsection.			
(c) Household income <sup>17</sup>	Household income is the sum of:  (1) A tax filer's MAGI; plus  (2) The aggregate MAGI of all other individuals who:  (i) Are included in the tax filer's taxpayer's household (as defined in paragraph (d) of this subsection); and  (ii) Are required to file a federal income tax return for the benefit year.			
(d) Household	The household consists of the tax filer, the tax filer's spouse (if married within the meaning of 26 CFR § 1.7703-1), and all individuals claimed as the tax filer's tax dependents. As described in § 58.02(b)(2), married couples must file joint federal tax returns in order to be considered for APTC and CSR. Parties to a civil union may qualify for APTC and CSR by filing separate tax returns.

	An individual who meets the nonfinancial requirements for MABD must also meet the financial requirements specified in this section. AHS determines financial eligibility for MABD, including MABD for long-term care services, which includes waiver programs operated by AHS's various departments. AHS determines patient-share costs for individuals eligible for MABD for long-term care services (see § 24.00), patient-share costs for children eligible under the Department of Mental Health's waiver program, and patient-share costs for individuals enrolled in the home-and-community-based waiver

program for people with developmental disabilities.

To determine an individual's financial eligibility for MABD, AHS calculates the countable income and countable resources of the individual's financial responsibility group and compares those amounts to standards based on the size of the individual's Medicaid group. The first step in determining financial eligibility is to identify the members of the individual's financial responsibility group and the members of the individual's Medicaid group. An aged, blind, or disabled individual requesting MABD is always a member of both groups.

The rules for forming the financial responsibility group are specified in § 29.03.

The rules for forming the Medicaid group are specified in § 29.04.

The rules on resources are specified in §§ 29.07 through 29.10.

The rules on income are specified in §§ 29.11 through 29.15.

	(3) An individual is no longer considered a child on the first day of the month following the calendar month in which they no longer meet the definition of child.		
(b) Adult	An individual who is not a child.		
(c) Eligible child	For purposes of deeming, as described in § 29.05, a child who is a natural or adopted child under the age of 18, who lives in a household with one or both parents, is not married, and meets the non-financial eligibility requirements for MABD.		
(d) Ineligible child	For deeming purposes, a child, as defined in (a) of this subsection, who does not meet the non-financial criteria for MABD, lives in the same household as the individual requesting MABD, and is:		
	(1) The natural child or adopted child of the individual;		
	(2) The natural or adopted child of the individual's spouse, or		
	(3) The natural or adopted child of the individual's parent or of the spouse of the individual's parent.		
(e) Ineligible parent	For deeming purposes, a person who does not meet the non-financial criteria for MABD, lives with an eligible child, and is:		
	(1) A natural or adoptive parent of the child; or		
	(2) The spouse of a natural or adoptive parent of the child.		
(f) Ineligible spouse	For deeming purposes, the spouse who lives with the individual requesting MABD and does not meet the nonfinancial eligibility criteria for MABD.		
29.03 Formation of the financial responsibility group (01/01/2014, 13-4607/15/2014, 14-04P03/31/2014, 14-02E10/01/2013, 13-12FP)			
(a) In general	The financial responsibility group for MABD consists of the individuals whose income and resources are considered available to the Medicaid group in the eligibility determination. With some exceptions, spouses are considered financially responsible for each other, and parents are considered financially responsible for their children. The following paragraphs set forth the rules for determining membership in the financial responsibility group and the portion of the group's income considered available to the Medicaid group.		
(b) Financial responsibility group for	The financial responsibility group for an adult requesting MABD, including MABD for long-term care services, is the same as the		

	an adult	adult's Me	edicaid group.
(c)	Financial responsibility group for a child	The financial responsibility group for a child requesting MABD includes the child and any parents living with the child until the child reaches the age of 18.	
(d)	Financial responsibility group for a sponsored noncitizen	(1)	The financial responsibility group for a noncitizen admitted to the United States on or after August 22, 1996, based on a sponsorship under §204 of the INA, includes the income and resources of the sponsor and the sponsor's spouse, if living with the sponsor, when all four of the conditions set forth in (i) through (iv) below are met. Children and pregnant women who are exempt from the five-year bar pursuant to § 17.03(c)(6) are not subject to these provisions. The four conditions are as follows:
		(i)	The sponsor has signed an affidavit of support on a form developed by the United States Attorney General as required by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) to conform to the requirements of §213A(b) of the INA;
		(ii)	The noncitizen is lawfully admitted for permanent residence, and a five-year period of ineligibility for MABD following entry to the United States has ended;
		(iii)	The noncitizen is not battered; and
		(iv)	The noncitizen is not indigent, defined as unable to obtain food and shelter without assistance, because their sponsor is not providing adequate support.
		(2)	The financial responsibility of a sponsor continues until the noncitizen is naturalized or credited with 40 qualifying quarters of coverage by the SSA (see (3) below for crediting of qualifying quarters).
		(3)	A non-citizen is credited with the following qualifying quarters of coverage as defined under Title II of the Act:
		(i)	Those worked by the non-citizen;
		(ii)	Those worked by a parent of such non-citizen while the non-citizen was under age 18 unless the parent received any federal means-tested public benefit during the period for which the qualifying quarter of coverage is credited after December 31, 1996;
		(iii)	Those worked by a spouse of the non-citizen while they were spouses, as long as the non-citizen remains the spouse or the spouse is deceased and

		the spouse did not receive any federal means-tested public benefit during the period for which the qualifying quarter of cover is credited after December 31, 1996;
	(iv)	For this purpose, federal means-tested benefits do not include:
	(A)	Emergency medical assistance;
	(B)	Short-term, non-cash, in-kind emergency disaster relief;
	(C)	Assistance under the National School Lunch Act or the Child Nutrition Act of 1966;
	(D)	Public health assistance for immunizations or testing and treatment of symptoms of communicable diseases not paid by Medicaid;
	(E)	Payments for foster care and adoption assistance under parts B and E of Title IV of the Act, under certain conditions;
	(F)	Programs, services or assistance specified by the Attorney General;
	(G)	Programs for student assistance under Titles IV, V, IX, and X of the Higher Education Act of 1965, and Titles III, VII, and VIII of the Public Health Service Act;
	(H)	Means-tested programs under the Elementary and Secondary Education Act of 1965;
	(1)	Benefits under the Head Start Act; or
	(J)	Benefits under the WIA.
29.04 Formation of the Medicaid group ( <u>01/01/2014, 13-4607/15/2014, 14-04P03/31/2014, 14-02E10/01/2013, 13-12FP</u> )		
(a) In general	The Medicaid group consists of individuals whose needs are included in the financial eligibility determination for MABD. The following paragraphs set forth the rules for determining membership in the Medicaid group. AHS compares countable income and resources of the financial responsibility group to maximums based on the size of the Medicaid group.	
(b) Medicaid group for a single adult		dult requesting MABD, including MABD for long-term les, is treated as a Medicaid group of one.
(c) Medicaid group for an adult with a spouse	`´ r	When spouses are living together, both the individual equesting MABD and the individual's spouse are considered members of the individual's Medicaid

		group, a Medicaid group of two, unless one of the exceptions specified in paragraph (d) of this subsection applies. This is true whether or not the individual's spouse is also requesting MABD.
	(2)	Spouses are considered living together in any of the following circumstances:
	(i)	Until the first day of the month following the calendar month of death or separation, when one spouse dies or the couple separates.
	(ii)	When one spouse is likely to need MABD for long- term care services for fewer than 30 consecutive days.
	(iii)	When the resources of the couple are assessed and allocated as of the date of initial application for MABD for long-term care services.
(d) Exceptions for an adult with a spouse		requesting MABD with a spouse is treated as a group of one in the following circumstances:
	(1)	When one spouse is applying for MABD for long-term care services, they are considered a Medicaid group of one for:
	(i)	The determination of initial and ongoing income eligibility; and
	(ii)	Resource reviews of eligibility.
	(iii)	AHS considers the spouses to be no longer living together as of the first day of the calendar month one spouse begins receiving MABD for long-term care services. This remains true even if the other spouse begins receiving MABD for long-term care services in a subsequent month.
	(2)	When AHS determines the eligibility of one spouse for MABD when the other spouse already receives MABD for long-term care services in their home or community-based setting, each spouse is considered a Medicaid group of one.
	(3)	When both spouses are admitted to the same residential care home, each spouse is considered a Medicaid group of one if the residential care home is designed for four or more residents.
	(4)	When both spouses have been admitted to the same institution for long-term care in the same month and have lived there at least six months beginning with the first month following the month of their admission, for purposes of determining each spouse's eligibility

	(5)	for MABD for long-term care services, each spouse is considered a Medicaid group of one for the determination of their initial and ongoing income eligibility and resource reviews of eligibility. However, if it works to their advantage, they may be considered a Medicaid group of two.  When one spouse is receiving custodial care in their home, as defined in AABD Rule 2766, they are considered a Medicaid group of one.	
(e) Medicaid group for a child	(1)	An eligible-child requesting MABD is treated as a Medicaid group of one.	
	(2)	When a parent and eligible-child living together are both requesting MABD, they are treated as two Medicaid groups of one, if the parent is not living with a spouse. If the parent is living with a spouse, the parent and their spouse are treated as a Medicaid group of two and the child as a Medicaid group of one.	
29.05 Deeming ( <u>01/01/2014, 13-4607/15/2014, 14-04P</u> 03/31/2014, 14-			
<u>02E</u> <del>10/01/2</del> 01 <del>3</del> ,	13-12FP	)	
(a) In general	MABD financial eligibility is based on the financial eligibility rules for the SSA's SSI program. Like SSI, the term "deeming" is used to identify countable resources and income from other people as belonging to the individual requesting MABD. When the deeming rules apply, it does not matter whether the resources or income of the other person are actually available to the individual.		
(b) Categories of people whose income and resources are counted	(1)	Resources and income from two categories of people may be counted as belonging to the individual. These people are members of the individual's financial responsibility group. AHS considers:	
	(i)	Spousal resources and income to decide whether it must deem some of it to the Medicaid group; and	
	(ii)	Parental resources and income for an eligible child requesting MABD to decide whether it must deem some of it to the Medicaid group.	
	(2)	§ 29.10 specifies the resources counted when determining MABD financial eligibility.	
	(3)	§ 29.14 specifies the income counted when determining MABD financial eligibility.	
29.06 Temporary abs	ences ar	nd deeming rules ( <del>01/01/2014, 13-4607/15/2014,</del>	

14-04P03/31/20	014, 14-02E10/01/2013, 13-12FP)		
(a) Effect of temporary absence	For purposes of deeming, during a temporary absence, the absent person continues to be considered a member of the individual's household.		
(b) Definition of temporary absence	A temporary absence occurs when the individual or their ineligible spouse, parent, or an ineligible child leaves the household but intends to and does return in the same month or the next month.		
(c) Treatment of absences due to schooling	An eligible child requesting MABD is considered temporarily absent from their parent's (or parents') household if they are away at school but come home on some weekends or lengthy holidays and are subject to the control of their parent(s).		
(d) Absences related to active duty assignment	If the individual's ineligible spouse or parent is absent from the household due solely to a duty assignment as a member of the armed forces on active duty, that person is considered to be living in the same household as the individual, unless evidence indicates that the individual's spouse or parent should no longer be considered to be living in the same household. When such evidence exists, AHS stops deeming their resources and income beginning with the month after the spouse or parent no longer lived in the same household.		
29.07 Resources ( <del>01.</del> <u>02E</u> 10/01/2013	<del>/01/2014, 13-4607/15/2014, 14-04P</del> 03/31/2014, 14- , <del>13-12FP</del> )		
(a) In general	(1) Resources are cash and other property, real or personal, that an individual (or their spouse, if any):		
	(i) Owns;		
	(ii) Has the right, authority or power to convert to cash (if not already cash); and		
	(iii) Is available for their support and maintenance.		
	(2) Resources are treated in different ways depending on the rules of the coverage group involved and the type and liquidity of the resource.		
	(3) Resources are counted based upon their availability and the ease with which they can be converted into cash. Availability is often affected when more than one person has an ownership interest in the same resource.		
	(4) Resource limits vary depending on the type of category and services, and the size of the Medicaid group. Resource eligibility for each coverage group is determined by comparing the resources of the		

	financial responsibility group to the resource limit based on the size of the Medicaid group. Resource maximums are specified in Vermont's Medicaid Procedures Manual.  (5) All resources of the members of the financial responsibility group must be counted except those specifically excluded. See § 29.08 for the resource exclusion rules.  (6) Equity value as well as availability is considered when determining the amount of a resource that counts. In general, equity value means the price an item can be reasonably expected to sell for on the local open market minus any encumbrances. See § 29.09 for the general rules on valuing countable resources.	
(b) Types of resources	This paragraph describes some of the kinds of resources the availability of which are considered in determining MABD eligibility. The descriptions are divided into two categories – nonliquid resources and liquid resources. Except for cash, any kind of property may be either liquid or nonliquid. The liquidity (or nonliquidity) of a resource has no effect on the resource's countability for MABD eligibility purposes.	
(1) Definition: Nonliquid resources	A nonliquid resource means property that is not cash, including real and personal property that cannot be converted to cash within 20 work days. Real property, life estates, life insurance and burial funds, described below, are some of the more common kinds of nonliquid resources. Certain other noncash resources, though they may occasionally be liquid, are nearly always nonliquid. These include, but are not limited to, household goods and personal effects, vehicles, livestock, and machinery.	
(i) Real property	Land and generally whatever is erected, growing on, or affixed to land. See § 29.08(a) for information on the resource exclusion of real property.	
(ii) Life estates	Life estate means a legal arrangement entitling the owner of the life estate (sometimes referred to as the "life tenant") to possess, rent, and otherwise profit from real or personal property during their lifetime. The owner of a life estate sometimes may have the right to sell the life estate, but does not normally have future rights to the property. Ownership of a life estate may be conditioned upon other circumstances, such as a new spouse. The document granting the life estate includes the conditions for the life estate and the right of the owner of the life estate to sell or bequeath it, if these property rights were retained. See § 29.08(a)(6) for information on the resource exclusion of life estates.	
(iii) Life insurance	A contract that provides for its purchaser to pay premiums to the insurer, who agrees to pay a specific sum to a designated	

	beneficiary upon the death of the insured. Life insurance is usually sold by an insurance company but may also be sold by other financial institutions, such as brokerage firms. See § 29.08(b) for information on the resource exclusion of life insurance.	
	The following are terms related to life insurance:	
(A) Face value	The amount the life insurance policy pays the designated beneficiary upon the death of the insured.	
(B) Term life insurance	A life insurance policy that does not accumulate any cash value as premiums are paid.	
(C) Whole life insurance (sometimes called ordinary life, limited payment or endowment insurance)	A life insurance policy that accumulates cash value as premiums are paid. It may also pay periodic dividends on this value when all premiums have been paid. These dividends may be paid to the owner, or they may be added to the cash surrender value (defined below) of the policy.	
(D) Cash surrender value (CSV) of whole life insurance	The amount the owner would receive if the life insurance policy were terminated before the insured dies. It is a form of equity that accumulates over time as life insurance premiums are paid. The owner may borrow against the CSV according to the terms of the policy. A loan against a policy reduces its CSV.	
(E) Group policy	A life insurance policy that is usually issued through a company or organization insuring the participating employees or members and, perhaps, their families. The group policy may be paid partially by the employer. A group insurance policy generally has no CSV.	
(iv) Burial Funds	(A) Any separately-identifiable fund clearly designated for burial expenses (which includes expenses for burial spaces, items related to burial spaces and services related to burial spaces) through the title to the fund or by a sworn statement provided. Burial funds include contracts, trusts, or other agreements, accounts, or instruments with a cash value. Some burial funds include accumulated interest, and the value of some burial funds may change through time (e.g., when the fund consists of bonds). See § 29.08(c) for information on the resource exclusion of burial funds.	
	(B) The cash value of life insurance policies may also be treated as a burial fund if owned by a person whose income and resources are considered in determining an individual's MABD eligibility and if designated as specified above.	
	<ul> <li>(C) For the purposes of determining MABD eligibility, burial spaces, if not fully paid, are considered burial funds and include burial plots, gravesites, crypts,</li> </ul>	

	mausoleums, caskets, urns, and other repositories customarily and traditionally used for the deceased's bodily remains. Items related to burial spaces include, but are not limited to, vaults, headstones, markers, plaques, and burial containers for caskets. Services related to burial include, but are not limited to, embalming, opening and closing of the gravesite, and care and maintenance of the gravesite, sometimes called an endowment or perpetual care.
(2) Definition: Liquid resources	A liquid resource means cash or other property that can be converted to cash within 20 work days. Accounts in financial institutions; retirement funds; stocks, bonds, mutual funds, and money market funds; annuities; mortgages and promissory notes; and home equity conversion plans, described below, are some of the more common kinds of liquid resources.
(i) Accounts in financial institutions	<ul> <li>(A) Accounts in depository financial institutions such as banks and credit unions include, but are not limited to, savings accounts, checking accounts, joint fiduciary accounts, and certificates of deposit. Depository institutions may also manage mutual fund and money market fund accounts for depositors.</li> <li>(B) Nondepository financial institutions, such as brokerage firms, investment firms, and finance companies, also offer certificates of deposits as well as accounts and services related to the purchase and sale of stocks, bonds, mutual funds, money market funds, and other investments.</li> </ul>
(ii) Stocks, bonds, and funds	(A) Legal instruments authenticating an investment, such as stocks, bonds, mutual funds, and money market funds pay interest at specified intervals, sometimes pay dividends, and are convertible into cash either on demand or at maturity.
	(B) U. S. savings bonds are obligations of the federal government. Unlike other government bonds, they are not tradable in the usual sense through brokers and security traders and, as described below, the value of the bond depends on its type. See § 29.08(i)(11) for information on the resource exclusion of U.S. savings bonds.
	<ul> <li>(I) Series E and EE bonds are sold at one half of their face value and increase in redemption value as interest accrues.</li> <li>(II) Series I bonds are sold at their full face value and increase in redemption value as interest accrues.</li> </ul>

	(III) Series H and HH bonds are sold at their full face value and do not increase in value. Instead, they pay interest to the owner each six months.
(iii) Annuities	A contract reflecting payment to an insurance company, bank, charitable organization, or other registered or licensed entity; it may also be a private contract between two parties. There are two phases to an annuity: An accumulation phase and a payout phase, and their countability as a resource for MABD eligibility purposes is impacted by the phase the annuity is in (see below). Annuities vary in how they accumulate and pay out money. Annuities may accumulate money by payment of a single lump sum or by payments on a schedule, which accumulate interest over time. Once an annuity has reached its pay-out phase (often referred to as "matured"), money is paid to the beneficiary according to the terms of the annuity contract.
(A) Parties to an annuity	(I) There are always two parties to an annuity: The writer of the annuity, usually an insurance carrier or charitable organization, and the purchaser who owns the annuity (sometimes referred to as the annuitant). There may also be a third party to the annuity if someone other than the owner is the annuitant.
	(II) In addition, annuities also name a beneficiary. The beneficiary is the person who will be paid a regular stream of income from the annuity in equal payments. Anyone can be a beneficiary, including but not limited to, the owner of the annuity, a spouse, dependent, trust, estate, commercial entity, proprietorship, or charitable organization.
	(III) Beneficiaries may be revocable or irrevocable. A revocable beneficiary can be changed by the owner of the annuity at any time. An irrevocable beneficiary can be changed only by the written permission of that beneficiary.
	(IV) In addition to the beneficiary described in (II) above, annuities can also provide for a contingent beneficiary or residual beneficiary. A contingent or residual beneficiary will receive annuity payments upon the occurrence of a specified condition.
(B) Types of annuities	There are many types of annuities. For MABD purposes, AHS considers whether annuities of any type are available as a liquid resource. Since annuities are trust-like instruments, terminology similar to trusts is used when it describes the availability of cash from annuities.

(I) Annuity naming revocable beneficiaries	An annuity that names revocable beneficiaries is available to the owner because the owner can change the beneficiary. This type of an annuity is considered a countable resource for purposes of the owner's MABD eligibility. See subsection 29.09(d)(1) for information on how to value an annuity when it is a countable resource.
(II) Annuity that can be surrendered, cashed in or assigned	An annuity that can be surrendered, cashed in or assigned by the owner is presumed to be a revocable annuity. A revocable annuity is considered a countable resource for purposes of the owner's MABD eligibility. An annuity is presumed to be revocable when the annuity contract is silent on revocability. See § 29.09(d)(1) for information on how to value an annuity when it is a countable resource.
(III) Annuity owned by someone other than the applicant or spouse	An annuity is an unavailable resource for purposes of MABD eligibility when the owner of the annuity is not the individual requesting MABD or the individual's spouse, or the individual or their spouse has abandoned all rights of ownership. However, if payments from the annuity are being made to the individual (or spouse), those payments may be counted as income to the individual (or spouse).
(C) Standard of review	(I) For the purposes of MABD eligibility:
	(i) An annuity in its accumulation phase is considered a countable resource of the owner because it can be liquidated or sold by the owner. See § 29.09(d)(1) for information on how to value an annuity when it is a countable resource.
	(ii) An annuity in its pay-out phase may be excluded as a resource of the owner if certain criteria are met. See § 29.08(d)(1) for information on the resource exclusion of an annuity.
	(II) For purposes of MABD for long-term care, an annuity purchased, or subjected to certain transactions, by an individual or their spouse on or after February 6, 2006, is subject to transfer review. See § 25.03(h) for information on transfer analysis of annuities.
(iv) Mortgages	(A) The pledging of real estate or conveyance of an interest in land to a creditor as security for repayment of a debt.
	(B) A mortgage owned by an individual, as the creditor, may be excluded as a resource if certain criteria are met. See § 29.08(d)(2) for information on the resource exclusion of a mortgage. If a mortgage is a countable resource of the individual, see §

	29.09(d)(5) for information about the valuation of the mortgage.
(v) Promissory notes	(A) Written promises to pay a certain sum of money to a certain person, the bearer, upon demand or on a specified date.
	(B) A promissory note owned by an individual, as the bearer, may be excluded as a resource if certain criteria are met. See § 29.08(d)(2) for information on the resource exclusion of a promissory note. If a promissory note is a countable resource of the individual, see § 29.09(d)(5) for information about the valuation of the promissory note.
(vi) Retirement funds	Any resource set aside by a member of the individual's financial responsibility group to be used for self-support upon their withdrawal from active life, service, or business.
	Retirement funds include but are not limited to IRAs, Keogh plans, 401K plans, pensions, mutual funds, stocks, bonds, securities, money market accounts, whole life insurance, and annuities. The value of a retirement fund is the amount of money that can currently be withdrawn from the fund.
	See § 29.08(i)(5) for information on the resource exclusion of retirement funds. See § 29.08(f) for information on the exclusion of early withdrawal and surrender penalties.
(vii) Health savings accounts (HSAs)	Accounts used to set aside funds to meet medical expenses. Unless the individual can demonstrate that the funds in their HSA are not available to them, the HSA is a countable resource.
(c) Resources managed by a third party	Resources, liquid and nonliquid, managed by a third party include, but are not limited to, trusts, guardianship accounts, and retirement funds. Resources of a member of the financial responsibility group managed by a third party (e.g., trustee, guardian, conservator, or agent under a power of attorney) are considered available to the member as long as the member can direct the third party to dispose of the resource or the third party has the legal authority to dispose of the resource on the member's behalf without the member's direction.
(1) Definitions	
(i) Guardian	A person or institution appointed by a court in any state to act as a legal representative for another person, such as a minor or a person with disabilities. Guardianship funds are presumed to be available for the support and maintenance of the protected person. That person may rebut the presumption of the availability of guardianship funds by presenting evidence to the contrary, including, but not limited to, restrictive language in the court order establishing the account or in a subsequent court

Part 5 – Page 23 (Sec. 29.00, Sub. 29.07)

	order regarding withdrawal of funds.
(ii) Power of attorney	A written document signed by a person giving another person authority to make decisions on behalf of the person signing it, according to the terms of the document. Vermont law requires a power of attorney to be executed according to certain formalities, such as being signed, witnessed, and acknowledged. Funds managed by an agent under a power of attorney are not property of the agent and cannot be counted as resources of the agent.
(iii) Representative payee	An individual, agency, or institution selected by a court or the SSA to receive and manage benefits on behalf of another person. A representative payee has responsibilities to use these payments only for the use and benefit of that person, to notify the payer of any event that will affect the amount of benefits the person receives or circumstances that would affect the performance of the representative payee's responsibilities, and account periodically for the benefits received. Funds managed by a representative payee are not property of the representative payee and cannot be counted as resources of the representative payee.
(iv) Trust	A trust is a property interest where property is held by an individual or an entity (called a "trustee") subject to a fiduciary duty to use the property for the benefit of another person (the "trust beneficiary"). A trust includes a legal instrument or device that is similar to a trust but may not be called a trust. See § 29.08(e) for information on resource exclusion of trusts. The following are terms related to trusts:
(A) Grantor (also known as settler or trustor)	(I) The person who transfers liquid or nonliquid property to another person or entity (the "trustee"), with the intention that it be held, managed, or administered by the trustee for the benefit of one or more persons (the "grantees") In some cases, the grantor is named as a grantee.  (II) A person is considered the grantor of a trust if:  (i) The assets of the person were used to form
	all or part of the principal of the trust; and  (ii) One of the following established the trust:
	(A) The person;
	(B) Another person, court, or administrative body, with legal authority to act in place of or on behalf of the person; or
	(C) Another person, court, or administrative body, acting at the direction of or upon

	the request of the person.	
(B) Trustee	The person or entity (such as a bank or insurance company) that holds, manages, or administers trust property for the benefit of the trust's grantee(s). In most cases, a trustee does not have the legal right to use the trust property for their own benefit. Some, but not all, trusts grant discretion to the trustee to use judgment as to when or how to handle trust principal or trust income. A trust may provide reasonable compensation to the trustee for managing the trust as well as reimbursement for reasonable costs associated with managing the trust property.	
(C) Grantee (also known as beneficiary)	The person or entity that receives the benefit of a trust. A trust can have more than one grantee at the same time; it can also have different grantees under different circumstances.	
(D) Trust income (also known as trust earnings)	Monies earned by the trust property. It may take various forms, such as interest, dividends, or rental payments. These amounts may be countable unearned income to any person legally able to use them for their support and maintenance.	
(E) Trust principal (also known as trust corpus)	The property that the grantor transfers to the trustee for the benefit of the grantee(s).	
(F) Trust property	The sum of the trust principal and the trust income.	
(G) Residual beneficiary	The person or entity named in the trust to receive the trust property upon termination of the trust.	
29.08 Excluded resort 14-02E 10/01/20	urces ( <u>01/01/2014, 13-4607/15/2014, 14-04P03/31/2014,</u> <del>113, 13-12FP</del> )	
	This subsection specifies the resources whose value is excluded in determining MABD eligibility.	
(a) Real property		
(1) Home and contiguous land		
(i) Definition	Home means the property in which an individual resides and has an ownership interest and which serves as the individual's principal place of residence. This property includes the shelter in which the individual resides, the land on which the shelter is located, related outbuildings, and surrounding property not separated from the home by intervening property owned by others. Public rights of way, such as roads that run through the surrounding property and separate it from the home, will not affect the exemption of the property. The home includes contiguous land and any other nonresidential buildings located on the contiguous land that are related to the home.	
(ii) Exclusion	(A) Except for MABD for long-term care services, a home is excluded as a resource, regardless of its	

Part 5 – Page 25 (Sec. 29.00, Sub. 29.08)

value. (B) For MABD for long-term care services, the home is considered a resource when the equity in the home is substantial. See Vermont's Medicaid Procedures Manual for the current substantial home equity limit; see § 29.09(d)(6) for information on exceptions to the application of the substantial home equity limit. The home may also be considered as a resource when determining whether the home has been transferred and should be subject to a penalty period (see § 25.00) (C) The home exclusion applies even if the owner is making an effort to sell the home. (D) The home exclusion also applies if the owner is absent from the home due to institutionalization, provided they have not placed the home in a revocable trust, and any one of the following three conditions is satisfied: (I) The owner intends to return to the home even if the likelihood of return is apparently nil. (II) The owner has a spouse or dependent relative residing in the home. Dependent relative in this context applies to: (i) Any kind of dependency (medical, financial, etc.); and (ii) A relationship to the owner that is one of the following: child, step\_child, or grandchild; parent, step-parent, or grandparent; aunt, uncle, niece, or nephew; brother or sister, step\_brother or step\_sister, half brother or half sister; cousin; or in-law. (III) The owner has a medical condition that prevented them from residing in the home before institutionalization. (E) Unless one of the exceptions listed in (D) applies, the home becomes a countable resource when the owner moves out of the home without the intent to return, because it is no longer their principal place of residence. (F) Temporary absences, such as for hospitalization or convalescence with a relative, do not affect the determination of the owner's principal place of

Proceeds from the sale of an

residence.

Proceeds from the sale of a home is excluded to the

extent that the owner intends to use the proceeds

excluded home		and, in fact, uses or obligates them to purchase or construct another home within three months of the date the proceeds are received.
	(ii)	Use of proceeds from the sale of a home to pay costs of another home will be excluded only if the other costs are paid within three months of the sale of the home. Such costs are limited to the down payment, settlement costs, loan processing fees and points, moving expenses, necessary repairs to or replacements of the new home's structure or fixtures (e.g., roof, furnace, plumbing, built-in appliances) identified and documented prior to occupancy, and mortgage payments for the new home.
	(iii)	The value of a promissory note or similar installment sales contract constitutes a "proceed." Other proceeds consist of the down payment and the portion of any installment amount constituting payment against the principal. These are also excluded if used within 3 months to make payment on the replacement home.
	(iv)	When all of the proceeds are not timely reinvested as specified above, the portion of the proceeds retained by the owner are combined with the value of the promissory note or installment sales contract and counted as a resource beginning with the month following the month the note or contract is executed. If the entire proceeds are fully reinvested in a replacement home at a later date, the value of the note or contract and reinvested proceeds are excluded beginning with the month after the month in which they are reinvested, but any proceeds not reinvested as specified above remain a countable resource until fully reinvested.
(3) Real property up-for-sale	(i)	Real property is excluded from being a countable resource as long as the owner verifies that they are making reasonable efforts to sell it. Reasonable efforts to sell property means taking all necessary steps to sell it for fair market value in the geographic area covered by the media serving the area in which property is located, unless the owner is prevented by circumstances beyond their control from taking these steps.
	(ii)	The steps considered necessary to sell the property depend on the method of sale. An owner may choose to list the real property with a real estate agent or undertake to sell it themselves.
	(iii)	If the owner chooses to list the property with a real estate agency, they must take the necessary step of listing it and cooperating with the real estate agent's

	efforts to sell it.
	(iv) If the owner chooses to sell the property without an agent, they must take all of the following necessary steps:
	<ul> <li>(A) Advertise the property in at least one of the appropriate local media continuously;</li> </ul>
	(B) Place a "For Sale" sign on the property continuously, unless prohibited by zoning regulations;
	<ul> <li>(C) Conduct open houses or otherwise show the property to prospective buyers; and</li> </ul>
	(D) Attempt any other appropriate methods of sale.
	(v) If any prospective buyer makes a reasonable offer for the property, the owner must accept it or demonstrate why it was not a reasonable offer. Any offer of at least two-thirds of the most recent estimate of the property's fair market value is considered a reasonable offer.
	(vi) Fair market value means:
	(A) A certified appraisal; or
	(B) An amount equal to the price of the property on the open market in its locality at the time of the transfer or contract for sale, if earlier.
(4) Home equity conversion plans	
(i) Definition	Home equity conversion plans are financial instruments used to secure loans with real property as collateral. Home equity conversion plans include reverse mortgages, reverse annuity mortgages, sale-leaseback arrangements, time-sale agreements, and deferred payment loans.
(ii) Exclusion as a resource in month received	In the month of receipt, funds an owner of the real property receives from any home equity conversion arrangements on their real property is excluded as a resource.
(5) Jointly-owned real property	
(i) Exclusion due to joint owner's refusal to sell	(A) An owner's interest in jointly-owned real property is excluded as a resource as long as:
	(I) At least one of the other joint owners refuses to sell the property; and
	(II) The joint ownership was created more than 60

	months before the date of the MABD application.
	(B) The addition of a new joint owner (or joint owners) to a property is considered as the creation of a new joint ownership. The new joint ownership will be evaluated as a countable resource under § 29.09(d)(3) if the addition of the new joint owner was made within 60 months of the date of the MABD application.
(ii) Exclusion due to undue hardship	An owner's interest in jointly-owned real property is excluded as a resource if the sale of the property would cause the other joint owner (or owners) undue hardship due to loss of housing.  Undue hardship would result when:
	<ul> <li>(A) The property serves as the principal place of residence for one or more of the other joint owners;</li> </ul>
	(B) Sale of the property would result in loss of that residence; and
	(C) No other housing would be readily available for the displaced other owner.
(6) Life estates	
(i) Treatment of life estate interest created on or after July 1, 2002	For a life estate ownership in real property created on or after July 1, 2002:
	(A) The value of the life estate is excluded as a resource when the life estate owner does not retain the power to sell or mortgage the real property. For purposes of eligibility for MABD for long term care services however, the life estate may be considered as a resource when determining whether it has been transferred and should be subject to a penalty period (see § 25.00).
	(B) When the life estate owner retains the power to sell or mortgage the real property, including any remainder interest, the value of the life estate is excluded only if the life estate is an interest in the life estate owner's home (§ 29.08(a)(1)).  Otherwise, the value of the life estate is counted. For this purpose, the value of the life estate includes the value of the remainder interest.
	(C) When an individual transfers their home and retains a life estate with the power to sell or mortgage the property, the transfer is not subject to a transfer penalty analysis under § 25.00. In this situation, no transfer has occurred because the individual's ownership interest in the home has not been

	reduced or eliminated.	
(ii) Treatment of life estate interest created before July 1 2002	For a life estate ownership created before July 1, 2002:  (A) When the life estate owner retains the power to sell the real property, including any remainder interest, the value of the life estate is excluded only if the life estate is excludable on another basis, such as because it is real property producing significant income. Otherwise, the value of the life estate is counted. For this purpose, the value of the life estate includes the value of the remainder interest.  (B) The life estate ownership is excluded as a resource when the life estate owner does not retain the power to sell the real property.	
(7) Income-producing real property	<ul> <li>(i) Non-business real property. Non-business real property is excluded as a resource if the property produces significant income to the owner. Real property is considered to produce significant income if it generates at least 6 percent of its fair market value in net annual income after allowable expenses related to producing the income are deducted.</li> <li>(ii) Real property used in a trade or business. Real property is excluded as a resource if the real property is essential to the owner's self-support and used by the owner in a trade or business. For purposes of this exclusion, the property must be in current use in the type of activity that qualifies it as essential.</li> </ul>	
(8) Goods for home consumption	Non-business real property is excluded as a resource of the owner when used by the owner to produce goods for only home consumption (e.g., a garden plot used to raise vegetables to be eaten at home or a wood lot used to provide fuel to heat the home). When real property is used to produce goods for both home consumption and income production, only the part used to produce goods for home consumption is excluded. The part of the property used for income production is evaluated for exclusion under (7) above.	
(b) Insurance		
(1) Exclusion of life insurance		
(i) Whole life insurance	<ul> <li>(A) If the combined face values of the whole life insurance policies owned by any one member of the financial responsibility group do not exceed \$1500, the cash surrender values of the policies are excluded.</li> <li>(B) If the combined face values exceed \$1500, the</li> </ul>	

	cash surrender values, excluding any amounts up to \$1500, and all dividend additions are a countable resource.
(ii) Term life insurance	Regardless of its face value, a term life insurance policy is not a countable resource.
(2) Long-term care insurance partnership	
(i) Definition: Qualified State Long-Term Care Insurance Partnership	A state plan amendment that provides for the disregard of any assets or resources in an amount equal to the insurance benefit payments that are made under a long-term care insurance policy (including a certificate issued under a group insurance contract), but only if:
	(A) The policy covers an insured who, at the time coverage under the policy first becomes effective, is a resident of such State or of a State that maintains a Qualified Long-Term Care Insurance Partnership;
	<ul> <li>(B) The policy is a qualified long-term care insurance contract within the meaning of § 7702B(b) of the Code;</li> </ul>
	<ul> <li>(C) The policy provides some level of inflation protection as set forth in regulations promulgated by the Department of Financial Regulations (DFR);</li> </ul>
	<ul> <li>(D) The policy satisfies any requirements of State or other applicable law that apply to a long-term care insurance policy as certified by the DFR; and</li> </ul>
	(E) The issuer of the policy reports:
	(I) To the Secretary of HHS such information or data as the Secretary may require; and
	(II) To the State, the information or data reported to the Secretary of HHS (if any), the information or data required under the minimum reporting requirements developed under § 2(c)(1) of the State Long-Term Care Partnership Act of 2005, and such additional information or data as the State may require.
(ii) Exclusion	(A) Subject to approval by CMS, assets or resources in an amount equal to the insurance benefit payments that are made to or on behalf of an individual who is a beneficiary under a qualified State long-term care insurance partnership policy are excluded.
	(B) This section is further contingent on the passage of

	changes to 33 VSA § 1908a necessary to bring the Vermont statute on Long-Term Care Partnership Insurance into conformance with the requirements of § 6021 of the federal Deficit Reduction Act of 2005.
(c) Burial Funds Exclusion	
	(1) For any person whose income and resources are considered in determining MABD eligibility, up to \$10,000 of burial funds are excluded, as long as the person shows that the funds are designated for burial expenses through the title to the funds or by a sworn statement provided. The funds must be separately identifiable and not commingled with other funds.
	(2) Burial funds may be excluded as of the first day of the month in which the person whose income and resources are considered in determining MABD eligibility established it. Interest and appreciation accrued on burial funds are excluded if the funds have been left to accumulate.
	(3) The value of certain burial spaces may also be excluded under the allowable limit of \$10,000 for each person whose income and resources are considered in determining MABD eligibility. Such spaces must be held for the burial of a member of the individual's immediate family. For this purpose, the immediate family includes the individual's spouse, children, brothers, sisters, and parents.
	(4) Irrevocable burial trusts established prior to July 1, 2002 and funded in excess of \$10,000 are excluded up to the value of the trust as of June 30, 2002.
(d) Other income-producing resources	
(1) Annuities	An annuity is excluded as a resource of an individual requesting MABD or of their spouse if the annuity is in its pay-out phase and meets all of the following conditions:
	<ul> <li>(A) Has no beneficiary (or payee) other than the individual requesting MABD or their spouse;</li> </ul>
	(B) Provides for payments to the beneficiary in equal intervals and equal amounts;
	(C) Does not exceed the life expectancy of the beneficiary as determined by using the annuity tables published by the Office of the Chief Actuary of the SSA

		(http://socialsecurity.gov/OACT/STATS/table4c6.ht ml) and set forth in Vermont's Medicaid Procedures Manual;
	(D)	Returns to the beneficiary at least the amount used to establish the annuity contract and any additional payments plus any earnings, as specified in the contract; and
	(E)	Except as provided in (ii) below, does not pay anyone else, as residual beneficiary, in the event the beneficiary dies before the payment period ends.
	(ii)	An annuity will also be considered to meet the requirements of (A) and (E) of (i) above if the individual or their spouse, as the owner of the annuity, elects to designate Vermont Medicaid as the primary residual beneficiary up to the amount of Medicaid payments made on behalf of the individual (or their spouse), and names a contingent residual beneficiary other than the individual or their spouse to receive any surplus after Vermont Medicaid is paid.
(2) Promissory notes and other income-producing resources	(i)	A promissory note or similar resource that produces income is excluded as a resource of an individual requesting MABD eligibility or of their spouse if:
	(A)	It meets the requirements in paragraph (1)(A) through (E) above; or
	(B)	The owner owned a nonnegotiable or nonassignable promissory note executed before September 1, 2005 and they can expect to receive the full fair market value of the resource within their expected lifetime, as determined by using the annuity tables published by the Office of the Chief Actuary of the SSA (http://socialsecurity.gov/OACT/STATS/table4c6.ht ml) and set forth in Vermont's Medicaid Procedures Manual.
	(ii)	All other promissory notes and similar resources that produce income are evaluated for whether they are a countable resource as specified in § 29.09(d)(5) or, for purposes of MABD for long-term care services, subject to a transfer penalty as specified in § 25.00.
	. ,	For purposes of MABD for long-term care services, promissory notes and similar income-producing resources that do not meet the exclusion criteria under this paragraph (d)(2) and are determined to have fair market value are considered either as a countable resource or subject to a transfer penalty, Sec. 29.00, Sub. 29.08)

		in the discretion of AHS.
(e) Excluded trusts		
(1) In general	(i)	A trust is excluded as a resource if the member of the financial responsibility group is the grantor or grantee of the trust and cannot revoke the trust or receive trust property, whether or not the trustee exercises their full discretion. Trust property is also excluded as a resource when the grantor is a member of the financial responsibility group and establishes a trust by will (often referred to as a "testamentary trust").
	(ii)	The following trust property is excluded as a resource when either the grantor or the grantee is a member of the financial responsibility group:
	(A)	Trust property in a trust established prior to April 7, 1986, for the sole benefit of a person who is developmentally disabled residing in an ICF-DD.
	(B)	Trust property in a trust for which the grantee is a disabled child under the decision in Sullivan v. Zebley, 493 U. S. 521 (1990).
	(C)	Trust property or any portion of trust property that cannot be made available to the member of the financial responsibility group, either through full exercise of the trustee's discretion under the terms of the trust or through revocation of the trust by a member of the financial responsibility group.
	(D)	Trust property in a trust established by persons other than the individual or the individual's spouse (known as a third-party trust) unless the terms of the trust permit the individual (or their spouse) to revoke the trust or to have access to it without trustee intervention.
	(E)	Trust property in an irrevocable trust, including a home placed in an irrevocable trust by an institutionalized individual who intends to return to it, from which no payment under any circumstances could be made to the individual.
	(F)	A special needs trust that contains the assets of an individual under the age of 65 who does or would meet the SSI criteria for disability, and meets all of the criteria below:
		<ul> <li>(I) Was established through the actions of a parent, grandparent, or legal guardian of the disabled individual, or by a court;</li> </ul>

- (II) Was established for the sole benefit of the disabled individual which means that no person or entity except the disabled individual can benefit from the trust in any way, until after the death of the disabled individual and then not before Vermont Medicaid receives sums owed under the payback provision under (III) below; and
- (III) Includes a payback provision which requires that, upon the death of the disabled individual, any amounts remaining in the trust will first be paid to Vermont Medicaid in an amount equal to the total Medicaid payments made on behalf of the disabled individual.
- (G) A pooled trust that contains the assets of an individual who does or would meet the SSI criteria for disability, and meets all of the criteria below:
  - Was established and administered by a nonprofit association;
  - (II) Maintains a separate account for the disabled individual, but assets are pooled for investing and management purposes;
  - (III) The separate account was established for the sole benefit of the disabled individual;
  - (IV) The account was established through the actions of the disabled individual, their parent, grandparent or legal guardian, or by a court; and
  - (V) The trust contains a pay-back provision which requires that to the extent any amounts in the separate account for the disabled individual upon their death are not retained by the trust, such amounts will first be paid to Vermont Medicaid in an amount equal to the total Medicaid payments made on behalf of the disabled individual.
  - (VI) Any asset of the disabled individual that is added to the trust after the disabled individual reaches the age of 65 may be subject to transfer penalty (see § 25.00) for purposes of the disabled individual's eligibility for MABD for long-term care services.
- (iii) In the case of a trust with more than one grantor, these exclusions apply only to that portion of the trust attributable to the income or resources of a member of the financial responsibility group. In the case of a trust with more than one grantee, the

		exclusions apply only to that portion of the trust
		available for the benefit of a member of the financial responsibility group.
(2) Trusts excluded due to hardship	(i)	Trust property that has not been distributed may be excluded if counting it as a resource would cause undue hardship to a grantor or grantee who is a member of the financial responsibility group.
	(ii)	Undue hardship includes situations in which a member of the financial responsibility group or someone in the member's immediate family would be forced to go without life-sustaining services because the trust property could not be made available to pay for the services. For this purpose, the immediate family includes the member's spouse, children, brothers, sisters, and parents.
	(iii)	The following situations also would cause undue hardship:
	(A)	Funds can be made available for medical care only if trust property is sold, and this property is the sole source of income for the member or someone in the member's immediate family; and
	(B)	Funds can be made available for medical care only if income-producing trust property is sold and, as a result of this sale, the member or someone in the member's immediate family would qualify for SSI, Reach Up, AABD, General Assistance, 3SquaresVT, or another public assistance program requiring a comparable showing of financial need.
	(iv)	Undue hardship does not exist when application of the trust regulations does not cause risk of serious deprivation to the member of someone in the member's immediate family.
	(v)	An individual claiming undue hardship must submit a written request and any supporting documentation. Claims of undue hardship are forwarded to the DCF commissioner's designee for evaluation. Required documentation from the individual can include, but is not limited to, the following:
	(A)	A statement from the individual's attorney, if one was involved;
	(B)	Verification of medical insurance coverage and statements from medical providers relative to usage not covered by the insurance; or
	(C)	A statement from the trustee of the trust.
	(vi)	When application of trust provisions are waived

	(vii)	because they would cause the individual undue hardship, only amounts actually distributed from the trust and held for more than a month are counted as a resource.  Request for consideration of undue hardship does not limit an individual's right to appeal denial of eligibility for any reason, including the determination of undue hardship.
(f) Early withdrawal and surrender penalties	6 r r r	Early withdrawal penalties and surrender fees assessed by a financial institution are excluded to the extent that they reduce the value of a countable resource that has been liquidated. Examples of resources to which this exclusion applies are retirement funds, annuities, bonds, and certificates of deposit.
		ncome tax withholding and tax penalties for early withdrawal are not excluded.
(g) Jointly-owned accounts	A jointly-owned account in a financial institution is excluded as a resource only if the owner rebuts the presumption of availability by:	
	; ( f a f	Submitting a statement, along with a corroborating statement (or statements) from the other joint owner (or owners) of the account, regarding who owns the funds in the joint account, why there is a joint account, who has made deposits to and withdrawals from the account, and how withdrawals have been spent;
	` ′	Submitting account records showing deposits, withdrawals, and interest, if any, in the months for which ownership of funds is at issue; and
	(3)	Taking one of the following two actions:
	(i)	If the member of the financial responsibility group owns none of the funds in the account, correcting the account title to show that the member is no longer a co-owner of the account; or
	(ii)	If the member owns only a portion of the funds in the account, separating the funds owned by other account owners from the member's funds and correcting the account title on the member's funds to show they are solely owned by the member.

(h) Fiduciary for a joint fiduciary account 18			
(1) Definition: Joint fiduciary account	A deposit in a financial institution in the name of an owner naming one or more fiduciaries. The owner makes a clear statement about how the money can be used, and the fiduciary is required to follow those instructions and keep track of how the money is spent.		
(2) Exclusion	When an individual owns a joint fiduciary account, it is counted as a resource. When an individual is designated a fiduciary of a joint fiduciary account, the joint fiduciary account is an excluded resource for the fiduciary.		
(i) Other excluded resources			
(1) Household goods, personal effects and other personal property	(i) Except as provided in (ii), home furnishings, apparel, personal effects, and household goods are excluded as resources. Tools, equipment, uniforms and other nonliquid property required by the owner's employer or essential to the owner's self-support are also excluded as resources.		
	(ii) Items an owner acquires or holds because of their value or as an investment are not excluded.		
(2) Vehicles	(i) Except as provided in (ii), all automobiles are excluded as resources. Other vehicles, such as trucks, boats, and snowmobiles, are excluded only if they are used to provide necessary transportation (i.e., an automobile is unavailable or cannot be used to transport the aged, blind or disabled individual).		
	<ul> <li>(ii) Automobiles or other vehicles an owner acquires or holds because of their value or as an investment are not excluded.</li> </ul>		
(3) Independent living contracts			
(i) Definitions			
(A) Contracts for medical care, assistive technology devices, and home modifications	Any written agreement, contract, or accord (including modifications) for reasonable and necessary medical care, assistive technology devices, or home modifications not covered by Medicare, private insurance, or Medicaid and determined by AHS to be needed to keep an individual at home and out of a skilled nursing facility.		
(B) Medical care	Care not covered under AHS's Choices for Care program, including but not limited to, general supervision when required by the cognitive impairment of the individual and/or unstable		

<sup>&</sup>lt;sup>18</sup> 8 VSA § 14212

	medical condition	on that requires monitoring of the individual.
(C) Assistive technology devices	Any item, piece of equipment or product system whether acquired commercially off the shelf, modified, or customized, to increase, maintain, or improve the individual's functional capabilities.	
(D) Home modifications	Physical adaptations to the individual's home that ensure the health and welfare of the individual, or that improve the individual's ability to perform activities of daily living or instrumental activities of daily living.	
(ii) Exclusion	Resources set aside under a contract or contracts for medical care, assistive technology devices, or home modifications are considered to be available resources unless all of the following criteria are met:	
	` '	e contract is in writing and signed before any vices are provided;
	hel res	e funds, not to exceed a total of \$30,000, are d in a separate bank account from other ources in the sole name of the individual olying for MABD;
		y amounts due are paid after the services are dered;
	(D) The	e payments for:
	(1)	Medical care or assistive technology services do not exceed \$500 per month; and
	(II)	Home modifications do not exceed a one-time expenditure of \$7,500;
	pro suc and the pro <u>put</u>	e payments to nonlicensed individuals or viders do not exceed the fair market value of the services being provided by similarly situated detrained nonlicensed individuals, not to exceed amount paid under AHS's Choices for Care gram (see <a href="http://www.ddas.vermont.gov/ddas-blications/publications-ddas/service-codes-rates-03-06-13">http://www.ddas.vermont.gov/ddas-blications/publications-ddas/service-codes-rates-03-06-13</a> ).
	be exp	priodic accountings, as requested by AHS, must provided specifying the amount of each penditure, who was paid, the service given, and number of hours and dates of service covered;
		e individual has the power to modify, revoke or minate the contract for care;
		e contract ceases upon the death of the ividual. It also ceases upon the individual's

	admission to an institution for long term care services for more than 45 days if not eligible for the home upkeep deduction under § 24.04(d), or 6 months if eligible for the deduction. In addition, revocation or termination of the contract ceases the agreement.
	(I) Upon cessation of the contract as specified above, any remaining balance of funds shall be treated as
	<ul><li>(I) An asset of the individual's estate, if the individual is deceased;</li></ul>
	(II) An available resource that may not be converted to an excluded resource and must be applied at the Medicaid pay rate toward long term care services if the individual is admitted to an institution for long-term care services for more than 6 months. In cases where the individual dies before the resource is fully expended, the remainder shall become an asset of the individual's estate; or
	(III) An excluded resource, if the individual revokes or terminates the contract and continues to receive services under AHS's Choices for Care program.
(4) Cash/liquid resources	Income is excluded as a resource in the month of receipt, such as an automatic deposit of a social security check into a checking account.
	(ii) Liquid resources used in the operation of the owner's trade or business as property essential to self-support are excluded.
(5) Exclusion of retirement funds	(i) Any retirement fund owned by a member of the financial responsibility group is excluded when:
	(A) The member must terminate employment in order to obtain any payment from the fund;
	(B) The member is not eligible for periodic payments from the fund and does not have the option of withdrawing a lump sum from the fund; or
	(C) The member is drawing on the retirement fund at a rate consistent with their life expectancy, as specified in § 25.03(b).
	(ii) If the member is eligible for periodic payments or a lump sum, the member must choose the periodic payments. If the member receives a denial on a claim for periodic retirement benefits, but can withdraw the funds in a lump sum, the lump sum value is counted in the resources determination for

	the month following that in which the member receives the denial notice.	
	(iii) When a member of the financial responsibility group is seeking MABD for long-term care services and has a spouse, any retirement fund held by the member in an individual retirement account (IRA) or in a work-related pension plan (including Keogh plans) as defined by the Code, does not require a change in the title of ownership in order for the fund to be treated as an excluded resource for the benefit of the spouse.	
(6) Tax refunds	Tax refunds on real property, income, and food are excluded as resources.	
(7) Student benefits	Any portion of any grant, scholarship, or fellowship used to pay fees, tuition, or other expenses necessary to securing an education is excluded. Portions used to defray costs of food or shelter must be counted.	
(8) Savings from excluded income	Savings from excluded income and resources are excluded as resources. This includes, but is not limited to, the following:	
	(i) Liquid resources, including interest earned by the resources accumulated from earnings by a person working with disabilities (see § 8.05(d)) on or after January 1, 2000, and kept in a separate bank account from other liquid resources, unless no bank within a reasonable distance from the person's residence or place of work permits the person working with disabilities to establish a separate account without charging fees; and	
	(ii) Nonliquid resources purchased by a person working with disabilities on or after January 1, 2000, with savings from earnings or with a combination of savings from earnings and other excluded income or resources.	
(9) Resources excluded by federal law	The following are excluded by federal law from both income and resources:	
	(i) The value of meals and food commodities distributed under the National School Lunch Act and the Child Nutrition Act.	
	(ii) The value of 3SquaresVT or 3SquaresVT cash-out checks.	
	(iii) The value of food or vouchers received through the WIC Program.	
	(iv) The value of food or meals received under the Older	

Americans Act.

- (v) Compensation or remuneration received for volunteer work in ACTION programs including foster grandparents, RSVP, SCORE, ACV, ACE, VISTA, Senior Companion Program and UYA.
- (vi) The value of assistance received under the U. S. Housing Act, U. S. Housing Authorization Act and the Housing and Urban Development Act.
- (vii) The value of relocation assistance to displaced persons under the Uniform Relocation and Real Property Acquisition Policies Act.
- (viii) Per capita distributions to certain Indian Tribes and receipts from lands held in trust for certain Indian Tribes.
- (ix) Payments received under the Alaskan Native Claims Settlement Act.
- Grants or loans received for educational purposes under any U. S. Department of Education program.
- (xi) Any assistance received under the Emergency Energy Conservation or Energy Crisis Program.
- (xii) Any assistance received under the Low-Income Home Energy Assistance Act, either in cash or through vendor payments.
- (xiii) Compensation paid to Americans of Japanese or Aleut ancestry as restitution for their incarceration during World War II.
- (xiv) Agent Orange Settlement payments.
- (xv) German reparations to concentration camp survivors, slave laborers, partisans, and other victims of the Holocaust. Settlement payments to victims of Nazi persecution or their legal heirs resulting from the confiscation of assets during World War II.
- (xvi) War reparations paid under the Austrian government's pension system.
- (xvii) Radiation Exposure Compensation Trust Fund payments.
- (xviii) Assistance received under the Disaster Relief and Emergency Assistance Act or other assistance provided under a Federal statute because of a catastrophe which is declared to be a major disaster by the President of the United States. Comparable

	assistance received from a State or local government, or from a disaster assistance organization is also excluded. Interest earned on the assistance is also excluded.  (xix) Netherlands' Act on Benefits for Victims of
	Persecution 1940-1945 payments.
	(xx) Any account, including interest or other earnings on the account, established and maintained in accordance with § 1631(a)(2)(F) of the Act. These accounts are established with retroactive SSI payments made to a child under age 18 and used in ways specified in the Act. The exclusion continues after the child has reached age 18.
	(xxi) Earnings deposited in a special savings account under the Tangible Assets project managed by the Central Vermont Community Action Council and authorized by PRWORA.
	(xxii) Payments as the result of a settlement in the case of Susan Walker v. Bayer Corporation, et al. made to hemophiliacs who contracted the HIV virus from contaminated blood products.
	(xxiii) Any resource of a blind or disabled individual that is necessary for them to carry out their approved Plan for Achieving Self-Support (PASS). The plan must be approved by the SSA.
(10) Exclusions for limited periods	The following resources are excluded for specific periods:
(i) Retroactive Social Security and SSI/AABD	Retroactive payments of SSI, the AABD supplement to SSI, or Social Security benefits for nine months beginning with the month after the month of receipt. These payments are also excluded as resources during the month of receipt.
(ii) Funds for replacing excluded resources	Cash and interest earned on that cash received from any source, including casualty insurance, for the purpose of repairing or replacing an excluded resource that is lost, stolen, or damaged, if used to replace or repair that resource. The exclusion is allowed for nine months from the month of receipt. An extension of an additional nine months can be granted for good cause.
(iii) Earned income tax credit	State and federal earned income tax credit refunds and advance payments for nine months beginning with the month after the month of receipt.
(iv) Medical or Social Services payments	Cash received for medical or social services for the calendar month following the month of receipt. In the month following the month of receipt, it is counted as a resource if it has been retained.

(v) Victim's compensation payments	State-administered victims' compensation payments for nine months after the month of receipt.		
(vi) Relocation payments	State and local government relocation payments for nine months after the month of receipt.		
(vii) Expenses from last illness and burial	Payments, gifts, and inheritances occasioned by the death of another person provided that they are spent on costs resulting from the last illness and burial of the deceased by the end of the calendar month following the month of receipt.		
(11) Exclusion of U. S. savings bonds	(i) A U. S. savings bond is excluded as a resource during its minimum retention period if the owner of the savings bond requested a hardship waiver based on financial need due to medical expenses and received a denial from the United States Department of the Treasury, Bureau of Public Debt, Accrual Services Division in Parkersburg, P. O. Box 1328, Parkersburg, West Virginia 26106-1328.  (ii) Upon verification of a denial of a hardship waiver, as		
	described above, a U. S. savings bond is considered an available resource of the owner following the expiration of the minimum retention period. Once the minimum retention period expires, the denial of a hardship waiver is not a basis for exclusion of new bond purchases or other excluded assets purchased with the proceeds.		
	(iii) A U. S. savings bond purchased before June 15, 2004, that has its minimum retention period expire after that date, continues to be an excluded resource if it is not redeemed, exchanged, surrendered, reissued, used to purchase or fund other excluded assets, or otherwise becomes available.		
(12) Home-based long-term care disregard	An additional resource disregard of \$3,000 to the standard \$2,000 resource disregard is allowed for an aged or disabled individual without a spouse who resides in and has an ownership interest in their principal place of residence and chooses MABD for long-term care services to be provided -in their residence provided all other eligibility criteria are met. This additional resource disregard remains available until the individual begins receiving MABD for long term care services in an institution or in a residential care home that provides enhanced residential care services. Thereafter, if the individual meets the requirements for a home upkeep deduction (see § 24.04(d)), they are eligible to continue this resource disregard for up to 6 months.

	Unless an exception under paragraph (d) below applies, the ownership interests of resources of the members of the financial responsibility group are valued according to these general rules.	
	(1)	Resources not excluded under § 29.08 are valued at their equity value (see (b) below for definition of equity value).
	(2)	The portion of jointly-owned resources not excluded and countable toward the MABD resource limit is determined according to the rules in paragraph (c) below.
	(3)	The equity value of any resource owned entirely by members of the financial responsibility group and not excluded under § 29.08 is counted toward the MABD resource limit.
(b) Definition: Equity value	(1)	The fair market value of the resource minus the total amount owed on it in mortgages, liens, or other encumbrances.
	(2)	The original estimate of the equity value of a resource is used unless the owner submits evidence from a disinterested, knowledgeable source that, in AHS's judgment, establishes a reasonable lower value.
(c) Counting jointly-owned resources		
(1) In general	(i)	This paragraph defines each type of joint ownership and the amount of the resource that is counted when ownership is shared.
	(ii)	When two or more parties share rights to sell, transfer, or dispose of part or all of personal or real property, the ownership share held by members of the financial responsibility group is counted as prescribed by state law. Shared ownership or control occurs in different forms, including tenancy-in-common, joint tenancy, and tenancy-by-the-entirety. The type of shared ownership involved is determined and used to compute the countable value of the resource. If an individual submits evidence supporting another type of shared ownership, AHS will make a decision about which type applies. If AHS decides not to use the type submitted by the individual, it will provide the individual with a written notice stating the basis for its decision.
	(iii)	Under Vermont law, a co-owner may demand

	partition, the dividing of lands held by more than one person. For this reason, AHS counts the individual's proportionate share of the lands as an available resource, unless excluded as a home or property up for sale.
(2) Definition: Tenancy-in- common	(i) In tenancy-in-common, two or more parties each have an undivided fractional interest in the whole property. These interests are not necessarily equal. One owner may sell, transfer or otherwise dispose of their share of the property without permission of the other owner(s) but cannot take these actions with respect to the entire property.
	(ii) When a tenant-in-common dies, the surviving tenant(s) has no automatic survivorship rights to the deceased's ownership interest in the property.  Upon a tenant's death, their interest passes to their estate or heirs.
	(iii) Tenancy-in-common applies to all jointly-owned resources when title to the resource does not specify joint tenancy or tenancy-by-the-entireties.
	(iv) See (c)(5) below for how a resource owned by a member of the financial responsibility group as a tenant-in-common is counted.
(3) Definition: Joint tenancy	(i) In joint tenancy, each of two or more parties has an undivided ownership interest in the whole property. In effect, each joint tenant owns all of the property. When the property is personal property, the interests of the joint tenants are equal. When the property is real property, the interests of the joint tenants can be equal or unequal (unless the instrument creating the joint tenancy contains language indicating a contrary intent, the joint tenants' interests are presumed to be equal <sup>19</sup> ).
	(ii) Upon the death of only one of two joint tenants, the survivor becomes the sole owner. Upon the death of one of three or more joint tenants, the survivors become joint tenants of the entire interest. For real property, the deceased joint tenant's interest is allocated among the surviving joint tenants in proportion to their respective interests at the time of the deceased joint tenant's death unless the instrument creating the joint tenancy contains language indicating a contrary intent. <sup>20</sup>

<sup>&</sup>lt;sup>19</sup> 27 VSA § 2(b)

<sup>&</sup>lt;sup>20</sup> ld.

	(iii) See (c)(5) below for how a resource owned by a member of the financial responsibility group as a joint tenant is counted.	
(4) Definition: Tenancy-by-the- entirety	Tenancy-by-the-entirety can only exist between members of a married couple, including parties to a civil union.	
	(ii) The couple, as a unit, owns the entire property which can be sold only with the consent of both parties.	
	(iii) Upon the death of one tenant-by-the-entirety, the survivor takes the whole. Upon legal dissolution, the former couple become tenants-in-common (see (c)(2) above), and one can sell their share without the consent of the other.	
	(iv) When a member of the financial responsibility group owns a resource as a tenant-by-the-entirety, the entire equity value of the resource is counted as available to the member.	
(5) Countability		
(i) General rule for tenancy-in- common and joint tenancy	With the exception noted in (ii) below and subject to the presumption under § 29.09(d)(3) regarding real property joint ownerships created within 60 months prior to the date of the MABD application, AHS assumes, absent evidence to the contrary, that each owner of shared property owns only their fractional interest in the property. The total value of the property is divided among all of the owners in direct proportion to the ownership share held by each.	
(ii) Exception: Accounts in financial institutions	For an account in a financial institution, AHS assumes that all of the funds in the account belong to the individual. If another member (or members) of the individual's financial responsibility group is on the account, AHS assumes the funds in the account belong to those account owners in equal shares.	
(d) Exceptions to general valuation rule	The following paragraphs describe exceptions to the general valuation rules described in paragraph (a) above.	
(1) Annuities	Unless an annuity is excluded as a resource under § 29.08(d)(1) or, for purposes of MABD for long term care services, treated as a transfer under § 25.03(h), the fair market value of an annuity is counted. The fair market value is equal to the amount of money used to establish the annuity and any additional payments used to fund the annuity, plus any earnings and minus any early withdrawals and surrender fees. If evidence is furnished from a reliable source showing that the annuity is worth a lesser amount, AHS will consider a lower value. Reliable sources include banks, other financial institutions, insurance companies, and brokers, as well as any	

	other source AHS considers, in its discretion, to be reliable.	
(2) Life estates	Unless a life estate interest in property is excluded under § 29.08(a)(6) or the fair market value of the entire property (the life estate and the remainder) is counted as a resource, the fair market value of a life estate interest in property is established by multiplying the fair market value of the property at the time the life estate interest was created by the number in the life expectancy table that corresponds with the individual's age at that time. The life estate table is found in the SSA's POMS at SI 01140.120 (https://secure.ssa.gov/apps10/poms.nsf/lnx/0501140120). If an individual submits evidence supporting another method of establishing the fair market value of a life estate, AHS will make a decision about what method to use. If AHS decides not to use the method submitted, it will provide the individual with a written notice stating the basis for its decision.	
(3) Jointly-owned real property	Regardless of a co-owner's refusal to sell jointly-owned real property pursuant to the resource exclusion under § 29.08(a)(5)(i), AHS presumes that a member of the financial responsibility group that owns real property jointly with another person (or persons) owns the entire equity value of the real property if the joint ownership was created less than 60 months prior to the date of the MABD application. This presumption may be rebutted by a showing, through reliable sources, that the other joint owner (or owners) purchased shares of the property at fair market value. Reliable sources include cancelled checks or property transfer tax returns. When it has been established that one or more other co-owners purchased their shares of the property, the proportional interest owned by the member is counted.	
(4) U. S. savings bonds	Unless a U. S. savings bond is excluded under § 29.08(i)(11), it is counted as a resource beginning on the date of purchase. To establish the value of the bond, the Savings Bond Calculator or the Comprehensive Savings Bond Value Table on the U. S. Bureau of Public Debt's internet website at <a href="https://www.publicdebt.treas.gov/sav/savcalc.htm">www.publicdebt.treas.gov/sav/savcalc.htm</a> is used. Alternately, AHS obtains the value by telephone from a local bank. The following general rules apply to valuation:  (i) Series E and EE bonds are valued at their purchase price.  (ii) Series I bonds are valued at their face value.  (iii) Service HH bonds are valued at their face value.	
(5) Income-producing promissory notes and contracts	(i) Unless the promissory note or other income- producing resource (contract) is excluded under § 29.08(d)(2) or, for purposes of MABD for long-term care services, treated as a transfer under § 25.03(i), the fair market value of a promissory note or contract is counted. Regardless of negotiability, fair	

Part 5 – Page 48 (Sec. 29.00, Sub. 29.09)

	market value equals the amount of money used to establish the note or contract and any additional payments used to fund it, plus any earnings and minus any payments already received. If evidence is furnished to AHS of a good faith effort to sell the note or contract by obtaining three independent appraisals by reliable sources which reflect that the value of the note or contract is less than fair market value, AHS will consider the note or contract available to its owner only in the amount of this discounted value. Reliable sources include banks, other financial institutions, insurance companies, and brokers, as well as any other source AHS considers, in its discretion, to be reliable.
	(ii) For an individual requesting MABD for long-term care services, a note or contract valued at a discount either will be treated as an available resource at the discounted amount or subject to a transfer penalty to the extent of the amount discounted from the fair market value, in the discretion of AHS. Where the note or contract is determined to have no value on the open market, a transfer penalty will be applied for the full value used to establish the note or contract and any additional payments used to fund it, plus any earnings and minus any payments already received.
(6) Substantial home equity	
(i) Definition: Home equity	The value of a home based on the town's assessment adjusted by the common level of appraisal (CLA), minus the total amount owed on it in mortgages, liens, or other encumbrances. When an individual requesting MABD owns their home in a joint ownership with someone other than their spouse, absent evidence to the contrary, the individual's equity interest in the home is reduced by the amount of the other joint owner's equity interest when the other joint owner resides in the home.
(ii) Counting rule	(A) A home is considered a resource, for purposes of eligibility for MABD for long term care services, when the owner's equity in the home is substantial. See Vermont's Medicaid Procedures Manual for the current substantial home equity limit. The substantial home equity limit increases from calendar year to year based on the percentage increase in the consumer price index for all urban consumers (all items; United States city average) rounded to the nearest \$1,000.
	(B) Substantial home equity precludes payment for MABD for long-term care services unless one of the following individuals lawfully resides in the home:

	Ţ	
	(I) The owner's spouse;	
	(II) The owner's child who is under age 21; or	
	(III) The owner's child who is blind or permanently and totally disabled, regardless of age.	
	(C) A individual with excess equity in their home who is found ineligible for MABD for long-term care services may receive other Medicaid services besides long-term care services if they meet the eligibility criteria for a coverage group that covers services other than long-term care services.	
(iii) Hardship waivers	An individual who is ineligible for MABD for long-term care services due to excess equity in their home may request an undue hardship waiver based on the criteria specified at § 25.05.	
(iv) Reverse mortgages and home equity loans	An individual is permitted to use a reverse mortgage or home equity loan to reduce their equity interest in their home. In such circumstances, the funds are valued as follows:	
	(A) The existence of a line of credit is not considered to diminish the equity value except in amounts from the line of credit actually paid to the borrower.	
	(B) During the month of receipt, lump-sum payments are an excluded resource (§ 29.08(a)(4)) and proceeds paid in a stream of income are excludable income (§ 29.13(b)(30)). Lump sum payments from home equity loans retained for more than a month continue to be an excluded resource. Lump sum payments and streams of income are subject to transfer penalties if given away in the month of receipt or thereafter.	
29.10 Determination of countable resources ( <u>91/01/2914, 13-4607/15/2914, 14-04P03/31/2014, 14-02E</u> 10/01/2013, 13-12FP)		
(a) In general	Countable resources are determined by combining the resources of the members of the financial responsibility group, as described in § 29.03, and comparing them to the resource standard of the Medicaid group, as described in § 29.04. Countable resources are determined for different types of Medicaid groups: adults without spouses, adults with spouses, children, and individuals requesting MABD for long-term care services. If the resources of the Medicaid group fall below or are equal to the applicable resource standard, the resource test is passed. If an excess resource amount remains after all exclusions have been applied (see § 29.08), the individual has not passed the resource test. An individual may become eligible for MABD by spending down or giving away excess resources as provided in § 30.00 subject to transfer of resource rules (see § 25.00) for those seeking MABD for long-term care

	services.	
(b) Determining countable resources for individuals other than children	The general rule in paragraph (a) above is followed to determine whether total resources, after exclusions, of an individual other than a child falls below the resource maximum for one.	
(c) Determining countable resources for individuals with spouses and not in long-term care	The general rule in paragraph (a) above is followed to determine whether the total resources, after exclusions, of an individual living with their spouse and requesting MABD, other than MABD for long-term care services, falls below the resource maximum for two.	
(d) Determining countable resources for children	(1) Unless otherwise specified in the coverage group rules at §§ 8.05 and 8.06, the countable resources of an eligible child are determined by:	
	(i) Combining the resources of the parents living with the child with the child's resources, until the child reaches the age of 18;	
	(ii) Subtracting the resource maximum for one, if one parent, or two, if two parents, from the parent's countable resources; and	
	(iii) Deeming and adding the remainder to the child's own countable resources.	
	(2) If the child's total countable resources fall below the resource maximum for one, the resource test is passed.	
(e) Determining countable resources for individuals requesting long term care who have spouses	For an individual requesting MABD for long-term care services who has a spouse, the resource evaluation process of assessment and allocation is performed as set forth in this paragraph at the beginning of the first continuous period of long-term care. An individual discharged from long-term care and readmitted later does not undergo these steps again; only the resources of, and any new transfers by, the readmitted individual are counted. An institutionalized spouse (sometimes referred to in this rule as the "IS") who receives additional resources after allocating less than the community spouse resource allocation (CSRA) maximum to their community spouse (sometimes referred to in this rule as the "CS") and being found eligible for MABD for long-term care services, may, until the first annual review of their eligibility, continue to transfer resources to the CS up to a combined total transfer of no more than the CSRA maximum. After the IS's first regularly-scheduled annual redetermination of eligibility, no further transfers are allowed even if the CSRA maximum has not been allocated to the CS; the rules regarding transfers apply after the IS's first regularly-scheduled annual redetermination (see § 25.00).	

(1)	Assessment of resources for individuals with community spouses	At the time of admission to long-term care and application for MABD for long-term care services, including long-term care services in the individual's home or community-based setting, AHS completes an assessment of resources. An individual or their spouse may also request a resource assessment prior to admission to long-term care. AHS provides a copy of the assessment to each spouse and retains a copy. The assessment must include at least:	
		(i)	The total value of countable resources in which either spouse has an ownership interest;
		(ii)	The basis for determining total value;
		(iii)	The spousal share or one-half the total;
		(iv)	Conclusion as to whether the IS would be eligible for MABD based on resources;
		(v)	The highest amount of resources the IS and CS may retain and still permit the IS to be eligible;
		(vi)	Information regarding the transfer of assets policy; and
		(vii)	The right of the IS or the CS to a fair hearing at the time of application for MABD.
(2)	Allocation of resources for individuals with community spouses	(i)	An allocation of resources is completed at the time of the IS's application for MABD for long-term care services, as follows:
		(A)	The total countable resources of the couple are determined at the time of the application for MABD for long-term care services, regardless of which spouse has an ownership interest in the resource;
		(B)	The greatest of the following is deducted:
			(I) CSRA maximum;
			(II) Amount set by a fair hearing, or
			(III) Amount transferred from the IS to the CS under a court order.
		(ii)	The remaining resources allocated to the IS are compared to the resource maximum for one to determine whether or not the IS passes the MABD resource test. If the IS does not pass the resource test, see the spenddown provisions at § 30.00.
		(iii)	The resources of the CS are considered available to the IS until the month after the month in which the IS becomes eligible for MABD for long-term care services. If the CS fails to make the resources

	acceptible to the IC often ALIC beg determined the	
	accessible to the IS, after AHS has determined that they are available, AHS may still grant the IS MAB for long-term care services if:	
	(A) The IS assigns any rights to support from the CS AHS; or	to
	(B) Denial of MABD for long-term care services would work an undue hardship, as specified in § 25.05.	t
	(iv) The CS is provided with the amount determined to be the share of the CS (or to someone else for the sole benefit of the CS). Any transfer of resources from the IS to the CS must be completed by the ne review of eligibility of the IS. The transfer will be verified at the next regularly scheduled redetermination of the IS's eligibility.	
	(v) For purposes of allocation, an "assisted living" facility is considered a community setting and not a institution for long term care services provided that the assisted living facility does not include 24-hour care, has privacy, a lockable door, and is a homeli setting. An IS is permitted to allocate income and resources to a CS when the CS resides in an assisted living facility.	t

(a) Definition: Income	Any form of cash payment from any source received by an individual or by a member of the individual's financial responsibility group. Income is considered available and counted in the month it is received or credited to the individua with the exception of a lump sum receipt of earnings such as sale of crops or livestock. These receipts are only counted if received during the six-month accounting period and are averaged over the six-month period.	Ι
(b) Counting rules	(1) All earned and unearned income of an individual whis aged, blind or disabled and of the members of the individual's financial responsibility group is counted except income that is specifically excluded (see § 29.13) or deducted (see § 29.15). All countable income is verified.	-

(a) In general		section describes the kinds of income considered when ing MABD eligibility.
(b) Earned income	Earned in	ncome includes the following:
	(1)	Gross salary, wages, commissions, bonuses, severance pay received as a result of employment.
	(2)	Income from self-employment (see (c) below for more information about self-employment income).
	(3)	Payments from Economic Opportunity Act of 1964 programs as recipients or employees, such as:
	(i)	Youth Employment Demonstration Act Programs;
	(ii)	Job Corps Program (Title I, Part A);
	(iii)	Work Training Programs (Title I, Part B);
	(iv)	Work Study Programs (Title I, Part C);
	(v)	Community Action Programs (Title II); and
	(vi)	Voluntary Assistance Program for Needy Children (Title II); and
	(4)	Income from:
	(i)	Employment under Title I of the Elementary and Secondary Education Act (e.g., as a teacher's aide, lunch room worker, etc.);
	(ii)	Wages from participation in the Limited Work Experience Program under the Workforce Investment Act of 1998 (29 U. S. C. §794d); and
	(iii)	Earnings from the Senior Community Service Employment (SCSE) program.
(c) Self-employment income	(1)	Net earnings from self-employment are counted. Net earnings means gross income from any trade or business less the allowable deductions specified in § 29.15(a)(1).
	(2)	Tax forms are used to determine countable income from self-employment. An individual who states that the income on their tax forms is no longer reflective of

		their situation may submit alternate documentation.
		•
	(3)	When the individual's business has been the same for several years, income reported on tax forms from the last year is used.
	(4)	When the individual's business was new in the previous or current year and the individual has business records, income reported on tax forms and other available business records is divided by the number of months the individual has had the business.
	(5)	When the individual's business has no records, is seasonal or has unusual income peaks, income reported on the individual's signed statement estimating annual income is included.
(d) Unearned income	(1)	Any payment other than earned income from any source received by an individual or by a member of the individual's financial responsibility group. It is the gross payment, less allowable deductions at § 29.15(b). Periodic benefits received by an individual as unearned income are counted.
	(2)	Unearned income includes income from capital investments in which the individual is not actively engaged in managerial effort. This includes rent received for the use of real or personal property. Ordinary and necessary expenses of rental property such as interest on debts, state and local taxes, the expenses of managing or maintaining the property, etc. are deducted in determining the countable unearned income from this source. The deduction is permitted as of the date the expense is paid. Depreciation or depletion of property is not a deductible expense.
	(3)	Unearned income also includes, but is not limited to, the following:
	(i)	Social Security retirement, disability, SSI, or survivor benefits for surviving spouses, children of a decedent, and dependent parents;
	(ii)	Railroad Retirement;
	(iii)	Unemployment compensation;
	(iv)	Private pension plans;
	(v)	Annuities;
	(vi)	Interest earned on life insurance dividends;
<u> </u>		

- (vii) Regular and predictable voluntary cash contributions received from friends or relatives;
- (viii) Cash prizes or awards;
- (ix) Withheld overpayments of unearned income, unless the overpayment was counted as income in determining Medicaid eligibility in the month received;
- (x) Royalty payments to holders of patents or copyrights for which no past or present work was or is involved;
- (xi) Retroactive Retirement, Survivors and Disability Insurance (RSDI) benefits for an individual with drug addiction or alcoholism (such benefits are treated as if they had all been received in a lump sum payment, even if paid in installments);
- (xii) Veteran's Administration (VA) pension, compensation and educational payments that are not part of a VA program of vocational rehabilitation and do not include any funds which the veteran contributed:
- (xiii) Interest payments received by the individual on an income-producing promissory note or contract (such as a property agreement or loan agreement) when the individual is the lender and the note or contract is excluded as a resource under § 29.08(d)(2).
- (xiv) Alimony and support payments received; and
- (xv) Death benefits received by an individual to the extent the benefits exceed what was paid by the individual for the expenses of the deceased person's last illness and burial.

### (a) Earned income exclusions

The following are excluded from earned income:

- (1) Support service payments made directly to the providers of services in the Limited Work Experience Program under the Workforce Investment Act of 1998 (29 USC § 794d) or needs-based payments of \$10 per day made to participants in the program.
- (2) The earned income of an individual under the age of 22 who is a student regularly attending school. This applies to wages received from regular employment, self-employment, or payments from the Neighborhood Youth Corps, Work Study and similar programs.

	(3)	Infrequent or irregular earned income received, not to exceed \$30 per calendar quarter.
	(4)	Any in-kind assistance received from others.
	(5)	Earned Income Tax Credit payments (both refunds and advance payments).
	(6)	Earned income of a working disabled individual when performing the second step of the categorically-needy eligibility test redetermining net income, set forth in § 8.05(d).

(a) In general	(1)	The earned and unearned income of the members of the financial responsibility group is counted. Income is considered available and counted in the month it is received or credited to the member.
	(2)	The general approach AHS follows when it determines countable income for MABD is set forth below. These general rules apply to all individuals.
	(i)	Determine income of the financial responsibility group.
	(ii)	The income of all members of the financial responsibility group is combined, and the appropriate exclusions (see § 29.13) and standard deductions applied (see § 29.14).
	(iii)	Compare countable income to the applicable income standard.
	(iv)	An individual passes the income test when their Medicaid group's income does not exceed the appropriate PIL, or the applicable income maximum, whichever is higher. An individual with income greater than the applicable income standard may establish financial eligibility by incurring eligible medical expenses that at least equal the difference between their countable income and the applicable PIL.
	(3)	The following subsections specify how income is allocated and deemed based on the type of coverage sought and the size of the financial responsibility group.

 (b) Financial responsibility group of one individual seeking MABD other than MABD for long-term care Common financial responsibility groups of one include a single adult, an individual residing in a residential care home, and a child seeking Katie Beckett coverage. AHS determines countable income for an individual seeking MABD, other than MABD for long-term care services, with a financial responsibility group of one as follows:

- (1) Determine and combine the total countable unearned income of the individual.
- (2) Subtract a \$20 disregard unless all the unearned income is from a source that gives assistance based on financial need.
- (3) Deduct an allocation for each ineligible child in the household for whom the individual is financially responsible. The amount of each allocation is equal to the maximum allocation amount minus any countable income of the child. If the unearned income is not at least equal to the applicable allocation amount, any remaining allocation may be deducted from earned income.
- (4) Deduct from unearned income amounts used to comply with the terms of court-ordered support or Title IV-D support payments. If unearned income is insufficient, any remaining amounts may be deducted from earned income.
- (5) Determine and combine the individual's countable earned income.
- (6) Deduct any remaining amount of the \$20 disregard, allocations for children and child support payments from the earned income.
- (7) Deduct \$65 from the remaining earned income.
- (8) Deduct allowable work expenses for the disabled (§ 29.15(a)(3)).
- (9) Deduct one-half of the remaining earned income.
- (10) Deduct any allowable work expenses for the blind (§ 29.15(a)(2)).
- (11) Combine the remaining earned income with any remaining unearned income.
- (12) Deduct the amount of any income of a blind or disabled individual that is necessary for them to carry out a Plan to Achieve Self-Support (PASS), if applicable.

	(2	t	Allocate income at step (3). Income is allocated from the financial responsibility group to each member of the financial responsibility group who is not applying for MABD at step (3) in the following amounts:
		(i)	For a child, the difference between the SSI federal payment rate for one and the SSI federal payment rate for a couple is allocated. The allocation is reduced for ineligible children if they have income, unless the ineligible children are students with earned income. No allocation is made to children receiving public assistance.
		(ii)	For a parent in a one-parent financial responsibility group, the SSI federal payment for one is allocated.
		(iii)	For parents in two-parent financial responsibility groups, the SSI federal payment for two is allocated.
	(5	i (	Count income at step (13) for an individual requesting MABD who has a spouse. Countable income for an individual whose spouse is not requesting MABD is determined, according to the rules under paragraph (b) above, except at step (13) the countable income of the Medicaid group is compared to the PIL or the SSI/AABD payment standard for two, whichever is higher.
(d) Parent and child living toge seeking MABD, other than for long-term care services	MABD and a eligib count	child le ch able	ups include a parent who is aged, blind, or disabled d who is blind or disabled. When a parent and an ild in the same household both request MABD, income is determined as a financial responsibility wo as follows:

standard for two. If the parent's countable income is below the highest applicable income standard, the parent has passed the income test for eligibility. If the parent's income exceeds the highest applicable income standard, deem the amount of income in excess of the highest applicable income standard to the eligible child as unearned income. Determine the child's countable income by deeming any income from (1) above and then following the steps in paragraphs (e)(3)(iv) through (xiv). If the child's income is less than the PIL, both the parent and the child pass the income test for MABD eligibility. When both a parent and child have a spenddown requirement, the parent and child will pass the income test once the child's spenddown requirement has been met because the parent's excess income was deemed to the child. If the parent's spenddown requirement is less than the child's and the parent meets their spenddown requirement, the parent will become eligible. The child, however, will remain ineligible until the remainder of the child's spenddown is met. The parent's incurred eligible medical expenses are deducted from the spenddown requirements of both the parent and child because the parent's income was included in both income computations. (e) Children seeking MABD, other The provisions of this paragraph generally apply than MABD for long-term care when countable income for an eligible child is services (excluding Katie Beckett) determined as a financial responsibility group of one. They do not apply in the following contexts: Katie Beckett (see paragraph (b) above); A child whose parent also requests Medicaid (see paragraph (d) above); or (iii) Long-term care services (see paragraph (f) below). Since parents are financially responsible for their children, their income must be considered available to their eligible child requesting MABD, until the child reaches the age of 18. AHS determines countable income in applicable cases as follows: Determine the total countable income, both earned and unearned, of the parents living with the child. Deduct an allocation specified in paragraph (c)(2)(ii)(B) of (C) for the needs of the parents living

	in the	e household from the total countable income of

For this purpose, the individual is considered the Medicaid group as that term is used throughout this section.
	(2)	Spending down is the process by which a Medicaid group incurs allowable expenses to be deducted from its income or spends resources to meet financial eligibility requirements.
	(3)	Spenddown is calculated using an accounting period of either one or six months, depending on the type of MABD services requested (see § 30.02). For purposes of calculating the spenddown for an individual requesting MCA eligibility as medically needy, a six month accounting period is used.

In a community living arrangement, the individual requesting MedicaidMABD obtains and pays for basic maintenance items, such as food, shelter, clothing, personal needs, separately from medical care. The individual requesting MedicaidMABD may live alone, as a member of a family, or with non-relatives.  (2) An individual requesting MedicaidMABD for long-term
	care services is not considered to be in a community living arrangement.
(c) Hospice services	An individual receiving hospice services is considered to be in a long-term care living arrangement. An individual receiving hospice services is:
	(1) Terminally ill;
	(2) Would be eligible for MedicaidMABD for long-term care services if they lived in an institution; and
	(3) Needs additional interdisciplinary medical care and support services to enable them and their families to maintain personal involvement and quality of life in their choice of care setting and site of death.
(d) Long-term care living arrangement	An individual requesting <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services, including long-term care services in their home or in a community-based setting, is considered to be in a long-term care living arrangement. <a href="MedicaidMABD">MedicaidMABD</a> eligibility is determined according to long-term care Medicaid eligibility rules. Institutional living includes nursing facilities, rehabilitation centers, and intermediate care facilities for people with developmental disabilities_—(ICF-DD).
(e) Income spenddown	The amount of qualifying medical expenses a Medicaid group must incur to reduce its excess income to the maximum applicable to their MedicaidMABD coverage category.
(f) Resource spenddown	The amount a Medicaid group must spend to reduce its excess resources to the resource standard applicable to the appropriate MedicaidMABD coverage category.
(g) Waiver services	An individual receiving waiver services, as defined in § 3.00, is considered to be in a long-term care living arrangement. An individual receiving waiver services:
	(1) Would be eligible for Medicaid MABD for long-term care services if they lived in an institution; and
	(2) Needs enhanced residential care, home-and-community-based care, traumatic brain injury services, developmental disability services, or

(a) Accounting periods are based on living arrangements	requirement individual	th of the accounting period used to compute spenddown ents depends on the living arrangement of the I requesting MedicaidMABD. For the purposes of dMABD eligibility, an individual may be in a community ngement or a long-term care living arrangement.	
(b) Six-month accounting period for community living arrangement	(1)	A six-month accounting period is used to determine spenddown requirements for an individual in a community living arrangement.	
	(2)	The six-month period begins with the first month for which MedicaidMABD is requested, usually the month of application. If MedicaidMABD is requested for expenses incurred during any one or more of the three months preceding the month of application, the six-month period begins with the earliest of these three months in which expenses were incurred and the individual met all other eligibility requirements.	
	(3)	To determine the amount of income an individual must spend down, AHS makes reasonable estimates of future income, subject to review and adjustment if the individual's circumstances change during the remainder of the six-month accounting period.	
(c) One-month accounting period for long-term care living arrangement	(1)	A one-month accounting period is used to determine spenddown requirements for an individual in a long-term care living arrangement.	
	(2)	The one-month accounting period begins with the first calendar month during which the individual is in a long-term care living arrangement for any part of the month, applies for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services for that month, and meets the general and categorical requirements for <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services eligibility.	
	(3)	The one-month accounting period ends with the last calendar month during which the individual is in long-term care living arrangement for any part of the month and passes all other <a href="MedicaidMABD">MedicaidMABD</a> for long-term care services eligibility tests.	
30.03 Spend down of excess resources and income – in general (01/01/2014, 13-4607/15/2014, 14-04P03/31/2014, 14-02E10/01/2013, 13-			

## 12FP) An individual who passes all nonfinancial eligibility tests may qualify for Medicaid MABD by spending down the income or resources, if applicable, that are in excess of the maximums applicable to them. The income and resource maximums for each MABD eligibility category are specified in the descriptions found in §§ 8.05 and 8.06. Income and resource maximums can also be found, and in Vermont's Medicaid Procedures Manual. 30.04 Resource spenddowns (01/01/2014, 13-4607/15/2014, 14-04P03/31/2014, 14-02E<del>10/01/2013, 13-12FP</del>) An individual requesting MABD with excess resources (a) Spending down excess resources is determined to have passed the resource test upon proof that the excess resources are no longer held as a resource and have actually been spent or given away. However, an individual with excess resources seeking Medicaid MABD for long-term care services is subject to the transfer-of-resource provisions at § 25.00 if they spend or give away excess resources within the penalty period specified in § 25.04. MABD may be granted for the month of application if the resource test is passed at any point in the month and all other eligibility criteria are met. Resources may rise above the resource maximum, for example, due to interest added to bank accounts or failure to use the full monthly income amount protected for maintenance expenses during the month it is received. An individual enrolled in MABD may maintain MABD eligibility for any month in which resources exceed the resource maximum by taking any action that reduces the excess amount, including giving the excess to AHS to repay expenditures on the individual's care. As long as resources are reduced to the resource maximum before the end of the month during which resources exceed the limit, MABD continues without interruption. When a third party who handles any resources of an individual receiving MABD or of a member of the individual's financial responsibility group is unaware of a resource or its value, AHS provides uninterrupted MABD to the individual as long as the excess amount is paid to AHS as a recovery of Medicaid payments. Excess resources reimbursed to AHS in these situations will not result in ineligibility. One or more of the following actions may be taken to reduce (b) Retroactive coverage excess resources in order to qualify for MABD up to three months prior to the month of application as long as all other

	eligibility tests are passed:
	(1) Set up a burial fund that meets the requirements specified in § 29.08 for an excluded resource.
	(2) If countable income is less than the applicable PIL, spend resources on maintenance expenses, such as housing, food, clothing and fuel, up to a maximum per month of the difference between the countable income and the applicable PIL.
	(3) Spend excess resources on covered or noncovered medical expenses.
30.05 Income spend 14-02E10/01/2	ldowns ( <del>01/01/2014, 13-4607/15/2014, 14-04P</del> 03/31/2014, <del>013, 13-12FP</del> )
(a) Spending down excess income on medical expenses	AHS determines that an individual requesting Medicaid MABD with excess income has passed the income test upon proof that medical expenses have been paid or incurred at least equal to the difference between the countable income and the applicable income maximum for the accounting period.
(b) Allowable uses of excess income	Medical expenses of any member of the individual's financial responsibility group, whether they are paid or incurred but not paid, may be used to meet the individual's income spenddown requirement.
(c) Income spenddown methodology	(1) An individual requesting MedicaidMABD, other than MedicaidMABD for long-term care services, with income greater than the PIL may spend their excess income down to the PIL on medical expenses following the methodology specified below to receive MedicaidMABD as part of the medically-needy coverage group.
	(2) An individual seeking MedicaidMABD for long-term care services with income greater than the IIS may spend their excess income down to the PIL on medical expenses following the methodology specified below to receive MedicaidMABD for long-term care services as part of the medically needy coverage group.
	(3) The spenddown methodology is the same for all living arrangements, except that a one-month accounting period applies to an individual in a long-term care living arrangement and a six-month accounting period applies to an individual in a community living arrangement.
(d) Eligibility date	A Medicaid group with excess income passes their income test on the first day within their accounting period that deductible medical expenses meet or

		allows for retroactive coverage.
	(2)	Eligibility becomes effective:
	(i)	On the first day of the month when a spenddown requirement is met using health insurance expenses and noncovered medical expenses.
	(ii	<ol> <li>Later than the first day of the month when a spenddown requirement is met using covered medical expenses.</li> </ol>
	(3)	Special eligibility dates apply, as set forth in § 30.06 for a Medicaid group that meets their spenddown requirement using noncovered assistive community care services (ACCS).
	(4)	MedicaidMABD pays for covered services on the first day that the Medicaid group's medical expenses exceed the amount of the group's spenddown requirement. MedicaidMABD continues until the end of the accounting period unless the Medicaid group's situation or PIL changes.
(e) Continuing responsibility for medical expenses incurred before the eligibility date	(1)	The Medicaid group remains responsible for medical expenses they incurred before the date of eligibility.
,	(2)	When services are received from more than one provider on the day that MedicaidMABD begins, the Medicaid group must decide which services they will be responsible for paying and which ones Medicaid will cover.
(f) Deduction sequence	Medical order:	expenses are deducted from income in the following
	(1)	Health insurance expenses (see § 30.06(b)).
	(2)	Noncovered medical expenses (see § 30.06(c)).
	(3)	Covered medical expenses (see § 30.06(d)) that exceed limitations on amount, duration, or scope of services covered (see DVHA Rules 7201-7606).
	(4)	Covered medical expenses (see § 30.06(d)) that do not exceed limitations on amount, duration or scope of services covered. These must be deducted in chronological order of the date the service was received beginning with the oldest expense.
(g) Time frames for deductions	(1)	Deductible medical expenses include medical expenses incurred:

	(i) During the current accounting period, whether paid or unpaid;
	(ii) Before the current accounting period and paid in the current accounting period, or
	(iii) Before the current accounting period, remaining unpaid, and for which continuing liability can be established (see paragraph (i) of this § 30.06 for details on how to establish continuing liability).
	(2) Deductible medical expenses also include medical expenses paid during the current accounting period by a state or local program other than a program that receives Medicaid funding.
	(3) Medical expenses incurred before or during the accounting period and paid for by a bona fide loan, as described in (4) below, may be deducted if the expense has not been previously used to meet a spenddown requirement and the Medicaid group establishes continuing liability for the loan (see paragraph (i) of this § 30.06 for details on how to establish continuing liability) and documents that all or part of the principal amount of the loan remains outstanding at any time during the accounting period. Only the amount of the principal outstanding during the accounting period, including payments made on the principal during the accounting period, may be deducted.
	(4) For purposes of this subsection, a "bona fide loan" is an obligation documented from its outset by a written contract and a specified repayment schedule.
(h) Predictable expenses	In general, an expense is incurred on the date liability for the expense begins. However, there are four types of predictable medical expenses that may be deducted before they are incurred, if it can be reasonably assumed that the expense will continue during the accounting period:
	(1) Premiums on health insurance (see § 30.06(b));
	(2) Medically necessary over-the-counter drugs and supplies (see § 30.06(c)(1));
	(3) Ongoing, noncovered personal care services (see § 30.06(c)(3)); and
	(4) ACCS provided to an individual residing in a level III residential care home which is either:
	(i) Not enrolled as a Medicaid provider; or
_	(ii) With an admission agreement specifying the

		resident's financial status as a privately-paying resident (see § 30.06(c)(4)).
(i) Establishing continuing liability for prior medical expenses	Continuing liability for unpaid medical expenses, including liability on a bona fide loan used to pay medical expenses, incurred before the current accounting period is established when any of the following conditions is met. The liability was incurred:	
	(1)	Within six months of the date of application or the first day of the accounting period, whichever is later.
	(2)	More than six months before the date of application or the first day of the accounting period, whichever is later, and there is a bill for the liability dated within 90 days of that date.
	(3)	More than six months before the date of application or the first day of the accounting period, whichever is later, and the service provider or lender has confirmed that the unpaid liability has not been forgiven and is not expected to be forgiven at any time within the current accounting period.

<del>041 00/01/2014</del>	14 022	10/01/2010, 10 1211 /
(a) In general	(1)	Medical expenses that are the current liability of the Medicaid group and for which no third party is legally liable may be deducted from total excess income or resources for the accounting period.
	(2)	No medical expense may be used more than once to meet a spenddown requirement.
	(3)	A medical expense may be used to spend down either income or resources.
	(4)	If only a portion of a medical expense is used to meet the spenddown requirement for a given accounting period, that portion of the medical expense that was not used and remains a current liability may be applied toward a spenddown requirement in a future accounting period.
	(5)	Upon receiving coverage, the Medicaid group remains directly responsible to providers for expenses incurred before the spenddown was met.
(b) Health insurance expenses	(1)	Health insurance is insurance that covers medical care and services, such as Medicare part B, and similar group or individual policies. A deduction is allowed for health insurance premiums paid by a member of the

(c) Expenses not covered by Medicaid	Medicaid group if it can be reasonably assumed that health insurance coverage will continue during the accounting period. Deductions may also be allowed for other health insurance expenses, including enrollment fees and deductibles or coinsurance imposed by Medicare or other health insurance not subject to payment by a third party (such as another insurance policy). Health insurance coverage, the amount of the premium for the coverage, and any other deductible expense amounts must be verified.  (2) Premiums, or other expenses, for the following types of insurance are not deductible:  (i) Income protection or similar insurance plans designed to replace or supplement income lost due to sickness or accident; or  (ii) Automobile or other liability insurance, although these may include medical benefits for the insured or their family.  A deduction is allowed for necessary medical and remedial expenses recognized by state law but not covered by Medicaid in the absence of an exception for Medicaid coverage under DVHA Rule 7104. In determining whether a medical expense meets these criteria, AHS may require medical or other related information to verify that the service or item for which the expense was incurred was medically necessary and was a medical or remedial expense. The patient's physician shall verify medical necessity with a written statement or prescription specifying the need, quantity, and time period covered. Examples of medical expenses not covered by Medicaid include, but are not limited to, expenses for the services and items listed in (1) through (6) below. Any medical bills, including those incurred during a period of Medicaid eligibility, that are the current liability of the Medicaid group and have not been used to meet a previous spendown requirement may be deducted from excess income. Generally, the Medicaid group is required to present a bill or receipt to verify that medical expenses have been incurred or paid.
(1) Over-the-counter drugs	
(i) In general	Either standard deductions or actual costs, if greater, may be used to deduct noncovered over-the-counter drugs and supplies.
(ii) Documentation	(A) Documentation verifying medical necessity is not required when AHS determines that an over-the-counter drug or supply is a common remedy for the medical condition of a member of the Medicaid group and the usage is within the maximum amount

	fo	or common over-the-counter drugs and supplies.
	10	or common over-the-counter drugs and supplies.
	`´ re	ocumentation verifying medical necessity may be equired whenever one or both of the following two ituations apply:
		(I) When the drug or supply is not a common remedy for the medical condition, or
	(	When the reported usage exceeds the maximum amount.
(iii) Amount deductible	o si si co sj	instead of actual expenses, a reasonable estimate of ongoing expenses for over-the-counter drugs and supplies may be applied prospectively to the counting period. Reasonable estimates of unit sizes, costs and maximums for common over-the-counter drugs and supplies used to meet the penddown requirement are found in Vermont's fledicaid Procedures Manual.
	m e	a Medicaid group uses an ongoing expense to neet their spenddown requirement, they are not ligible to receive Medicaid coverage during that ccounting period for the same expense.
(2) Transportation	Noncovered of deducted.	commercial and private transportation costs may be

(3) Personal care services	
(i) In general	A deduction for noncovered personal care services provided in an individual's own home or in a level IV residential care home is allowed when they are medically necessary in relation to an individual's medical condition.
(ii) Deductible personal care services	Deductible personal care services include the personal care services described in DVHA Rule 7406.2 and assistance with managing money. They also include general supervision of physical and mental well-being where a physician states such care is required due to a specific diagnosis, such as Alzheimer's disease or dementia or like debilitating diseases or injuries. Room and board is not a personal care service.
(iii) Qualified personal-care service providers	(A) Except as stated in (B) below, services may be deducted when performed by a home-health agency or other provider identified by the individual's physician as qualified to provide the service.
	(B) When the service provider is living in the home, deductions may not be based on payments for personal care services provided to an individual:
	(I) Under age 21 by the individual's parent, stepparent, or legal guardian, unless the individual is 18, 19, or 20 years old and payment for personal care services is made from and does not exceed the individual's own income or assets;
	(II) By the individual's spouse;
	(III) By the individual's sibling, child, or grandchild when the person providing the services is under age 18; or
	(IV) By a parent of the individual's minor child.
(iv) Documentation	(A) To document the need for personal care services, the provider must submit:
	(I) A plan of care;
	(II) A list of the personal care services required;
	(III) A statement that the services are necessary in relation to a particular medical condition; and
	(IV) A statement that the level of care provided by the particular level IV residential care home is appropriate or, if the individual is not living in a level IV residential care home and the services are not provided by a home health agency, that

T T	
	the provider is qualified to provide the service.
	(B) Upon the initial submission of a plan of care (form 288B), it is assumed that the individual will continue to need the personal care services for the entire accounting period, unless the plan of care has specified a date by which the individual's need for services is expected to change.
	(C) A new plan must be submitted:
	<ul> <li>(I) Once every six months, when the provider has not specified an ongoing need for personal care services in the current plan; or</li> </ul>
	(II) Once every two years, when the physician has specified an ongoing need for personal care services in the current plan.
	(D) A new plan must also be submitted:
	(I) Whenever the service provider changes, unless the service is performed by a home health agency; and
	(II) Whenever the need for services in relation to the individual's condition is expected to change, according to the current plan of care.
(v) Amount deductible	(A) Either standard deductions or actual costs, if greater, may be used for deducting personal-care services. Expenses that have not been incurred yet may be deducted if they are predictable and meet the requirements in § 30.05(h). Expenses also may be deducted if they have actually been incurred by the Medicaid group and are not subject to payment by Medicaid or any other third party.
	(B) The standard monthly deduction for personal care services shall be deducted for each full or partial calendar month in the accounting period during which the plan of care documents the need for services. The actual documented costs of personal care services may be deducted if they exceed the monthly standard deduction. Deductions may be made for anticipated need through the end of the accounting period.
	(C) All changes to these standards that result in lower standard deductions will be made via the Administrative Procedures Act.
(4) Assistive Community-Care Services (ACCS)	

(i)	Deductible assistive community-care services	(ACCS) pro residential deduct me	n for noncovered assistive community care services ovided to an individual residing in a licensed level III care home is allowed. The individual may also dically-necessary personal-care services included ist at DVHA Rule 7406.2 but not part of the list at e 7411.4.
(ii)	Qualified Service Providers	(A)	Qualified service providers include all level III residential care homes licensed by AHS.
		(B)	When an individual that is a resident of a level III residential care home becomes eligible for MABD by projecting the cost of ACCS across part of the accounting period, the residential care home may agree to function as a Medicaid provider for ACCS with respect to that resident for the remainder of their accounting period. In these cases, the provider may bill for ACCS services no sooner than the ACCS coverage date given to the resident and the provider in a notice from AHS.
		(C)	When a privately-paying resident of a level III residential care home becomes eligible for MABD after having met a spenddown requirement by projecting the cost of ACCS across the entire accounting period, the residential care home shall not function as a Medicaid provider for ACCS with respect to that resident during the period when the resident is meeting the spenddown requirement.
(iii)	Documentation	(A)	Documentation verifying medical necessity is not required for ACCS. If an individual claims a deduction for medically-necessary personal-care services included under the list at DVHA Rule 7406.2 but not part of the list at DVHA Rule 7411.4 the individual's physician must submit:
			(I) A plan of care (form 288B);
			(II) A list of the personal care services required;
			(III) A statement that the services are necessary in relation to a particular medical condition; and
			(IV) A statement that the level of care provided by the particular level III residential care home is appropriate and that the provider is qualified to provide the service.
		(B)	Upon the initial submission of a plan of care, it is assumed that the individual will continue to need the personal care services for the entire accounting period, unless the plan of care has specified a date by which the individual's need for services is

	1	expected to change.
		•
	(C)	An individual with an approved personal care services deduction must submit new plans at the same frequencies specified under paragraph (c)(3)(iv) of this subsection.
(iv) Amount deductible	(A)	The deduction for ACCS may be used for the entire accounting period or part of it. Whether the standard daily or monthly deduction is used depends on the size of the spenddown requirement. The actual documented costs of ACCS may be deducted if they exceed the monthly standard deduction. Deductions may be made for anticipated need through the end of the accounting period. All changes in these standards that result in lower standard deductions will be made via the Administrative Procedures Act.
	(B)	If the Medicaid group's excess income and resources after deduction of all expenses for which Medicaid coverage is not available equal or exceed the deduction for ACCS for the entire accounting period, for the purposes of meeting a spenddown requirement, ACCS are projected and deducted as if they were not Medicaid-covered services for the entire accounting period. Medicaid eligibility for services other than ACCS becomes effective on the day the spenddown requirement is met. Expenses for which Medicaid coverage is not available are:
		(I) Medical expenses excluded from coverage;
		<ul> <li>(II) Covered medical expenses incurred prior to the accounting period, not used to meet a previous spenddown requirement, and remaining unpaid; and</li> </ul>
		(III) Covered medical expenses incurred and paid during the current accounting period.
	(C)	If the Medicaid group's excess income and resources after deduction of all expenses for which Medicaid coverage is not available are less than the deduction for ACCS for the entire accounting period, ACCS expenses are not projected. Instead, they are deducted as covered expenses on a daily basis. In this case, Medicaid eligibility for all covered services other than ACCS becomes effective the first day of the accounting period. Medicaid coverage for ACCS begins later. It starts the day cumulative daily ACCS deductions exceed the Medicaid group's remaining excess income and resources. The Medicaid group is not responsible for payment of a portion of the ACCS expense on the first day of ACCS eligibility.

	(D) In addition, the amount of the deduction for any
	services included under the list at DVHA rule 7406.2 but not part of the list at DVHA rule 7411.4
	documented as medically necessary by the plan of
	care is determined based on the number of hours
	times minimum wage, or actual costs, if greater.
(5) Dental services	Dental services in excess of the allowable annual maximum may be deducted.
(6) Private-duty nursing services	Private-duty nursing services for an individual age 21 and older may be deducted.
(d) Expenses for covered medical services	(1) A covered medical service is any medical or remedial service that Medicaid would pay for if the individual were enrolled in Medicaid (see DVHA Rules 7201–7606).
	(2) Deductions for covered medical services are not limited to the Medicaid reimbursement for the service. The actual cost paid or incurred is allowed. A standard deduction may be taken for ACCS (see DVHA Rule 7411.4), as set forth in Vermont's Medicaid Procedures Manual.
(e) Third-party coverage	(1) No deduction is allowed if the medical expense is subject to payment by a third party such as health insurance, worker's compensation, liability award, or other benefit program unless the third party is a state or local program other than Medicaid.
	(2) When a third party is liable for all or some medical expenses, only the portion owed by the Medicaid group may be deducted. AHS is required to take reasonable measures to determine the legal liability of third parties to pay for incurred expenses. Estimates of payment by the third party may be used if actual third party liability cannot be ascertained within the period for determining Medicaid eligibility. An eligibility determination may not be delayed simply because actual third party liability cannot be ascertained or payment by the third party has not been received.
	(3) If an individual is pursuing a liability award, but liability has not yet been established, a deduction is allowed. Eligibility must be based on AHS's estimate of the amount the individual owes for the bill.

- (a) Events resulting in a special enrollment period 45
- (1) VHC must allow qualified employees or their dependents to enroll in or change from one QHP to another as a result of the following triggering events:
  - (i) A qualified employee or dependent (when eligible for employer coverage) loses minimum essential coverage (see 410.00(c), and (d), and (e));
- (ii) A qualified employee gains a dependent or becomes a dependent through marriage, birth, adoption, or placement for adoption;
- (iii) A qualified employee's enrollment or non-enrollment in a QHP is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent of VHC or HHS, or its instrumentalities as evaluated and determined by VHC. In such cases, VHC may take such action as necessary to correct or eliminate the effects of such error, misrepresentation, or inaction;
- (iv) A qualified employee or dependent adequately demonstrates to VHC that the QHP in which he or she is enrolled substantially violated a material provision of its contract in relation to the enrollee;
- (v) A qualified employee or dependent gains access to new QHPs as a result of a move into Vermont that establishes residence;
- (vi) A <u>person defined as an Indian</u>, as defined by section 4 of the Indian Health Care Improvement Act, who is a qualified employee or dependent may enroll in a QHP or change from one QHP to another one time per month;
- (vii)—A qualified employee or dependent demonstrates to VHC, in accordance with guidelines issued by HHS, that the enrollee meets other exceptional circumstances including such as but not limited to:
- (viii) Aan employee or dependent's enrollment or non-enrollment in a QHP was unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of navigators, agents or brokers, as evaluated and determined by VHC.
- (ix)(vii) In such cases, VHC may trigger the SEP and take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction; and

## (a) Generally

(a)Coverage effective January 1, 2014

- (1) Except as provided in 42.00(a)(3), VHC must ensure that employee coverage shall be effective for the coverage effective date selected by the employer on its application during the employer election period, if:
- (i) VHC receives all necessary enrollee information by the employee plan selection deadline in section 38.00(c), and
- (ii) For full payments received in accordance with section 540.00.
- (2) Upon receipt of full payment VHC must transfer enrollment information to issuers on or before the next non-holiday business day.
- (b) For employers choosing to direct enroll with the issuers, employers must have notified issuers by November 25, 2013 of their intent to direct enroll or be auto enrolled with the issuers for coverage effective January 1, 2014. VHC must ensure a coverage effective date of January 1, 2014, for full payment of the invoice amount postmarked by December 10, 2013.
- (c) Employers remitting payment electronically will have more time. VHC must ensure a coverage effective date of January 1, 2014, for payment received by

(d) Use of federal electronic verification service 11	To the extent that information related to determining eligibility for health benefits is available through an electronic service established by HHS, AHS will obtain the information through such service, unless AHS has secured HHS approval of alternative procedures described in (e) below. 12			
(e) Flexibility in information collection and verification	Subject to approval by HHS, AHS may request and use information from a source or sources alternative to those listed in § 56.01(b), or through a mechanism other than the electronic service described in (d) above, provided that such alternative source or mechanism will reduce the administrative costs and burdens on individuals and the state while maximizing accuracy, minimizing delay, and meeting applicable requirements relating to confidentiality, disclosure, maintenance, or use of information.			
(f) Notice of intent to obtain and use information 13	Before it requests information for an individual from another agency or program, AHS will inform the individual that it will obtain and use information available to it to verify income, resources (when applicable), and eligibility or for other purposes directly connected to the administration of a health-benefits program or to enrollment in a QHP.			
(g) Security of electronic information exchanges 14	Information exchanged electronically between AHS and any other agency or program will be sent and received via secure electronic interfaces, as specified in § 4.09. Any such exchange of data will be made pursuant to written agreements with such other agencies or programs, which will provide for appropriate safeguards limiting the use and disclosure of information as required by federal or state law or regulations.

(c) Other evidence of citizenship 30

If an applicant does not provide documentary evidence from the list in paragraph (b) of this subsection, the following must be accepted as satisfactory evidence to establish citizenship if also accompanied by an identity document listed in paragraph (d) of this subsection:

- (1) A U.S. public birth certificate showing birth in one of the 50 States, the District of Columbia, Puerto Rico (if born on or after January 13, 1941), Guam, the Virgin Islands of the U.S. (on or after January 17, 1917), American Samoa, Swain's Island, or the Commonwealth of the Northern Mariana Islands (CNMI) (after November 4, 1986 (CNMI local time)). The birth record document may be issued by the State, Commonwealth, Territory, or local jurisdiction. If the document shows the individual was born in Puerto Rico, the Virgin Islands of the U.S., or the CNMI before these areas became part of the U.S., the individual may be a collectively naturalized citizen.
- (2) At state option, a cross-match with a state vital statistics agency documenting a record of birth.
- (3) A Certification of Report of Birth, issued to U.S. citizens who were born outside the U.S.
- (4) A Report of Birth Abroad of a U.S. Citizen.
- (5) A Certification of birth.
- (6) A U.S. Citizen I.D. card.
- (7) A Northern Marianas Identification Card, issued to a collectively naturalized citizen, who was born in the CNMI before November 4, 1986.
- (8) A final adoption decree showing the child's name and U.S. place of birth, or if an adoption is not final, a statement from a state-approved adoption agency that shows the child's name and U.S. place of birth.
- (9) Evidence of U.S. Civil Service employment before June 1, 1976.
- (10) U.S. Military Record showing a U.S. place of birth.
- (11) A data match with the Systematic Alien Verification for Entitlements (SAVE) Program or any other process established by DHS to verify that an individual is a citizen.
- (12) Documentation that a child meets the requirements of § 101 of the Child Citizenship Act of 2000 (8 USC § 1431).

## 54.10 Ineligible non-citizens and non-immigrants (03/31/2014, 14-02E10/01/2013, 13-12FP13-36)

Some non-citizens may be lawfully admitted but only for a temporary or specified period of time as legal non-immigrants. These non-citizens are never qualified non-citizens. Because of the temporary nature of their admission status, they generally will be unable to establish residency and are not eligible for health benefits. For example, a non-citizen in possession of a student visa is not a qualified non-citizen for Medicaid purposes. In rare instances, an ineligible non-citizen may be able to establish residency and meet all other eligibility criteria of a health-benefits program and therefore be eligible for treatment of emergency medical conditions only (§ 17.02(c)).

## 54.11 Visitors, tourists, and some workers and diplomats (03/31/2014, 14-02E10/01/2013, 13-12FP13-36)

Visitors, tourists, and some workers and diplomats are also ineligible non-citizens and non-immigrants. These non-citizens would have the following types of documentation:

- (a) Form I-94 Arrival-Departure Record;
- (b) Form I-185 Canadian Border Crossing Card;
- (c) Form I-186 Mexican Border Crossing Card;
- (d) Form SW-434 Mexican Border Visitor's Permit; or

## 56.03 Verification process for APTC and CSR – general procedures (03/31/2014, 14-02E<del>10/01/2013, 13-12FP13-36</del>)

An individual must be eligible for APTC in order for the individual to be eligible for the Vermont Premium Reduction, and eligible for federal CSR in order to be eligible for Vermont's CSR. An individual must be eligible for APTC and have household income at or below 300% of the FPL in order for the individual to be eligible for the Vermont Premium Reduction and Vermont CSR. To receive the Vermont CSR, the individual must also be enrolled in a silver plan.

In determining an individual's eligibility for APTC and CSR:

#### (a) Family size 44

- The individual must attest to the persons that comprise a tax filer's family size.
- (2) To the extent that the individual attests that tax data (§ 56.01(a)) represents an accurate projection of a tax filer's family size for the benefit year for which coverage is requested, the individual's attestation will be accepted without further verification.
- (3) To the extent that tax data (§ 56.01(a)) is unavailable, or the individual attests that a change in circumstances has occurred or is reasonably expected to occur, and so it does not represent an accurate projection of a tax filer's family size for the benefit year for which coverage is requested, the tax filer's family size will be verified by accepting the individual's attestation without further verification, except as specified in paragraph (a)(4) of this subsection.
- (4) If the individual's attestation to a tax filer's family size is not reasonably compatible, as that term is defined in § 57.00(a)(1), with other information provided by the application filer for the individual or in AHS's records, data obtained through other electronic data sources will be used to verify the attestation. If such data sources are unavailable or information in such data sources is not reasonably compatible with the individual's attestation, additional documentation will be requested to support the attestation within the procedures specified in § 57.00.
- (5) Verification regarding APTC and CSR. AHS will verify Verification that neither APTC nor CSR is being provided on behalf of an individual will be achieved by using information obtained by transmitting identifying information specified by HHS to HHS. 45

Eligibility for alternate verification procedures for decreases in annual household income and situations in which tax return data is unavailable 47

AHS will determine a tax filer's annual household income for <u>purposes of APTC</u> and CSR based on the alternate <u>APTC and CSR</u> verification procedures described in §§ 56.05 through 56.07 if:

- (a) An individual attests to the tax filer's projected annual household income;
- (b) The tax filer does not meet the criteria specified in § 56.03(c) (attestation of increase in household income);
- (c) The individuals in the tax filer's household have not established income through the process specified in § 56.02(b) (verification of income for Medicaid) that is within the applicable Medicaid MAGIbased-income standard; and
- (d) One of the following conditions is met:
  - (1) The Secretary of the Treasury does not have tax data that may be disclosed under § 6103(I)(21) of the Code for the tax filer that is at least as recent as the calendar year two years prior to the calendar year for which APTC or CSR would be effective;
- (2) The individual attests that:
  - The tax filer's applicable family size has changed or is reasonably expected to change for the benefit year for which the individuals in the tax filer's household are requesting coverage; or
  - (xviii)(ii) The members of the tax filer's household have changed or are reasonably expected to change for the benefit year for which the individuals in their <a href="householdfamily">householdfamily</a> are requesting coverage;
- (3) The individual attests that a change in circumstances has occurred or is reasonably expected to occur, and so the tax filer's annual household income has decreased or is reasonably expected to decrease from the tax data (§ 56.01(a)) for the benefit year for which the individuals in the tax filer's household are requesting coverage:
- (4) The individual attests that the tax filer's filing status has changed or is reasonably expected to change for the benefit year for which the individual(s) in tax filer's household are requesting coverage; or

(a) In general	A month is a coverage month for an individual if:		
	(1) As of the first day of the month, the individual is enrolled in a QHP;		
	(2) The tax filer pays the tax filer's share of the premium for the individual's coverage under the plan for the month by the unextended due date for filing the tax filer's income tax return for that benefit year, or the full premium for the month is paid by APTC_and the Vermont Premium Reduction; and		
	(3) The individual is not eligible for the full calendar month for MEC other than coverage in the individual market.		
(b) Premiums paid for a tax filer	Premiums another person pays for coverage of the tax filer, tax filer's spouse, or tax dependent are treated as paid by the tax filer.		
(c) Examples	The following examples illustrate the provisions of this § 60.03:		
(1) Example 1: Tax filer M is single with no tax dependents	(i) In December 2013, M enrolls in a QHP for 2014 and AHS approves APTC. M pays M's share of the premiums. On May 15, 2014, M enlists in the U.S. Army and is eligible immediately for government-sponsored MEC.		
	(ii) Under paragraph (a) of this subsection, January through May 2014 are coverage months for M. June through December 2014 are not coverage months because M is eligible for other MEC for those months. Thus, under § 60.01, M's premium assistance credit amount for 2014 is

	the sum of the premium-assistance amounts for the months January through May.		
(2) Example 2: Tax filer N has one tax dependent S	(i) S is eligible for government-sponsored MEC. N is not eligible for MEC other than through VHC. N enrolls in a QHP for 2014 and AHS approves APTCs. On August 1, 2014, S loses eligibility for government-sponsored MEC. N terminates enrollment in the QHP that covers only N and enrolls in a QHP that covers N and S for August through December 2014. N pays all premiums not covered by APTCs.  (iii) Under paragraph (a) of this subsection, January through December of 2014 are coverage months for N and August through December are coverage months for N and S. N's premium assistance credit amount for 2014 is the sum of the premium-assistance amounts for these coverage months.		
(3) Example 3: O and P are the divorced parents of T	(iv)(i) Under the divorce agreement between O and P, T resides with P and P claims T as a tax dependent. However, O must pay premiums for health insurance for T. P enrolls T in a QHP for 2014. O pays the portion of T's QHP premiums not covered by APTCs.  (v)(ii) Because P claims T as a tax dependent, P (and not O) may claim a premium tax credit for coverage for T. See § 1.36B-2(a) of the Code. Under paragraph (b) of this subsection, the premiums that O pays for coverage for T are treated as paid by P. Thus, the months when T is covered by a QHP and not eligible for other MEC are coverage months under paragraph (a) of this subsection in computing P's premium tax credit under § 60.01.		
(4) Example 4: Q, an American Indian, enrolls in a QHP for 2014	Q's tribe pays the portion of Q's QHP premiums not covered by APTCs. Under paragraph (b) of this subsection, the premiums that Q's tribe pays for Q are treated as paid by Q. Thus, the months when Q is covered by a QHP and not eligible for other MEC are coverage months under paragraph (b) of this subsection in computing Q's premium tax credit under § 60.01.

(See, example 10 in paragraph (g) of this subsection.)
(d)	Family members residing at different locations	[Reserved]
(e)	Plan closed to enrollment	A QHP that is not open to enrollment by a tax filer or a member of the tax filer's household at the time the tax filer or member enrolls in a QHP is disregarded in determining the ABP.
(f)	Benchmark plan terminates or closes to enrollment during the year	A QHP that is the ABP under this subsection for a tax filer does not cease to be the ABP solely because the plan or a lower cost plan terminates or closes to enrollment during the benefit year.
(g)	Examples	The following examples illustrate the rules of this subsection. Unless otherwise stated, in each example the plans are open to enrollment to a tax filer or a member of the tax filer's household at the time of enrollment and are offered through VHC:
(1)	Example 1. Single tax filer enrolls	Tax filer M is single, has no dependents and enrolls in a QHP. Under paragraph (a)(1) of this subsection, M's ABP is the second-lowest-cost silver plan providing self-only coverage for M.
(2)	Example 2. Family enrolls	The facts are the same as in Example 1, except that M, her spouse, N, and their tax dependent enroll in a QHP. Under paragraphs (a)(2) and (b) of this subsection, M's and N's ABP is the second-lowest-cost silver plan covering M, N, and their tax dependent.
(3)	Example 3. Single tax filer enrolls with nondependent	Tax filer O is single and resides with his daughter, K, but may not claim K as a tax dependent. O purchases family coverage for himself and K. Under paragraphs (a)(1)(i) and (a)(1)(iii) of this subsection, O's ABP is the second-lowest-cost silver plan providing self-only coverage for O. However, K may qualify for a premium tax credit if K is otherwise eligible. See § 60.08.
(4)	Example 4. Single tax filer enrolls with dependent and nondependent	The facts are the same as in Example 3, except that O also resides with his teenage son, L, and claims L as a tax dependent. O purchases family coverage for himself, K, and L. Under paragraphs (a)(2) and (b) of this subsection, O's ABP is the second-lowest-cost silver plan covering O and L.
(5)	Example 5. Children only enroll	The facts are the same as in Example 4, except that O enrolls only K and L in the coverage. Under paragraph (a)(1)(iii) of this subsection, O's ABP is the second-lowest-cost silver plan providing self-only coverage for L.
(6)	Example 6. ABP unrelated to coverage	Tax filers P and Q, who are married, reside with Q's two teenage daughters, M and N, whom they claim as tax dependents. P and Q
	-	Part 7 – Page 40 <u>(Sec. 6</u> 0.00 <u>, Sub. 6</u> 0.06 <u>)</u>

purchased	purchase self-only coverage for P and family coverage for Q, M, and N. Under paragraphs (a)(2) and (b) of this subsection, P's and Q's ABP is the second-lowest-cost silver plan covering P, Q, M, and N.	
(7) Example 7. Change in coverage family	Tax filer R is single and has no tax dependents when she enrolls in a QHP for 2014. On August 1, 2014, R has a child, O, whom she claims as a tax dependent for 2014. R enrolls in a QHP covering R and O effective August 1. Under paragraph (a)(1) of this subsection, R's ABP for January through July is the second-lowest-cost silver plan providing self-only coverage for R. Under paragraphs (a)(2) and (b) of this section, R's ABP for the months August through December is the second-lowest-cost silver plan covering R and O.	
(8) Example 8. Other MEC for some coverage months	Tax filer S claims his daughter, P, as a tax dependent. S and P enroll in a QHP for 2014. S, but not P, is eligible for government-sponsored MEC for September to December 2014. Thus, under paragraph (a)(3) of § 60.03, January through December are coverage months for P and January through August are coverage months for S. Because, under § 60.04 and paragraph (a) of this subsection, the premium-assistance amount for a coverage month is computed based on the ABP for that coverage month, S's ABP for January through August is the second-lowest-cost silver plan under paragraphs (a)(2) and (b) of this subsection covering S and P. Under paragraph (a)(1)(iii) of this subsection, S's ABP for September through December is the second-lowest-cost silver plan providing self-only coverage for P.	
(9) Example 9. Family member eligible for other MEC for the benefit year	The facts are the same as in Example 8, except that S is not eligible for government-sponsored MEC for any months and P is eligible for government-sponsored MEC for the entire year. Under paragraph (a)(1)(iii) of this subsection, S's ABP is the second-lowest-cost silver plan providing self-only coverage for S.	
(10) Example 10. QHPs not covering certain families	<ul> <li>(i) Tax filers V and W are married and live with W's mother, K, whom they claim as a tax dependent. The Exchange offers self-only and family coverage at the silver level through Issuers A, B, and C, who each offer only one silver-level plan. Issuers A and B respectively charge V and W a monthly premium of \$900 and \$700 for family coverage, but do not allow individuals to enroll a parent in family coverage. Issuers A and B respectively charge \$600 and \$400 for self-only coverage for K. Issuer C offers a QHP that provides family coverage for V, W, and K under one policy for a \$1,200 monthly premium. Thus, the Exchange offers the following silver-level options for covering V's and W's coverage family:</li> <li>(A) Issuer A: \$1,500 for premiums for two policies (\$900 for V</li> </ul>	
	and W, \$600 for K)  (B) Issuer B: \$1,100 for premiums for two policies (\$700 for V and W, \$400 for K)

	(C) Issuer C: \$1,200 for premiums for one policy (\$1,200 for V, W, and K)	
	(ii) Because some silver-level QHPs for family coverage offered on the Exchange do not cover all members of their coverage family under one policy, under paragraph (c) of this subsection, the premium for V's and W's ABP may be the premium for a single policy or for more than one policy. The coverage offered by Issuer C is the second-lowest-cost silver-level option for covering V's and W's family. The premium for their ABP is the premium for the Issuer C coverage.	
(11) Example 11	(iii)(i)The facts are the same as in Example 10, except that Issuer B covers V, W, and K under one policy for a premium of \$1,100, and Issuer C does not allow individuals to enroll parents in family coverage. Issuer C charges a monthly premium of \$700 for family coverage for V and W and a monthly premium of \$500 for self-only coverage for K. Thus, the Exchange offers the following silver-level options for covering V's and W's coverage family:	Formatted: Indent: Left: 0.37", Hanging: 0.31", Outline numbered + Level: 5 + Numbering Style: i, ii, iii, + Start at: 1 + Alignment: Left + Aligned at: 0.63" + Tab after: 0.98" + Indent at: 0.98", Tab stops: 0.68", List tab + Not at 0.98"

	(F)(C) Issuer C: \$1,200 for premiums for two policies (\$700 for V and W, \$500 for K)	
	(iv)(ii) The coverage offered by Issuer C is the second-lowest-cost silver-level option for covering V's and W's family. The premium for their ABP is the premiums for the two policies available through Issuer C.	
(12) Example 12. Family members residing in different locations	[Reserved]	
(13) Example 13. QHP closed to enrollment	Tax filer Y has two tax dependents, R and S. Y, R, and S enroll in a QHP. The Exchange offers silver-level plans J, K, L, and M, which are the first, second, third, and fourth lowest cost silver plans covering Y's family. When Y's family enrolls, Plan J is closed to enrollment. Under paragraph (e) of this subsection, Plan J is disregarded in determining Y's ABP, and Plan L is Y's ABP.	
(14) Example 14.  Benchmark plan closes to new enrollees during the	(i) Tax filers X, Y, and Z each have coverage families consisting of two adults. Plan 2 closes to new enrollees the following June. Thus, on July 1, Plan 3 is the second-lowest-cost silver plan available to new enrollees through the Exchange. The Z family enrolls in a QHP in July.  (**)(ii) Under paragraphs (a), (b), and (f) of this subsection, the ABP is Plan 2 for X and Y for all coverage months during the year. The ABP for Z is Plan 3, because Plan 2 is not open to enrollment through the Exchange when the Z family enrolls.
(15) Example 15. Benchmark plan terminates for all enrollees during the year	The facts are the same as in Example 14, except that Plan 2 terminates for all enrollees on June 30. Under paragraphs (a), (b), and (f) of this subsection, Plan 2 is the ABP for X and Y for all coverage months during the year, and Plan 3 is the ABP for Z.

(a) In general	The applicable percentage multiplied by a tax filer's household income determines the tax filer's required share of premiums for the ABP. This required share is subtracted from the monthly premium for the ABP when computing the premium-assistance amount. The applicable percentage is computed by first determining the percentage that the tax filer's household income bears to the FPL for the tax filer's family size. The resulting FPL percentage is then compared to the income categories described in the table in paragraph (b) of this subsection (or successor tables). An applicable percentage within an income category increases on a sliding scale in a linear manner and is rounded to the nearest one-hundredth of one percent. The applicable percentages in the table may be adjusted in published guidance, <sup>81</sup> for benefit years beginning after December 31, 2014, to reflect rates of premium growth relative to growth in income and, for benefit years beginning after December 31, 2018, to reflect rates of premium growth relative to growth in the consumer price index.

(c)(d) Examples

The following examples illustrate the rules of this subsection:

(1)	Example 1. A's household income is 275 percent of the FPL for A's family size for that benefit year	In the table in paragraph (b) of this subsection, the initial percentage for a tax filer with household income of 250 to 300 percent of the FPL is 6.558.05 and the final percentage is 8.09.5. A's FPL percentage of 275 percent is halfway between 250 percent and 300 percent. Thus, rounded to the nearest one-hundredth of one percent, A's applicable percentage is 78.278, which is halfway between the initial percentage of 6.58.05 and the final percentage of 8.09.5.
(2)	Example 2	family size. In the table in paragraph (b) of this subsection, the initial percentage for a tax filer with household income of 200 to 250 percent of the FPL is 6.34.8 and the final percentage is 6.558.05. B's applicable percentage is 5.156.65, computed as follows.  (vii)(ii) Determine the excess of B's FPL percentage (210) over the initial household income percentage in B's range (200), which is 10. Determine the difference between the initial household income percentage in the tax filer's range (200) and the ending household income percentage in the tax filer's range (250), which is 50. Divide the first amount by
		the second amount:
		210-200 = 10
		250-200 = 50
		10/50 = .20.
		(viii)(iii) Compute the difference between the initial premium percentage (4.86.3) and the second premium percentage (6.58.05) in the tax filer's range; 6.558.05-4.86.3 = 1.75.
		(ix)(iv)Multiply the amount in the first calculation (.20) by the amount in the second calculation (1.75) and add the product (.35) to the initial premium percentage in B's range (4.86.3), resulting in B's applicable percentage of 6.65:
		.20 x 1.75 = .35
		<del>6.3</del> 4.8 + .35 = <u>5.15</u> 6.65.

In determining whether the amount computed under § 60.04(a) (the premiums for the QHP in which the tax filer enrolls) is less than the amount computed under § 60.04(b) (the benchmark plan premium minus the product of household income and the applicable percentage), the premiums paid are allocated to each tax filer in proportion to the premiums for each tax filer's ABP.		
(b) Example: Tax filers A and B enroll in a single policy under a QHP.	<ul> <li>The following example illustrates the rules of this subsection:</li> <li>(1) B is A's 25-year old child who is not A's tax dependent. B has no tax dependents. The plan covers A, B, and A's two additional children who are A's dependents. The premium for the plan in which A and B enroll is \$15,000. The premium for the second-lowest-cost silver family plan covering only A and A's tax dependents is \$12,000 and the premium for the second-lowest-cost silver plan providing self-only coverage to B is \$6,000. A and B are applicable tax filers and otherwise eligible to claim the premium tax credit.</li> <li>(2) Under paragraph (a) of this subsection, both A and B may claim premium tax credits. A computes her credit using her household income, a family size of three, and a benchmark plan premium of \$12,000. B computes his credit using his household income, a family size of one, and a benchmark plan premium of \$6,000.</li> <li>(3) In determining whether the amount in § 60.04(a) (the premiums for the QHP A and B purchase) is less than the amount in § 60.04(b) (the benchmark plan premium minus the product of household income and the applicable percentage), the \$15,000 premiums paid are allocated to A and B in proportion to the premiums for their ABPs. Thus, the portion of the premium allocated to A is \$10,000 (\$15,000 x \$12,000/\$18,000) and the portion allocated to B is \$5,000 (\$15,000 x \$6,000/\$18,000).</li> </ul>

(a) In general	If a QHP offers benefits in addition to the essential health benefits a QHP must provide, the portion of the premium for the plan properly allocable to the additional benefits is excluded from the monthly premiums under § 60.04(a) or (b).		

<sup>&</sup>lt;sup>83</sup> 26 CFR § 1.36B-3(j).

(b) Method of allocation	The portion of the premium properly allocable to additional benefits is determined under guidance issued by the Secretary of HHS. <sup>84</sup>		
(c) Examples	The following examples illustrate the rules of this subsection:		
(1) Example 1	<ul> <li>(i) Tax filer B enrolls in a QHP that provides benefits in addition to the essential health benefits the plan must provide (additional benefits). The monthly premium for the plan in which B enrolls is \$385 (Amount 1), of which \$35 is allocable to the additional benefits. The premium for B's ABP is \$440, of which \$40 is allocable to the additional benefits. The excess of the premium for B's ABP over B's \$60 contribution amount (which is the product of B's household income and the applicable percentage) is \$380 per month (Amount 2).</li> <li>(ii) Under this subsection, the premium for the QHP in which B enrolls and the applicable benchmark premium each is reduced by the portion of the premium that is allocable to the additional benefits provided under that plan. Therefore, Amount 1 is reduced to \$350 (\$385-\$35), the premium for B's ABP is reduced to \$400 (\$440-\$40), and Amount 2 is reduced to \$340 (\$400 less \$60). B's premium-assistance</li> </ul>		
	reduced to \$340 (\$400 less \$60). B's premium-assistance amount for a coverage month is \$340, the lesser of Amount 1 and Amount 2.		
(2) Example 2	The facts are the same as in Example 1, except that B's ABP provides no benefits in addition to the essential health benefits required to be provided by the plan. Thus, under this subsection, only the amount of the monthly premium for the plan in which B enrolls is reduced by the portion of the premium that is allocable to the additional benefits provided under that plan, and Amount 1 is \$350 (\$385-\$35). The premium for B's ABP is not reduced under this subsection, and Amount 2 is \$380 (\$440-\$60). B's premium-assistance amount for a coverage month is \$350, the lesser of these two amounts.

(a) In general	For purposes of determining the amount of the monthly premium a tax filer pays for coverage under § 60.04(a), if an individual enrolls in both a QHP and a stand-alone dental plan, the portion of the premium for the stand-alone dental plan that is properly allocable to pediatric dental benefits that are essential benefits required to be provided by a QHP is treated as a premium payable for the individual's QHP.

<sup>85 26</sup> CFR § 1.36B-3(k).

(b) Method of allocation	The portion of the premium for a stand-alone dental plan properly allocable to pediatric dental benefits is determined under guidance issued by the Secretary of HHS.	
(c) Example	The following example illustrates the rules of this subsection:  (1) Tax filer C and C's tax dependent, R, enroll in a QHP. The premium for the plan in which C and R enroll is \$7,200 (\$600/month) (Amount 1). The plan does not provide dental coverage. C also enrolls in a stand-alone dental plan covering C and R. The portion of the premium for the dental plan allocable to pediatric dental benefits that are essential health	
	benefits is \$240 (\$20 per month). The excess of the premium for C's ABP over C's contribution amount (the product of C's household income and the applicable percentage) is \$7,260 (\$605/month) (Amount 2).	
	(2) Under this subsection, the amount C pays for premiums (Amount 1) for purposes of computing the premium-assistance amount is increased by the portion of the premium for the stand-alone dental plan allocable to pediatric dental benefits that are essential health benefits. Thus, the amount of the premiums for the plan in which C enrolls is treated as \$620 for purposes of computing the amount of the premium tax credit. C's premium-assistance amount for each coverage month is \$605 (Amount 2), the lesser of Amount 1 (increased by the premiums allocable to pediatric dental benefits) and Amount 2.

(a) In general	If one or more individuals for whom a tax filer is allowed a deduction under § 151 of the Code are not lawfully present (see § 17.01(g) for definition of lawfully present), the percentage a tax filer's household income bears to the FPL for the tax filer's family size for purposes of determining the applicable percentage under § 60.07 is determined by excluding individuals who are not lawfully present from family size and by determining household income in accordance with paragraph (b) of this subsection.

(c) Normal maximum time for determining eligibility <sup>89</sup>	In cases involving such factors as described in paragraph (a) of this section, eligibility determinations may require additional time to complete. In any event, a decision on a health-benefits application will be made as soon as possible, but no later than:  (1) 90 days after the application date, if the application is based on a person's disability; or  (2) 30 days after the application date for any other health-benefits application.
(d) Extenuating circumstances	A determination may take longer in unusual situations, such as:  (1) An individual delays providing needed verification or other information;  (2) An examining physician delays sending a necessary report; or  (3) An unexpected emergency or administrative problem outside the control of AHS delays action on applications.
(e) Notice of timeliness standards	Individuals will be informed of the timeliness standards set forth in this section.

Medicaid household following the MAGI methodology described in § 28.03, —as established on the most recently approved version of eligibility on the case record at the time that the premium bill is generated. If a premium obligation is calculated for an individual and if that individual is living together with, and under the same premium payer account as, one or more other individuals for whom a premium obligation is also calculated, only one premium bill will be generated for those individuals. The bill will be for the highest premium obligation that is calculated.

- (1) Example. If A and B live together and are under the same premium payer account, and if A's calculated premium is \$60.00 based on A's Medicaid household income and B's calculated premium is \$15.00 based on B's Medicaid household income, AHS will not generate separate bills for A and B. Rather, AHS will generate one premium bill for a total of \$60.00 and, when paid, the premium payment will cover eligibility for both A and B.
- (2) Prior to the start of the coverage month pertaining to the bill in question, the an-individual may notify AHS to show that, due to changed household circumstances, the individual is eligible for Medicaid without a premium obligationnonpremium-based coverage or a lower premium amount.
  - e(i) If the showing indicates that the individual is eligible for Medicaid without a premium obligationnonpremium-based coverage for for the coverage month, the individual will be enrolled in Medicaidsuch coverage, effective the first day of such coverage month.
  - (v)(ii)If the showing indicates that the individual is eligible for premium-based coverage, but at a lower premium amount, the any outstanding premium amount billed for that coverage monthdue will be adjusted.
- (3) No premium adjustments will be made for the coverage month if the individual has already paid the premium for the coverage month and the individual notifies AHS after the start of that coverage month to show that the individual is eligible for Medicaid without a premium obligation nonpremium based coverage or for a lower premium amount. If the individual is entitled to a premium change, the change will be applied to the following coverage month.
- (e) Aggregate limits for Medicaid premiums <sup>92</sup>
- (1) Subject to paragraph (e)(2) of this subsection, any Medicaid premiums and cost sharing incurred by all individuals in the Medicaid household may not exceed an aggregate limit of five percent of the <u>family's household-income</u> applied on a

(f) Notice of change in premium amount	An individual will be notified as provided in § 67.00 each time a premium amount is recalculated based on a reported change, whether or not the recalculation results in a change in the premium amount. In other cases (e.g., periodic system-generated recalculations), the individual will be notified only in cases where there is a change in the premium amount.	
(g) Prospective billing and payment <sup>93</sup>	(1) Premiums are billed, and payments are due, prior to the start of a coverage month. For purposes of Medicaid, premium bills will be sent to the person identified on the application as the primary contact or application filer. That person will be responsible for payment of the Medicaid premium (referred to in this rule as the premium payer). AHS will establish an account for the premium payer.	
	(2) Except as provided in paragraph (g)(3) of this subsection, an individual enrolled in a QHP may pay any applicable premium owed by such individual directly to the QHP issuer.

<sup>&</sup>lt;sup>95</sup>In general, individuals terminated for nonpayment of premium are not eligible for special enrollment periods provided to those experiencing a loss of MEC. 45 CFR § 155.420(e)(1). However, 45 CFR § 155.420(d)(9) affords a special enrollment triggering event in the case of "exceptional circumstances."

<sup>&</sup>lt;sup>96</sup> 42 CFR § 457.570(b) provides CHIP enrollees an opportunity to show that their income has declined before coverage is terminated for non-payment of premium. 	(a) "Medical incapacity" means a serious physical or mental infirmity to the health of an individual enrolled in VPharm (§ 10.01) that prevented the individual from paying the premium timely, as verified in a physician's certificate furnished to AHS. Notice by telephone or otherwise by the physician that such certificate will be forthcoming will have the effect of receipt, provided that the certificate is in fact received within seven days.	
	(b) If an individual's VPharm coverage is terminated solely because of nonpayment of the premium, and the reason is medical incapacity as defined in (a) of this subsection, the individual's representative may request coverage for the period between the day coverage ended and the last day of the month in which they requested coverage. AHS will provide this coverage if it has received verification of medical incapacity and all premiums due for the period of non-coverage. The individual is responsible for all bills incurred during the period of non-coverage until AHS receives the required verification and premium amounts due.	
	(c) If the health condition related to this medical incapacity is expected to continue or recur, AHS will encourage the individual to sign up for automatic withdrawal of their premium or designate an authorized representative to receive and pay future premiums for as long as the anticipated duration of the condition.

(c) Qualified hospital's responsibilities 100	On the basis of preliminary information Upon receipt of a signed and dated application for health benefits, a qualified hospital must determine whether the individual is presumptively eligible under this rule.  (2) For the purpose of the presumptive eligibility determination, a qualified hospital must accept self-declaration of the presumptive-eligibility criteria.
	(3) If the individual is presumptively eligible, a qualified hospital must:
	(i) Approve presumptive coverage for the individual;
	(ii) Notify the individual within twenty-four hours of the eligibility determination, in writing or orally, if appropriate:
	(A) That the individual is eligible for presumptive coverage;
	(B) The presumptive eligibility determination date;
	(C) That the individual is required to make application for ongoing Medicaid by not later than the last day of the following month; and
	(D) That failure to cooperate with the standard eligibility determination process will result in denial of ongoing Medicaid and termination of presumptive coverage on the date described in § 66.04;
	<ul> <li>(iii) Notify AHS of the presumptive eligibility determination within five working days after the date on which determination is made;</li> </ul>
	(iv) Provide the individual with a Medicaid application form;
	(v) Advise the individual that:
	(A) If a Medicaid application on behalf of the individual is not filed by the last day of the following month, the individual's presumptive eligibility will end on that last day; and
	(B) If a Medicaid application on behalf of the individual is filed by the last day of the following month, the individual's
